SUMMER SAFETY talk usually centers around highway, water and campsite accidents—well, don't forget yard safety, too. Remember that power mowers can cause rocks and other objects to fly up and injure you or someone nearby. Be sure you handle all yard implements carefully. And, above all, keep dangerous tools out of the reach of small children. Happy gardening!

BUSY HOMEMAKERS

get some hot weather relief when they serve light meals. Why not lighten your busy schedule even more this summer, and all year long, by installing a handy extension phone in the kitchen? With a kitchen phone you can take and make calls and watch the stove at the same time. And think of the steps you'd save! It's really easy living within easy reach. The cost is low for a convenient kitchen extension—so, why don't you give our business office a call and order one for your home.
