Mr. John A. Shearn is our authorized collecting and soliciting agent. Any receipt given by him is binding upon THE CHRONICLE.

Send us the News.

We want a regular correspondent at every post-office in the county, to send us the news. Our friends will confer a great favor by sending us items of interest from their neighborhood.

At the Latham House.

Masonic brethren who have seen Bro. Powell's Treasurership of the unwritten work of the Craft are much pleased with it and many order one at once. The brother who has one would not part from it. If you lose this opportunity you will not have another.

K. of P's, don't omit to see Bro. Powell's watch charm or key chain, with the unwritten work on it. It will remind you of what you ought to remember. It is endorsed by the Grand Chancellor of S. C. and is a great aid to newly made Knights as well as older ones.

Assignment of W. J. Jones.

On last Tuesday morning Mr. W. J. Jones made an assignment to E. D. Blakeney Esq. for the benefit of his creditors. The liabilities amount to about \$1,400, and the nominal assets \$1,200. The actual assets will probably fall below \$1,000. The firm of O. E. Winters of Charleston is the largest creditor. Mr. Jones had been doing a profitable bakery business in connection with his grocery. He is a young man of strict integrity and his business misfortune is greatly to be regretted.

NOTICE.

We especially request all who are in arrears for THE CHRONICLE to come forward and settle at their earliest opportunity. We dislike very much to annoy those of our patrons who have conscientiously settled for their subscription by having to publish notices of this kind. We will not be responsible for their paper, and from now on we will not collect in order to further complicated matters. In making your arrangements for this year, don't forget to pay the printer.

Fifty Dollars in Gold.

Here is an opportunity for any one in Kershaw County who plans one acre of corn either in the sand hill or bottom land. Messrs Taylor & Co. authorize us to offer for them a cash premium of \$25 in gold to the farmer in Kershaw County who raises the largest quantity of corn on upland, and a premium of \$25 to the one raising the largest quantity on bottom land. The corn when ready to be gathered, will be harvested in the presence of a disinterested committee. This is certainly an opportunity for some progressive farmer to pick up \$25 in gold. No conditions except to produce the largest yield, and it must be measured up in the presence of a disinterested committee.

Gilt Edge Banquet.

On last Friday evening Mr. P. T. Villepigue, the genial and thoughtful proprietor of the "Gilt Edge" Store, gave his annual dinner to the present and past assistants of the Gilt Edge Store. Commencing at 8 o'clock, the hospitable home of the genial host was for four or five hours the scene of rare enjoyment and good cheer. Although Mr. Villepigue was at the time greatly troubled with a severe hoarseness, he managed nevertheless to entertain his guests most agreeably, and happy thoughts were exchanged on all sides, and mirth and enjoyment held sway among all who were present.

To say that the repast was fine would not describe it—it was something elegant. The dinner table was covered with the choicest viands, all the could be desired, and full justice was done by the appreciative guests. Scoldon has such a superb dinner never served on any occasion in Camden.

Kindly remembering the representatives of the press, Mr. Villepigue has endeavored himself in their behalf as well as placing all of his guest under the greatest obligations for one of their lives. To him and his wife bid God-speed, and trust that their lives may be long, happy and prosperous, and ever may the Gilt Edge Store be the recipient of the unbounding success that is so richly deserved by its whole-souled proprietor.

The Annual Ball.

The fourth annual ball of the Camden Cotillion Club was given at the Opera House on Monday night, the 4th inst. Although the attendance was not as large as usual, still what was lacking in number was fully made up in enthusiasm, and a more delightful time could scarcely have been enjoyed.

Dancing commenced about 9:30, and it was three o'clock before the commodious and brilliantly lighted hall of the Opera House was vacated. If there is one accomplishment in which Camden young ladies excel more than another, it is in their dancing. This fact, together with their unequalled beauty makes a ball of Camden always an occasion of rare enjoyment.

Refreshments were served about half past twelve, after which the German was commenced. It was most gracefully led by Mr. C. J. Shannon Jr., and Miss Camilla Canteley. The music was acceptably supplied by local talent.

NEWS IN THE COUNTY.

