CARD OF THANKS I wish to express to everyone my deepest thanks to all my friends and to the hospital doctors and nurses for being so good to me during my hospital and home illness. Every act of kindness was appreciated so very much. Thanks again. May God bless you all.

Mrs. Nell Mills

How Can I?

By ANNE ASHLEY

Q. What is a god emergency method of mending a break in the plastic frames of my eyeglasses?

A. Try holding the break together with softened paraffin, then adding a drop of acetone to the break before the paraffin hardens.

Q. What is a foolproof way to make sure my candles will

light quickly without a hitch at a birthday, wedding, or reception?

A. Light each candle wick and snuff it out about 30 minutes before the candles are to be used. Then dip the wicks into lighter fluid. When the big moment comes, you'll be able to go right down the line with ever candle flaming perfectly as it is lighted.

Q. Sometimes when my husband's shirts come back from the laundry, the collars have rough edges that irritate his neck. Is there any way I can remedy this?

A. Try rubbing the top edge of these collars with paraffin wax. . . and this will eliminate the hurt.

Q. How can I hard-boil a cracked egg?

A. Wrap the cracked egg in aluminum foil, twist both ends of the foil firmly around the egg, and immediately after boiling drop the foil-wrapped egg into cold water. The egg will be hard-cooked, and the shell will peel off easily. Many other such cookery hints are dealt with in my new household book.

Q. Is there any "home" renewal method for suede jackets, shoes, and purses?

A. Try applying vinegar with an old toothbrush, and let dry. Then brush with a soft suede brush, and the suede will come up.

Q. How can I keep colors in cotton from running when laundering?

A. Stir a tablespoon of black pepper into the first suds, or three tablespoons of turpentine or mineral spirits.

Q. Any tips on skin-bleaching?

A. Buttermilk rubbed on the skin is an excellent skin bleach. Another is a tablespoon of grated horseradish stirred into a cupful of sour milk. This should stand 12 hours, and then be strained.

Presbyterian Slates 10-Game Grid Schedule

The Presbyterian College Blue Hose will play a ten game football schedule in 1967. Athletic Director Cally Gault announced today.

The Blue Hose will face the three non-conference opponents ten opponents that they etc.

played last season on their Presbyterian will open its way to posting a 6-4 record season on September 16 and a tie for the Carolinas against Frederick and ending Conference title.
