WOMAN'S CLUB HOLDS MAY MEETING

The Lydia Woman's Club held their May meeting on Thursday evening at the Lydia Community Building with the President, Mrs. David Word presiding.

The devotional was given by Mrs. Fred Bodie.

The club will have a called meeting on Monday June 8 for everyone to pay the remainder of the New York trip fee.

Mrs. Ralph Riddle, program chairman, introduced Mrs. Fred Holcombe who spoke on the arranging of permanent flowers. She made a lovely arrangement on a pair of scales and showed a large number already made. She explained the type of containers for the various flowers.

Following this very interesting program, the hostesses, Mrs. Fred Bodie, Mrs. J. T. Lanford, Mrs. Glenn Gaskins and Miss Roberta Prince served delicious refreshments.

Guests for the meeting were

Mrs. Ben Mauldin, Mrs. Douglas Gambrell and Miss Sue Word.

## STATELY MANSIONS

Recognize this building? Whether you live in Yuma or Butte — or Concord or Dallas you know that this is the dome of the Capitol in Washington. And what is more, you would be able to identify the Eiffel Tower or the Taj Mahal without a second glance. All of us are attracted to and enticed by faraway places. And yet we tend to ignore and take for granted things and places of interest and beauty at our very "back door."

Our lives, too, have lofty domes and towers that we may be unaware of. We develop our physical bodies, our personalities, our talents, and we think we've done everything necessary for happy living. Yet it is a fact that unless the higher, spiritual life of man is developed also, lasting happiness is impossible. And when we live entirely on the materialistic level, we are only half alive.

Open your eyes and look to the Light. Discover your full potential by joining and supporting the church of your choice.

**Telephone Talk**

**D. H. MARTIN**  
Your Telephone Manager

Have you observed lately how diligently the lady of the house works to keep things neat and clean? If she let her house work go for a few days you would notice a big difference. She takes pride in her work and deservingly so.

Your city and state are interested in neatness and cleanliness too. As an interested citizen of your community, don't throw paper or other rubbish on your streets and highways. Use the facilities provided or carry a disposal bag with you on your next trip.

We take pride in the cleanliness of our homes and yards, so let's do the same in our cities and highways.

"EVERYTHING'S FINE HERE AT HOME AND THE KIDS ARE ALL FAST ASLEEP!" How wonderful it is to be reassured like that when you're spending an evening out, and call home to check with the baby sitter. Wherever you are, at the home of a friend or having a night out, there's always a phone close by. Go anywhere at all... it's easy to keep in touch with those you love, by phone.

Question: "Doctor, do you get many Long Distance phone calls from your patients?"  
Answer: "Very few. I'm a veterinarian."

DID YOU KNOW MASCULINE FINGERS are 10% longer and 20% wider than feminine fingers? Also, men's voices are two decibels louder than women's voices. So who cares? The telephone company. These facts, and many others are all considered in the design of new kinds of telephones and other communications equipment. Studying them makes it possible to bring you the best-designed, most convenient-to-use telephone equipment in the world.
