HONOR MAN AT P. C.

WALKER RIVERS, of Aiken, was valedictorian of the graduating class at Presbyterian college at the final exercises Sunday afternoon.
In addition to having the highest scholastic average in his class, Rivers was the highest ranking cadet in the college unit of the Reserve Officers' Training corps and was chosen by the faculty as winner of the Founder's award.

PLANE FACTORY WALKOUT AROUSES IRE OF NATION

"Acts Less Treasonable Punishable With Death," Say Wounded Soldiers From Africa.

Washington, D. C., March 9.—"We who have lain in shell holes watching the skies for bomber and fighter plane help which failed to appear feel pretty bitter about the whole thing. In the army, acts less treasonable than this are punishable with death before a firing squad."
That statement, issued by a group of American soldiers wounded in Africa and now in the Walter Reed hospital here, following a walkout of workers in a Boeing Flying Fortress plant, has aroused the whole nation, as well as congress, to demand immediate action to make strikes or slowdowns subject to severe punishment for the duration of the war.

RATIONING BOARD BULLETIN (OPA)

(Compiled for information of The Chronicle's readers.)
SHOES—No. 17 stamp in No. 1 book is good for one pair until June 15. Families may pool coupons.
TIRES—Present deadline for tire inspection for "A" book holders is March 31. Owners of passenger cars and commercial vehicles using tires smaller than 7.50 by 20 may get their casings recapped with reclaimed rubber cambeback without applying to their local war price and rationing boards for certificates.
CANNED FOODS—Rationing of commercially canned, bottled and frozen fruits and vegetables, including juices, all soups, dried fruits, dried beans, dried peas, lentils and dehydrated soup mixtures under the point system began March 1. Persons wishing dried beans, dried peas and lentils for planting purposes may obtain certificates from their local rationing boards enabling them to make such purchases without surrendering stamps from war ration book two.

U. S. RULING PERMITS 10 PER CENT RAISE IN COTTON ACREAGE

Washington, March 6.—Secretary of agriculture Wickard announced today farmers will be permitted to increase their 1943 cotton planting allotments by 10 per cent.
This action was taken, the secretary said, in an effort to increase the production of vegetable oils for food and protein feed for livestock. These products are made from cotton seed.
"I think we should recognize," Wickard said, "that there are some areas in the cotton belt that are better adapted to the production of cotton than to other crops. The 10 per cent increase should enable some of these areas to make a more complete contribution to our production program. Cottonseed meal is an excellent source of protein feed for livestock and cotton seed oil is one of the best edible oils."
