**HIS FEET ON THE GROUND**

This man can see for many, many miles, but he's not up in the clouds; his feet are on the ground! Contrary to what some people think, that's what the Church does for a man, too. Certainly it gives him a broader vision; it lifts up his eyes to see God and the eternal values of love, truth, justice and service which God inspires. It gives him a divine perspective from which to view his job, his family, his country — his life!

But the Church always keeps that man's feet on the ground! It keeps him from what he is — regardless of the clothes he wears or the job he holds. It looks evil in the face and sees it for what it is — a devilish cancer which only God can cure. It keeps a man squarely in this world while it lifts up his eyes to see another beyond the horizon.

And this is what the Church can do for you! It can give you greater vision. But it's not up in the clouds. It keeps your feet on the ground!

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
