

**Mail Early For Christmas**

The Post Office Department breaks records for mail volume every Christmas but 1967 may break more records than any previous year, Postmaster W. D. Adair said recently.

In urging local citizens to mail early for Christmas, Adair said the four-state Atlanta Region, of which his office is a part, will handle 100 million more pieces of mail this Christmas than last year.

"Unless the people cooperate and get their Christmas mailing done early we are going to be hopelessly swamped just before Christmas," he said. "Things will get awfully chaotic."

Adair urged that these dates be observed for domestic surface mail:

- Gifts to distant states, December 4.
- Greeting cards to distant states, December 10.
- Gifts and greeting cards to nearby areas, December 18.
- Adair said gifts and greeting cards sent by domestic air mail should be in the Post Offices by Dec. 19.
- The postmaster said special attention again will be placed on the delivery of mail to servicemen in Vietnam and surrounding areas. But the following deadlines have been set:
- Gifts weighing more than five pounds sent by surface postage rates—Nov. 11.
- Gifts five pounds or less, plus letters and greeting cards sent at surface rates (these go by air on a space available basis), December 1.
- Air mail gifts and greetings, December 11.
