WILL OF LATE W. J. BAILEY UPHeld IN COURT ORDER BY PROBATE JUDGE

Granddaughter Petitioners Fail In Action To Break Will. Wasson In Decision Says Insufficient Testimony Brought To His Court. Attorneys for Petitioners To Appeal To Higher Court.

In an order handed down in Laurens yesterday Probate Judge J. Hewlette Wasson upheld what was alleged to be the last will and testament of the late William J. Bailey, Clinton banker and industrialist, who died April 11, 1948, leaving an estate appraised at \$2,327,619.76, plus his homestead valued at \$35,000.

Petitioners in an action to break the will were his two granddaughters, Mrs. Frances Bailey Brooke, of Lexington, Va., and Mrs. Florence Bailey Adams, of Atlanta, who were bequeathed \$25,000 each in the will.

Mrs. Brooke and Mrs. Adams are the daughters of William Cyrus Bailey, the only son of the testator, who died when they were children, and Mrs. Marion Fleming Bailey, of Augusta, Ga., who was bequeathed the sum of \$15,000.

The bulk of the estate was left in fee simple to Mr. Bailey's three sisters, Miss Toccoa M. Bailey, Mrs. Emma B. Cornelson and Mrs. Mary B. Vance, and to two nephews, Silas P. Bailey and Robert M. Vance, all of this city.

Action to break the will was begun July 1, 1948, when O. L. Long, Laurens attorney, filed for himself and associate counsel, D. M. McConnell and C. B. Taliaferro, of Charlotte, N. C., a petition in behalf of the two granddaughters, requiring the executors of the estate to prove "in solemn form" the "said paper writing purporting to be the last will and testament" of the deceased banker and industrialist. Two of the executors were the nephew legatees, Silas Bailey and Robert Vance. The third was W. P. Jacobs, who died subsequent to Mr. Bailey.

Testimony was taken October 12 and 13, 1948, before Judge Wasson in Laurens and arguments were heard before him Jan. 7 of this year. In the testimony and arguments, attorneys for the petitioners based their case principally on the testimony of W. M. Bobo, one of the three witnesses to the will, who testified that "to his best recollection," Mr.

ROAD PROGRAM PLANNED FOR COUNTY

Senator Wilson Sponsors Bill of \$660,000 Bond Issue for Surface-Treating Highways.

Columbia, Feb. 22.—Senator Ralph T. Wilson today launched a \$660,000 program to surface-treat an estimated 150 to 200 miles of roads and to condition for all-year round use many other miles of roads in Laurens county.

A bill he introduced in the senate this morning called for the issuance of \$660,000 worth of bonds to pay the cost of the road building, including equipment and materials and the salary of an engineer.

The roads to be surface-treated or otherwise conditioned are to be designated by County Supervisor Lander B. Stoddard and at least one member of the Laurens County Board of Commissioners either before or after the issuance of the bonds, Senator Wilson said.

He expects that about \$60,000 will be needed to buy road building equipment, but the bulk of the money will actually be spent on the roads.

The bill allows for the repairs and building of bridges, but Senator Wilson said he believed there is little of this to be done.

The bonds will be sold by the Laurens County commissioners at public or private sale and will bear interest at the rate of not more than three per cent annually, payable semi-annually. The county auditor is directed by the bill to make a sufficient annual levy upon the principal and interest of the bonds to pay them off as due.

Senator Wilson said some road work will be carried out on contract to the state highway department, to be paid for in the annual state-federal allocation.

During the next two years, Laurens county is expected to get \$218,600 from state-federal funds and in addition will share in the state farm-to-market roads program figuring about half that sum.

"The people out over our county have a right to good roads for carrying out their business. They are entitled to be able to get where they want to go without any difficulty. It is my aim to make all the roads usable the year round," the senator said.

Other members of the Laurens delegation, Representatives C. L. Millam, Robert C. Wasson and Charles Culbertson are generally in accord with him on the road building program, he said.

Last year voters defeated a \$600,000 program that would place the roads under control of a county board of seven road commissioners.
