CLINTON BOYS WRITE

THE CHRONICLE is in receipt of the following appreciated letter from four Clinton-Goldville boys now with the armed forces in North Africa.

Editor, The Chronicle:

We are readers of your paper and enjoy it very much—it is just like receiving a letter from home when we get The Chronicle. We think of you people often but it doesn't look as though you are thinking of us for we get little mail. It could be the mail service.

We are now stationed in North Africa and liking it just fine. The section we are in has a good climate, almost like Florida. We are all getting a good sun tan.

The food is good and we get plenty of citrus fruits. It sure will be nice when we can sit down at our tables back home and eat a home-cooked meal. We enjoyed all the nice boxes we received for Christmas.

The people in North Africa are very nice to us and try to make us feel at home. It is difficult to carry on a conversation with the French people, but we are getting by. We will be speaking the language when we get home. The girls in North Africa are nice but they are nothing to compare with the girls back home.

All the Clinton and Goldville National Guard boys are doing fine. We have seen several of the boys from Clinton in other outfits—Joe McDaniel, Jimmy Freeman, Forest Adair, Howard Watkins, Herman Nabors, and know of others but just haven't seen them.

We must sign off, so keep 'em flying and we will keep 'em falling.

Sincerely yours,

SGT. WILLIE LAWSON,
SGT. RALPH C. PRATER,
CPL. G. HENRY TRAMMELL,
CPL. B. W. HOLTZCLAW,

Btry B, 107th Sep. Bn. CA (AA),
AP. No. 302,
c/o Postmaster, New York, N.Y.

LAUNDRY

Please let us have your Family Finish Wash by Wednesday night to be returned during the same week.

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

SAY, "I SAW IT IN THE CHRONICLE." THANK YOU.

PROMOTED

LINDSEY H. DUNAWAY, son of Mr. and Mrs. C. F. Dunaway, of this city, has recently been promoted to the rank of 2nd class petty officer, aviation machinist mate. He is stationed at the naval air base, Jacksonville, Fla.

That Extra Something!

...You can spot it every time

ALL America values the extra service that the Women's Army Auxiliary Corps brings to the war effort. And Americans, too, set store by the simple things that help build morale.

Ice-cold Coca-Cola, for example, does a special job in refreshing folks. Its taste is deliciously different. And Coca-Cola does more than quench thirst. It brings a delightful after-sense of refreshment. Choicest ingredients and 57 years of experience have helped make it the best-tasted soft drink on earth.

An original creation to begin with, the taste, refreshment and quality of Coca-Cola set it apart. There's no comparison.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Both mean the same thing... "coming from a single source, and well known to the community".

Army needs come first. That's why you see plenty of Coke at Post Exchanges. In civil life, Coca-Cola being first choice sells out first, now that there's less of it in wartime.

The best is always the better buy!

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY GREENWOOD COCA-COLA BOTTLING COMPANY

When 30 Seconds...
=7,000,000 Minutes

If everyone who uses the telephone talked just 30 seconds less on each local call, the aggregate saving in time for our war-busy equipment would be about 7,000,000 minutes each average working day or over 13 years.

That's important time-saving these days when telephone lines are so crowded with calls, including military and government calls that help fight the war.

Won't you try to shorten your local calls—not just 30 seconds—but all that's possible? It will help a lot, too, if you can manage to make fewer local calls.

Can Advertising be 'Lopped' Off Now That We're At War?

RAYMOND MOLEY, an authority on national and international business, in an issue of Printers' Ink, describes "an experiment in which seventeen major businesses ceased or materially reduced their advertising for the duration."

These Were The Results:

- Six sold out or were absorbed by competitors.
- One lost 81 per cent of its sales volume.
- One ended with only two customers.
- One failed and went out of business.
- Three completely lost their leadership in their fields.
- One went into receivership.
- Two found their competitors had grown at their expense.
- One was deflated 97 per cent in terms of personnel.

So long as the habit of economic freedom in America lasts, concludes Mr. Moley, cessation of advertising will do serious, often fatal, injury to individual business.

Protect your future business and advertising investment by continuing to advertise in The Newspaper that gives full coverage in the Clinton trade area where your prospective customers reside.
