**COOPER'S GARAGE**  
 WILL BE CLOSED  
 WEEK OF JULY 18th  
 To Give Our Employees  
 A Vacation  
 REOPEN MONDAY, JULY 25th  
 C. W. COOPER

Dr. R. W. Carter, director in charge of livestock disease eradication throughout the state, reports hog cholera outbreaks in almost every county in the state. Farmers are urged to treat their hogs immediately by using the new modified vaccines plus an adequate amount of anti-hog cholera serum.  
 Miss Dorothy Moore, now Mrs. Horace Waddell, Jr., has resigned as Secretary in the County Agents' office and is moving to Abbeville, where Mr. Waddell will be connected with the Abbeville schools. We want to wish the newly married couple much happiness. Our new secretary is Mrs. Betty Hellams. Mrs. Hellams was formerly employed at the County Treasurer's office. We want to welcome Mrs. Hellams as a part of our force.  
 Carol Wallace, R-2, Gray Court, our pepper growing champion, has one of the finest fields of cotton I've seen this year. It's better than knee high and almost a perfect stand.  
 Low quality hardwood can be controlled by using 1 gallon of 2-4-5T to 20 gallons of kerosene. Almost all species can be controlled by treatment any time during the year. The tree injector can be used on all oaks with good results. Sweetgums are a little slow in dying where winter treatment is given. These facts were brought out with two demonstrations where treatment was given last winter. The summer treatment was given also to make comparison. Demonstrations are on the farms of Capers Knight at Princeton and Kenneth Andrews at Greenwood.  
 Farmers should have their soil tested now for all fall seeding. There is very little trouble involved and if anyone needs assistance, please call the County Agent's Office.  
 The Laurens Junior Dairy Team took part in the Piedmont District Dairy Judging Contest Friday, July 1, at Spartanburg. Members of the team and their scores were: Jeff Raines, 240 points; Riley Fillingam, 216 points. These two members are from the Thornwell 4-H Club. Frank Brown, son of Mr. and Mrs. D. E. Brown of the Bailey Community had 196 points. Rutledge Jacks, son of Mr. and Mrs. James Jacks of the Bailey Community had 194 points. In this contest, Newberry County placed first, Laurens county placed second, and Chester County placed third.  
 The South Carolina Council of Farmer Cooperatives will hold a regional meeting in the Fellowship Room of The Laurens Federal Savings Building, July 29th at 7:00 P. M. All Cooperative officials and interested persons are invited. Henry Paris of the Laurens Electric Cooperative will preside at the meeting. Ralph Waldrep, Secretary of the Federal Land Bank Office will appear on a panel discussion.  
 Pringle Copeland of Hopewell was the first to officially weigh his beef calves in the performance testing program. Bob Means of Princeton weighed the calves of his registered Argus herd Friday of this week. Gentlemen, the only sound basis to use in selecting replacement heifers and to cull cows is by weights. Rate of gain is the big economic factor. You can't go by looks alone. The performance testing program is open to anyone in the county whether he is a grade or purebred producer.  
 A new Bulletin just off the press, No. 479 "Blackstrap Molasses for Dairy Heifers" is now available to anyone who wishes a copy. Dairy men will receive a copy of this bulletin in the near future.  
 Laurens County 4-H members will camp at Bob Cooper near Summerton this summer. Plans are to camp the week of August 8th. There is still room for other members who would like to go. The entire week will be full of organized recreation and education. 4-H members who would like to go but have not returned their cards should do so right away.  
 Jersey Field Day is July 15th in Newberry County. All dairymen are invited to a day of education in dairying. The group will visit some of the outstanding Jersey Herds in the state and review the feeding programs in many of the herds.

**Give The United Way**

The Women's Division of Fairview Alcoholic Rehabilitation Center, Ridgeway, S. C. was opened on Sunday, May 22, with three patients. This building was built with Fairview labor and materials provided by The Friends of Fairview. This building is semi-fireproof, concrete construction, with room for matron and ten patients. It contains 4,400 square feet and has six bedrooms, five baths, living-dinning area, kitchen, laundry, storage space, also a water and sewage disposal system.  
 This building was equipped by donations from The Friends of Fairview and from women's groups from the Baptist, Methodist, and Presbyterian churches in South Carolina.  
 The hospital division is now under construction, and plans call for it to be completed this year.  
 At present the admittance rate is running from 30 to 40 per month. The average cost per patient about \$150. Patients able to pay their way, do so. Those who cannot pay the full cost pay what

they can during their stay and are under moral obligation to pay the rest when they return home and begin work.  
 The majority of patients are admitted free because they have no funds. They can accept free patients only as donations make this possible.  
 The budget for Fairview for 1960 is \$60,735.00. Expected income from United Funds in South Carolina—\$14,000. Patients and their families \$10,000. Former patients, individuals, church groups, firms, etc. \$20,000. The S. C. Methodist Conference \$2,000. You can see their urgent need for additional funds to keep their construction program and operation program going. Their immediate need is for \$10,000 for capital improvements.  
 Fairview is included in the Carolina's United Community Services, a participating agency of the Community Chest of Greater Clinton.

**HEARING AID CONSULTATION FREE! FRIDAY JULY 15th**

Mary Musgrove Hotel — 11 A. M. to 5 P. M.  
 Take advantage of this opportunity for a FREE scientific test of your hearing by an outstanding authority. Discover how remarkably your hearing loss may be corrected by the newest Beltone Hearing Glasses or Hearing Aids. You are under absolutely no obligation.

**Telephone Talk**  
 T. M. YOUNGBLOOD  
 Your Telephone Manager

HAVE YOU EVER saved and planned for a trip, driven to that special vacation spot, and then—found no hotel or motel room available? Sleeping in the car isn't much fun, is it? After your family has spent an uncomfortable night in a cramped automobile, you realize how important it is to phone ahead for reservations. The cost of a Long Distance call is small and the reassurance of having a place to stay is very comforting.

OF COURSE Long Distance is very helpful on many occasions this time of year. It's good to phone before visiting people out of town—for one reason, they might be on the way to visit you. If you can't get together with the folks, it's very satisfying to have a nice phone chat. On the road, it's a lot of fun to call friends at home and report some of your vacation happenings. Just look for the nearest booth, walk-up or drive-up telephone—they're easy to spot.

WE THOUGHT we'd heard all possible stories about telephones helping locate lost children and property—then we ran across this true item. In Kansas, a man found a lost parakeet that was chirping, "Call Mary, Jackson 3-4312!" Just curious, the man called the number. "Mary," who lived in the next town, answered the phone... happy to hear about her bird that had flown 12 miles from home.
