One of our old teachers used to say, "I can lead you to knowledge, but only God can give you wisdom."

And how right he was. A string of diplomas and degrees does not make a man wise. Many of the wisest never had a formal education.

For knowledge is the accumulation of facts. But wisdom is the ability to apply a few facts — perhaps only one — to a life-situation.

We know a distinguished scholar who has written volumes on ecclesiastical architecture. And we know an elderly widow who told her grandchildren, "Churches ain't made to look at!"

And the scholar — earnest Christian that he is — humbly bows to the wisdom of the widow!

For whether it be a cathedral or chapel, the Church cannot enrich our lives until reverently we enter its portals to worship and serve God. The fear of the Lord is the beginning of wisdom.

THE CHURCH FOR ALL... ALL FOR THE CHURCH... The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
