**1948 SC Cotton Crop Larger Than In 1947**

Washington, May 7.—The United States department of agriculture has released a final report on cotton and cottonseed production in 1948. Figures included in the report showed that South Carolina had 1,123,000 acre of land under cultivation for cotton production in July of last year compared with 1,055,000 acres at the

same time in 1947. This increased acreage resulted in an increase in the acreage harvested, which was 1,120,000 acres last year compared to 1,050,000 the year before—1947. The lint yield per harvested acre jumped from 297 pounds in 1947 to 372 pounds last year. South Carolina's production by bales also jumped as a result—from 651,000 in 1947 to 871,000 last year. Ginnings for South Carolina are listed at 868,860 bales for 1948.

South Carolina's lint yield per acre of 372 pounds in 1948 compared to North Carolina's 447 pounds and Georgia's 279.

The average price per pound received by South Carolina farmers for cotton last year was 30.8 cents compared to 32.58 in 1947. Value of cotton production in South Carolina was set at \$134,070,000 for 1948 compared to the 1947 valuation of \$105,972,000.

The value of South Carolina's cotton and cottonseed production combined was set at \$156,364,000 for 1948 compared to the 1947 valuation of \$126,313,000.

Say "I Saw It In The Chronicle" — Thank You!

*These prices feature  
"Extras" that aren't!*

If you're price-conscious these days as you shop for new cars, you've probably made a big discovery.

It's important to find out what the price includes—particularly in the normal "spread" between list and delivered prices.

Take these Buick prices given here. All of them, as the panel tells you, cover such universally wanted accessories as radio and antenna, heater and defroster, windshield washers and built-in back-up lights.

These are individually itemized on your bill of sale. Not itemized, but still included in your Buick when you get it, are many things that classify as extra-cost items on many other cars.

For instance, Foamtex seat cushions are an extra value on Buick SUPERS and ROADMASTERS that cost you nothing extra. You

get direction signals, rear wheel shields, a flexible steering wheel, an air cleaner, an oil filter, a clock—all included in the basic list price. On all ROADMASTERS, these prices even cover Dynaflo Drive as standard equipment, not an extra-cost item.

Included also, of course, are such Buick extra values as Fireball power, which you get nowhere else—all-coil springing, almost an exclusive—the widest rims in the industry—and that very special and desirable solid Buick feel.

So—check the "extras" when you price today's cars. Check the "deal" too, and make sure it's as fair and aboveboard as the Buick sales policy.

We're pretty sure what your conclusion will be when you see what stepped-up production is doing to deliveries. You'll decide "Buick's the buy!"—and get your order in.
