## Sen. Irwin Speaks as PC Auditorium Is Dedicated

Almost 1,000 persons attended Presbyterian College's special exercises dedicating its new \$500,000 Belk Auditorium and adjoining Wyatt Chapel last Monday morning.

The crowd, composed of PC students, alumni and friends, heard United States Senator Sam J. Erwin, Jr., of North Carolina deliver the main address on the theme, "Liam Henry Belk, the Builder."

He praised the contributions to the fields of business, religion and education made by the founder of the Belk mercantile organization, in whose memory the PC auditorium was dedicated.

After covering biographical highlights of the Belk career, Senator Erwin gave this broad assessment of the man:

"Henry Belk was a free enterpriser in the finest sense of the term. Life and religion taught him that a man of integrity is God's noblest creation. As a consequence, he believed supremely in the dignity and worth of the individual. He believed that the interests of society as well as those of individuals are best served by the individual initiative and the individual industry, which are the chief characteristics of the free enterprise system. He believed, moreover, that every individual is accountable to society and to God for the use of his talents and possessions."

The senator, who was a close personal friend, pointed out that Belk tried to combine in his family of stores the efficiency and economy of the big merchandiser while also preserving the close local ties and individual enterprise of the smaller retail store.

Dr. Marshall W. Brown, president of Presbyterian College, followed Senator Erwin with words of appreciation to the Belk family and their business associates and with a special tribute to Mrs. May Henderson Wyatt of Chickamauga, Ga. Her four children, two of them PC alumni, Knox Wyatt and Henderson Wyatt, gave the chapel in her honor.

Robert M. Vance, Clinton banker, **Thornwell In Last Home Game of Year Friday Night at 8**

Thornwell will end its home football season tomorrow (Friday) night against the strong Ridge Spring-Monetta High School team at 8:00 p. m. This will be the last home game for two seniors, captain Gordon Timmons, who coach Dick Templeton says is the best all-around football player he has ever coached, and alternate captain Johnny Cookson, regular quarterback. Cookson will perhaps miss his final home game because of a leg injury. Timmons scored 20 points Friday night against Ninety-Six.

Ridge Spring-Monetta is a class "B" school and ranks high in their conference. Thornwell has won their class "C" Conference I title for the third straight year. Thornwell meets Irmo at Irmo on November 11 and then plays Bethune high at Bethune on Nov. 18 for the upper state class "C" championship.

Thornwell's record this year stands at six wins and three losses. Thornwell will lose only two players in 1961 as there are only two juniors on the squad. Only six players on this year's squad of twenty-eight were members of the squad in 1959. The 1959 team won 9, tied one and lost two.

## Church Bells Of Community To Ring On Election Day

The Clinton Lions Club, working with the Clinton Ministerial Association has completed plans to have every church in the city and outlying areas ring their church bell and play their chimes at intervals during the day Tuesday, November 8, election day.

This project is being sponsored by the Lions Club in the hope that it will accomplish a dual purpose: 1. To remind the people of their God-given right to vote for the men of their choice, and to exercise their responsibility as American citizens. 2. ## Mrs. Boyette Loses Life As Fire Destroys Home

Mrs. Lois Hattie Boyette 51, apparently burned to death in a fire that destroyed her home off Highway 56 north of Clinton in the Bethany Church community, Saturday afternoon, Laurens County officers said.

Chief Deputy Wesley Fowler said the sheriff's office received a call about the fire at 1:15 p. m. and by the time officers arrived the house had burned to the ground.

Mrs. Boyette, apparently was alone in the four-room frame home at the time of the fire.

Her husband, Luther Boyette, an employee of Clinton Mill arrived home from work at 8:30 a. m. He told officers that when he left the house about 9:30 a. m. to go into town his wife was sitting in a front room where a heater was located.

Officers said the body was found in the middle of a bedroom floor. It was burned beyond recognition.

Among the first to discover the fire were Angus Stewart of Cross Anchor, who was driving by, and William Rice, who lives about a quarter of a mile from the Boyette home.

Stewart told officers he stopped to investigate and found the entire house aflame. Rice said he saw the smoke from his home and when he arrived the fire was so hot he could not enter the building.

Officers said they believed the fire started in the room that contained the heater.

Deputies called the Clinton Fire Department to send a truck to cool the remains so that the victim could be removed.

Coroner Marshall Pressley empaneled a jury to view the body and said an inquest will be scheduled.

Investigating, in addition to Chief Fowler and the coroner, were Deputies Wallace Abercrombie, Horace Mitchell and Homer Jones.

Spaces are provided for write-ins in general elections.
