When
TEETHING
makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—is absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name:

Two Texans Have Important Roles In Drive for Business Recovery

Jesse H. Jones of Houston, Texas, a Director of the Reconstruction Finance Corporation and Melvin A. Traylor, President of First National Bank of Chicago.

TEXAS has a double interest in the success of the new Reconstruction Finance Corporation which has become an important business factor under the leadership of General Charles G. Dawes, former Ambassador to Great Britain.

Selection of Jesse H. Jones of Houston as a director of this \$2,000,000,000 credit corporation is generally regarded as recognition of Mr. Jones' talent for tackling large business problems.

Of equal interest to Texans and many others in the Southwest is the fact that Melvin A. Traylor, a native of Kentucky and a former Texan, made one of the most important contributions to the organization of the Reconstruction Corporation. Mr. Traylor, who is now a Chicago bank president and often mentioned by his friends

throughout the country as a potential Democratic candidate for the Presidential nomination, went to Washington and gave a Senate Sub-Committee the benefit of his exceptional experience in agricultural banking. One of his outstanding suggestions was that the Reconstruction Finance Corporation be authorized to make loans to the receivers of closed banks as a means of alleviating distress of thousands of depositors in small financial institutions throughout the country.

Mr. Traylor's suggestion made such an impression that it was embodied in the Bill as finally passed by Congress. He, more than any other man, is responsible for the timely assistance that will now be possible for many depositors of small banks throughout the country.

St. Mary's Church

Looking over ecclesiastical architecture in this state one will hardly find anything more attractive than this church. Comparatively new—having been erected in the year 1914—yet one is attracted to it by its suggestion of serene age.

Draped in ivy, set deep in a spacious lot, backed by a tiny forest of pines—with here and there the yucca-plant of the tropics and our semitropical native flowering shrubs, it presents a unique picture. The visitor in Camden who has the good fortune to have discovered Pine Street for a stroll, will find himself here, on an old Spanish Mission Trail. This church, its grounds and immediate surroundings are done in the manner of the beautiful old Spanish Missions of the west and south.

It affords a most pleasing contrast to balance the picture in one of Camden's loveliest spots—the 1700 block on Lytleton St.

The Catholic Mission in Camden is as old as Catholicity in the Carolinas but our limited space will not permit a detailed treatment of its history.

The present church which serves the needs of the Catholic people of Camden, its adjoining missions and our winter colony, is a gift to this community from the late Miss Charlotte M. Thompson of Baltimore. Miss Thompson, a distinguished graduate of Bryn Mawr, a convert to the Catholic Faith and for many years a resident in Camden lies buried in the right transept of this beautiful church which is a perpetual memorial to her faith and devotion.

The interior of the church is very beautiful and will richly repay a visit to it. On the right transept wall is the bronze memorial tablet to Miss Thompson—immediately over her grave.

Contemplating the interior of the church, one is struck by its design—the pure beauty of its marble altar, its rich marble sanctuary rail and the poetry of its perfect symmetry and proportion throughout.

Over the altar is a replica of the miraculous picture of Our Lady of Perpetual Help—done in beaten gold

and precious stones. This picture was made to special order for this altar and was imported from Europe. The visitor's attention is engaged by the beautiful statue of Our Saviour, in attitude of Benediction. This statue is a gift to the church from Mr. and Mrs. Gaylord Tucker.

St. Mary's Church, as it is known locally, is the mother church of several missions scattered through Kershaw and adjacent counties. Chief among these is the venerable mission church of Saints Peter and Paul at Cheraw, which is exactly one hundred years old this year.

In the old "missionary" days of horse-back and buggy riding many bishops and priests visited Camden when they could; but the beginning of St. Mary's as a parish may be said to date with the residence here of the Rev. Dennis P. Lannigan, succeeded by Rev. C. A. Kennedy, Rev. Alexis Westberry, Rev. M. J. Reddin, Rev. Thomas J. Mackin, Rev. J. W. Carmody and the present pastor, Rev. D. M. O'Brien.

There is no statue to Robert Morris who financed the American revolution.

KERSHAW COUNTY FORESTRY ASSOCIATION ENFORCES FIRE LAW

Five negroes, namely, Dave Adamson, Mina Dye, John Smith, Horace English and Pink English were arrested for violation of the Forest Fire Law. These cases were tried by Magistrate B. M. Smith in Camden, Monday, April 4th. Judge Smith imposed a fine of one hundred dollars each and 30 days imprisonment. Both the fines and sentences were suspended, however, at the request of officials of the Forestry Association. Magistrate Smith advised the defendants that in the event of any future violation, both the fines and sentences would go into effect. It is hoped that this will be a lesson to any others who might carelessly or maliciously set fires in Kershaw County.

Hectic Days—Sleepless Nights

TOO MUCH work, too much mental strain, too much worry... then "NERVES". How they torture you, tire you, keep you awake nights!

"NERVES" make you irritable, restless; give you Headache, Indigestion... "NERVES" make you look and feel old... weaken resistance and pave the way for serious nervous or organic trouble.

J. M. Foster, a druggist, suffered tortures from Over-wrought Nerves. He had dozens of so called "Nerve Remedies" in his store. One by one he tried them without relief until... But let Mr. Foster tell his experience in his own words.

"I think Dr. Miles' Nervine is the best nerve medicine made, and that a better one cannot be made. Dr. Miles' Nervine was the only medicine on the shelf or in the prescription case that put me on my feet." J. M. Foster, Druggist, Marysville, Ohio
