Your attention is called to the  
Victory Liberty Loan advertisement  
in today's paper. Our  
banks are public-spirited and  
progressive, and whenever a call comes  
for service they always respond  
cheerfully and help along in the  
work. Such has been their record  
in all of the previous loans as well  
as all other government appeals  
that have been made. We couldn't  
get very far without our banks.

The approaching Liberty Loan  
will probably be a more severe  
test of the patriotism of Americans  
than any loan which has preceded.  
The war is over and the fear of  
possible defeat has vanished. Indi-  
vidual responsibility, however, is  
as strong as ever. The debts of the  
nation are ours, and the payment  
of them with money which will be  
returned to us with interest should  
be willingly undertaken.

## PULL TOGETHER.

Are we as a community pulling  
together? Or are we pulling in  
opposite directions? Organization  
is the great community need  
of the day. Without organization  
men and women are apt to sink  
below the level of mules. Even  
mules, in times of danger or panic,  
have been known to co-operate.  
They sometimes kick together. If  
it were given to mules to think,  
they would wonder at the ways of  
men. That men and women, living  
and working in the same com-  
munity, should refuse to be friend-  
ly and to co-operate, is one of the  
riddles of civilization. The only  
benefits worth having are the benefits  
we can share with our neigh-  
bors. Individual benefits count  
fort that brings everlasting good.  
Good roads, factories, better  
schools, good markets, public-  
spirit etc., can only be secured  
when ALL pull together. Every  
man, woman and child in this com-  
munity should give part of his or  
her time to community work. But  
don't wait for someone else to  
start it. Begin with YOURSELF.

## WINNING THE GAME.

This country is a vast checker  
board, in which the old town spirit  
and the new are striving for the  
mastery. Old ideas die hard. The  
old town spirit is "each man for  
himself and the devil take the  
hindmost". This means the mastery  
of the few and the subjection  
of the many. But the new spirit  
means the co-operation of all. It  
brings life and happiness to the  
many. Is the new winning over  
the old in our community? And  
how do we as individuals stand in  
this game of community living?  
Are you playing the game for your  
town? Or are you playing it for  
yourself alone? Remember you  
can't stand still. On your move  
the result depends. Then let the  
spirit of progress win.

## SUMMARY GIVEN OF PRESENT OUTLOOK

PRESIDENT MAY BE ABLE TO  
SAIL WITH SIGNED TREATY  
IN HIS POCKET.

## SMALL OPPOSITION TO TERMS

Brigadier General Richardson is at  
Archangel in command of Ameri-  
can forces in that region.

With David Lloyd George, British  
prime minister, again in his seat after  
his visit to London, where he defended  
his action at the peace conference  
before the house of commons, the  
council of four renewed its hearing of  
the claims of the Italians to the im-  
portant Adriatic seaport of Fiume and  
also had under discussion the question of  
the Polish claims to Dianzic on the  
Baltic. The council met at the "white  
house," the residence in Paris of  
President Wilson.

The opinion prevails in Paris that  
with the Italian demands now the re-  
maining obstacle to a full agree-  
ment is such that President  
Wilson will be able to sail homeward  
in mid-May with a signed copy of the  
peace treaty for submission to  
Congress, which in some quarters in Paris  
it is believed will be called in extra  
session not later than June 1.

Little opposition to the peace terms  
is expected from the Germans, accord-  
ing to the latest reports in circulation  
in Paris as they are declared to be  
anxious for a return to peace conditions  
at the earliest moment possible.  
It is asserted that there is to be no  
German text of the treaty—the docu-  
ment to be issued only in the French  
and English languages.

Although a general strike has been  
proclaimed in Bremen and the asser-  
tion has been made that it has been  
impossible to unload foodstuffs, taken  
there on an American steamship, a  
German wireless communication as-  
serts that the unloading of the vessel  
is assured. Employees of department  
stores and specialty shops in Berlin  
have joined the bank employees' strike.  
In Bavaria the situation still remains  
acute, but few details are available. In  
Vienna there also has been disturb-  
ances. The bolsheviki attempted to  
storm the parliament building but  
were defeated.

Brigadier General Richardson has  
arrived on an ice-breaker at Archangel  
to take command of the American  
forces fighting in that region.

## LOCATE LIQUOR STILL.

Officers Also Arrest Man in Edgefield  
County. Still Operated Recently.

McCormick, April 16.—Working as  
special constables for the State, S.  
W. Lowe and J. W. Koon located, cap-  
tured and brought to McCormick Mon-  
day night two copper stills and J. E.  
Burgin, on whose place they were  
found. Although not in operation at  
the time, there was evidence that the  
stills had been operated recently. No  
mash or other evidence being obtained  
under which Burgin could be arrested  
for a violation of State law, a warrant  
was sworn out against him before Joseph  
Murray, United States commis-  
sioner and the defendant came in and  
was released upon giving bond in the  
sum of \$500 for his appearance at the  
next term of the federal court at An-  
derson.

The stills had been operated and  
were found in Edgefield County just  
across the line from McCormick County.  
One of them was found in the  
smoke house of Burgin and the  
other in the edge of some woods. One  
of them was 25 gallon capacity and  
the other about 15 gallon capacity.  
Numerous complaints have been reg-  
istered from the women of Park-  
ville and that section of McCormick  
county nearest this point in Edgefield  
county and upon such complaint the  
governor had sent these men here to  
locate the stills and stop the manu-  
facture of whiskey.

## WRIGHT'S MINERAL WATER INDORSED BY CLINTON PHYSICIANS

This spring has been discovered on  
Mr. R. Z. Wright's place just two  
miles below Clinton opposite Dover  
Junction, close to the public road.

This water has been analyzed at  
Clemson College and has been found  
to be heavily charged with Iron and  
other properties, and free from all im-  
purities. For those that are run down  
and suffer with different kinds of  
stomach troubles such as Indigestion,  
Kidney trouble, Sores and different  
kinds of blood diseases, there is no  
greater tonic known than Iron. It is  
endorsed by all the leading physicians.  
There are people now who are using  
this water and can testify to the good  
that it is doing them.

The public is invited to visit this  
spring and if you are suffering from  
any of these kinds of diseases there is  
no doubt but that this water will be of  
benefit to you.

The way the healing properties of  
this water was discovered was by a  
man who had sores on his legs, and by  
bathing them in the water they began  
to heal at once.

I am now ready to put this water  
on the market and any one suffering  
from Ulric Acid, Indigestion, Kidney  
Trouble, Bad Blood and a general run  
down condition of the system will find  
great benefit in this water.

The price of the water is 10c a gallon  
at the spring.

Or 6 gallons for a dollar, delivered  
2 gallons at a time fresh. Try 6 gallons  
and you can begin to see the good  
it is doing you.

When wanting this water delivered,  
Phone J. L. Wright at either No 38  
or 82.

This water is endorsed by the follow-  
ing physicians: Drs. T. L. W.  
Bailey, W. H. Young, F. K. Shealy,  
J. W. Davis.—adv.
