Soap became a part of his daily life long before he understood its use. He's still more concerned with its bubbles than its cleansing properties—but he knows soap is mighty important.

And no one ever thought of postponing his bath until he was old enough to make decisions for himself!

Wise parents never postpone a child's religious training. Long before he is able to reason, he needs the character-building and guidance of the Church. Christianity should become important to him in his daily experience before its truths can be fully grasped by his mind.

We are fortunate that our churches are equipped to instill a vital Christian faith in the youngest child. Fortunate is the boy or girl whose parents begin his religious training in their church's Nursery or Beginners' Department.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
