

EL VIGOR RID HIM
OF RHEUMATISM.
Spent Six Months in Hot Springs
and Seventeen Weeks in Hospital
Without Getting Results.

"I spent seventeen weeks in hospital and six months in Hot Springs, trying to get rid of Rheumatism, but instead of getting well I finally got so bad I could not dress myself. I can truthfully say that El Vigor is the only medicine that helped me, and I am not able to kick as high as most men of age," said J. C. Wood, 2430-2 Fourth Avenue, Birmingham, Ala.

"My troubles started from being accidentally shot through the kidney. This I am told produced uric acid poisoning and brought on one of the stubborn cases of rheumatism that I have ever heard of." "I was finally persuaded to try El Vigor for my rheumatism and it has done so much good that I want everyone to know about it, I finally believe that I will be a well man again." El Vigor is sold in Dillon by the McLaurin Drug Co.—18 It. Adv.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Some men buy motor trucks like some women select shoes—too small for their needs.

Experience in the use of trucks reveal the fact that ninety-nine out of every hundred buyers of trucks come back for a bigger truck within six months—with a second hand truck to trade in.

It should be borne in mind that a tremendous increase in hauling follows the purchase of a truck. Old business expands and new business develops with astonishing rapidity.

Motor trucks should be bought with this expansion and this development of hauling in mind, otherwise it is just as costly as buying a tight fitting suit of clothes for a fat growing boy.

When you invest your money in a truck be sure to get a size which will take care of your future needs.

The manufacturers of the Indians Farm Truck guarantee a truck that fits all farming requirements in capacity, equipment and construction.

It will surprise you to learn of the many uses this Indiana Farm Truck with its power unit attachments, will do around a farm. It will perform the work of a half dozen farm hands cheaper and quicker, or any work that a gasoline engine, or any piece of belt-driven machinery can do.

Before choosing a truck of any kind it would be advisable to communicate with the Carolina Motor Company, of Statesville, N. C., regarding the superior advantages offered by the Indiana Farm Truck—adv. It.

Life
Was a
Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. Nothing seemed to help me until, one day, I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain."

"It has now been two years since I took Cardui, and I am still in good health. I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

THE MOST

DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.
