GERMAN RAIDER REACHES NEWPORT NEWS

German Auxiliary Cruiser which Suddenly Appears in Hampton Roads is Said to Have More Than 300 Prisoners Aboard. New German Submarine Sent to the Bottom—Allied Fleet Makes Progress in Narrows of the Dardanelles.

The German auxiliary cruiser Prinz Eitel Friedrich, which has succeeded in evading for months a large number of British warships, reached Newport News, today and may be intercepted there. She is reported to have more than 300 French and Russian prisoners on board.

Last night after dark the German ship appeared off Cape Henry, but did not enter until after daylight, when she passed quarantine and dropped her anchor at this port. All her officers preserved the strictest silence and her captain at once dispatched a message telling of his arrival and the condition of his ship to the German embassy at Washington.

No sooner had the Prinz Eitel Friedrich entered than the U. S. coast guard frigate went alongside and took up her watch to preserve the neutrality of the United States until officials at Washington decide what shall be done with Prinz Eitel Friedrich.

Scared by the red rust and salt of her months at sea, the German auxiliary was painted white on one side and black on the other. It was reported in marine circles she had been chased to the three mile limit by a British cruiser, but as the German captain had sealed the lips of his officers that was not confirmed.

Marine circles were startled when the long, slender ship, easily distinguishable as the outlines of a North German Lloyd liner, steamed up the bay and into Hampton Roads.

She came into the Roads and without any attempt at deception passed quarantine and then came on to this port, where she anchored.

Another German submarine has gone to the bottom. The British admiralty announced today that the U-20, built in 1913, had been destroyed.

Bombardment of the Dardanelles, after another interruption by unfavorable weather, again has been resumed and the allied fleet is said to have made further progress in the narrows. Constantinople, however, insists no serious damages has been inflicted except to the weaker fortifications.

A Geneva dispatch reports that Italian warships have put to sea probably for the Dardanelles. This report lacks substantiation.

Germany has taken further measures to conserve food supplies. The Bundesrath has ordered expropriation, with certain exceptions, of all stocks of barley exceeding a metric ton.

Anderson to vote On Good Roads Bonds
Anderson, Mar. 10.—Supervisor J. Mack King has signed the formal order for an election to be held in Anderson county on Tuesday, the 30th inst., on the question of the county issuing \$750,000 of good road bonds. Following his signatories, Messrs. C. E. Tolly, W. A. Hudson and J. C. Ragland, published formal notice of the election.

The boxes will be at the usual voting precincts and the polls will open at 8 a. m., and close at 4 p. m.

An Old Story.
An Amsterdam dispatch to New York says: "The German newspapers state that Prof. Friedenthal of Berlin university has discovered a means of converting straw into food. It is likely to revolutionize the food question. Nothin' new about that. We have been making food out of straw in this country since our earliest recollection, and the process is very simple—just feed it to cattle."

The express companies lost money
Washington, Mar. 10.—The Interstate Commerce Commission today announced that the losses of the express companies were enormous, the losses being largely due to the competition and low rates of the parcel post.

In November the receipts were more than \$180,000 less than the operating expenses. In November a year ago the net receipts above operating expenses were over \$130,000.

Marvels of Landscape, Sculpture and Architecture, Wonderful Exhibits at Huge Panama-Pacific International Exposition, San Francisco

LOW ROUND TRIP RATES AFFORD GREATEST OPPORTUNITY OF A LIFETIME TO TAKE WONDERFUL JOURNEY AND SEE FINEST DISPLAYS OF WORLD'S NATIONS

These pictures at best can indicate but feebly the indescribable marvels presented by the Panama-Pacific International exposition at San Francisco to which the people of all nations are thronging. Forty-two foreign nations, and more than 80,000 individual exhibitors, representing every country on the globe, have sent to this wonderful \$50,000,000 show the best of their present-day achievements which are now displayed in the eleven colossal exhibit palaces and also in the buildings of the state and foreign group, the latter structures being built in most cases in a style of architecture characteristic of the state or nation represented. More than \$10,000,000 has been invested in the "Zone," the 3,000-foot amusement street of this great fair, where the world's premier showmen are conducting the most wonderful and most original sight-seeing and pure-fun attractions ever assembled for any celebration on earth.

