Dodge's New Entry In Compact Field

The 1961 Lancer is Dodge's new, short-wheelbase compact. The Lancer is very maneuverable and remarkably convenient to park. Its makers say they point out that the simple, clean lines of the body create a style that is lasting. The new models may be seen at Cooper Motor Co., on East Carolina Ave.

Scholarships Given Prospective Students By Naval ROTC

Vice Admiral W. R. Smedberg III, Chief of Naval Personnel, announced today that the 15th annual national competitive examination for the Regular Naval Reserve Officers Training Corps will be given to eligible high school seniors and graduates on December 10. Application forms are now available and must be mailed by November 18. Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college of his choice which has an NROTC Unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer for four years. During the summers the student goes on interesting training cruises as a midshipman. After completing the usual four-year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a prospective career officer with the Navy's far-flung fleets.

School days are so much more fun... so much more rewarding... when young students have the right supplies. Now's the time to select from our full lines at thrifty prices.
