HICKORY CURED . . . ?

Folks used to think rheumatism could be cured by carrying a hickory nut. Today, we laugh at these old wives' remedies. We have so many reliable, quick-acting medications now. Medical discoveries in recent years have eliminated or greatly eased untold pain and suffering. But, remember—most medicines should be used only upon the advice of your physician. When you or a member of your family become ill, see your doctor first. Then come to us for the medicine he prescribes.

ECONOMY PROVED IN MOBILGAS RUN!

CORVAIR BY CHEVROLET DRIVE IT! GET OUR DEAL!!!!

A pair of Corvairs recently recorded 27.03 and 26.21 miles per gallon in the 2,061.4-mile Mobilgas Economy Run. That's certified proof that Corvair skimps on gas costs. It saves other ways, too. Corvair is the only U. S. compact car that never needs antifreeze or costly radiator repairs. Come in and drive the compact car that outdoes them all.

Things Corvair gives you that America's other compact cars can't:

Practically flat floor . . . real foot room for the man in the middle. Fold-down rear seat gives 17.6 cu. ft. of extra storage space. Four-wheel independent suspension for a smoother, flatter ride. Rear-engine traction . . . that comes with the engine's weight bearing down on the rear wheels.

You probably realize already that the mileage figures Corvairs recorded in the Mobil-

gas Run are higher than the average driver can expect. But because the cars met every kind of driving condition—rugged mountain grades, long country straightaways, congested city traffic—those mileage figures prove Corvair's inherent ability to save. Operating costs take a nose dive the day you take delivery of a Corvair.
