Clinton High School Library will sponsor a student paperback book fair, Oct. 27 through 31.

The book fair will be open during the school day in the library where students will be able to browse and purchase books.

The fair will not only encourage student reading and serve as an incentive toward building a home library, but will also provide a means for improving the school library. Twenty percent of the proceeds will go toward the purchase of additional shelving.

The book fair display includes attractive new books from many publishers in popular price ranges. All reading areas of interest to students are represented, including classics, light fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books. Books are furnished by Educational Reading Service, a professional book fair company.

During the fair posters about individual books will be on display in the library. These posters are contributed by students from English classes of Mrs. Sara Shaw.