In order to put the opportunity of seeing this most marvelous of all expositions within reach of the greatest number of people the railroads have cut rates in half to and from San Francisco, and the hotel and restaurant associations of the city have agreed to keep their schedule of prices down to normal figures.

Complete information regarding this wonderful world's fair may be had free for the asking by addressing Manager of the Bureau of Publications, Press Building, Panama-Pacific International Exposition, San Francisco, California, who will forward to any address a beautiful sixty-page booklet, illustrated in colors, containing detailed information regarding the glories of this great celebration and a complete description of the Panama Canal.

REFINED BEAUTY SHOWN IN SCULPTURAL ADORNMENT

WHERE WORLD'S GREATEST PIPE ORGAN WILL BE HEARD

Festival Hall—Panama-Pacific International Exposition—from the south promenade of the South Gardens, the facade of the Press building showing at the extreme right. On the great organ in this hall—one of the six greatest organs in the world—Camille Saint Saens will play an original composition, and there will be recitals by Edwin Lamare of London, Wallace Sabin and other maestros. This hall will center the intellectual, dramatic, musical and literary life of the exposition at San Francisco many of the 100 conventions of this year making it their assembly place.

SUPERB NIGHT ILLUMINATION OF THE VAST PALACE OF HORTICULTURE

At night the vast glass dome of the Palace of Horticulture is played upon by rays of gigantic searchlight projectors set within the building. The globe, which is the largest hemispherical glass dome in the world and is one of the many marvels of the great Panama-Pacific International exposition, then assumes all the colors of the rainbow. This photograph shows the great building at night with the rays of the searchlights casting the sign of the Zodiac over its gleaming surface.

SITUATION EVERYWHERE FAVORABLE TO ALLIES

London, March 10, 12:18 p. m.—As England sees it, not since the war began has the situation both on land and sea been more favorable to the allies than it is today. Confident opinions of this nature are finding constant expressions in London.

Slowly, but surely, it is argued, the allied fleet is creeping toward Constantinople and thus opening another road to Berlin; the retirement of Field Marshal von Hindenburg's army from north Poland is said to be imminent by many British observers of affairs; in the west the allies claim the ascendancy all along the line, although no decisive engagements are being fought, while in the Balkans and in Italy, according to British interpretation of the political news, the majority is clamoring for intervention on the side of the allies.

The crisis in Greece seems temporarily bridged by formation of a new cabinet, but whether the new premier can control the chamber of deputies is causing much speculation here. Though officially denied, reports insist that a ministerial crisis also has arisen in Bulgaria.

Paris officially confirmed today that the superdreadnaught Queen Elizabeth slipped into the Dardanelles proper Monday and bombarded the Turkish forts, another one of which no and Przasnysz still exists and is demolished.

Petrograd dispatches say the German failure to reduce the Russian fortress of Ossowetz, together with the reported German defeat at Gordon and Przasnysz means definite abandonment of the German offensive in north Poland.

In Central Poland both the Russians and the Germans are attacking alternately with no appreciable change.

The same is true in the Carpathians and generally along the western front.

A Kidney Remedy Advertisement Brought Great Happiness

I take pleasure in stating that I have used Dr. Kilmer's Swamp-Root, that I was greatly benefited by the same and have used it in my family. I had a son, when quite young he suffered from bladder or kidney affliction. I called in my physician, he attended him but did him no good. Almost by accident I noticed an advertisement about the curative properties of Dr. Kilmer's Swamp-Root. I procured a bottle and gave it to him according to directions. It cured him of what we thought was almost impossible and the same with others of my family. I have such strong faith in Swamp-Root that I have never done without it in my family since the wonderful cure of my son as well as myself. I recommend it to all who suffer from kidney or bladder troubles and I am led to believe that it is one of the best medicines for the purpose for which it is used, that has ever been discovered.

This is my experience from the use of Swamp-Root. Wishing the promoters of this wonderful medicine a large sale to the suffering public, I am,

Yours respectfully,