Matters of Interest from Various Quarters.

Westville Bridge.

Editors CHRONICLE:—I have been thinking for some time of giving you a few dots from this place but the Grip has managed to monopolize a part of my time for the past week or two, and it is still epidemic in this community.

Christmas with all of its joys and pleasures has come and gone. The prevailing spirit up here for the last day or two was shooting for turkeys. A goodly number engaged hands and several had turkey for Christmas, by being good some when other wise they would not have enjoyed that luxury. Your correspondent was induced to take several chances and employed a crows to shoot for him, but he did not get a feather, much less a turkey.

The usual amount of moving by tenants and laborers is now going on, and a good many are changing homes. The emigration fever has struck this community, and several families are leaving here. Mr. J. C. West left here several weeks ago for Georgia and has located there, and his family left a few days ago to join him. Mr. H. R. Beach and wife also left for the same place, and I understand that Mr. L. Hinton and family will follow soon for the same state. Messrs. J. H. and Louis Sparks, two young men, also left for North Carolina. A good many of the colored population also are making for Florida. Short crops and shorter prices seem to be the cause of so large a number leaving and trying their fortunes elsewhere.

The most interesting question now seems to be "Conservation" and other phosphate interests. All that I have heard speak on the question or write about it seem to regard the deposit of phosphate rock as being unexhaustible. I do not think such is the case, and if the supply will some day be exhausted, and the revenue derived from it cease, how will the state be the loser in the long run? We will eventually get it all. The commission has succeeded in breaking up one of the most powerful corporations that has ever existed in this state, and they are entitled to the "well done good and faithful" of every citizen who has the good of the state at heart.

I am in lined however to believe that the great cry that has been raised by some about the loss of revenue to the State, is intended more for political capital in the next campaign than for any interest they may have in the welfare of the state or the people. But it will not be many months before the political pot will begin to boil, and then you will see whether our predictions are true or not.

The next meeting of the Kershaw County Alliance will be held with the Buffalo Alliance on Wednesday next the 6th inst., and I have no doubt but that we will have an interesting time, as State Lecturer Jeffries, District Lecturer Elter, and County Lecturer Floyd will all be present, together with a number of other lesser lights who will participate in the deliberations of the day, and of course they will fair make the welkin ring with their eloquence and oratory.

Ayer's Cherry Pectoral, the favorite cough cure, relieves Asthma, cures Bronchitis, and, if taken during the earlier symptoms of the disease, prevents Consumption of the lungs. Even in the later stages of that malady, this preparation cures the distressing cough, and induces refreshing sleep.

"Asthma and lung troubles are hereditary in my family. My father, mother, sisters, and brothers all suffered from pulmonary disease, and died nearly forty years ago. About that time, Ayer's Cherry Pectoral was recommended to me as a relief for asthma. I commenced using this medicine and was astonished to find that the same of suffering and difficulty of breathing quickly disappeared. Indeed I am satisfied that without Ayer's Cherry Pectoral I should never have attained my present age. In years, I have recommended the use of this medicine to hundreds of persons suffering from asthma and disease of the throat and lungs, and have never known it fail to afford speedy relief."—H. L. White, Ford du Lac, Mich.

"My mother has been a great sufferer from asthma for the past ten years, and her recovery is almost without a parallel. On account of her advanced age—over seventy—she had but little hope of ever seeing her well again; but she has been cured by only a part of a bottle of Ayer's Cherry Pectoral."—Angus Banks, Tar Brook, N. S.

"Some years ago Ayer's Cherry Pectoral cured me of asthma after the best medical skill had failed to give me relief. A few weeks since, being again a little troubled with the disease, I was promptly relieved by the same remedy. I gladly offer this testimony for the benefit of all similarly afflicted."—F. B. Hasler, Editor "Argus," Table Rock, Nebraska.

"Suffering for some time from chronic bronchitis, which would not yield to any medicine, I was at last recommended by a friend to try Ayer's Cherry Pectoral. Two bottles of this preparation restored me to perfect health."—Enrique Alonso, San Domingo, P. R.

"Ayer's Cherry Pectoral cured me of a bad cough and my father of bronchitis. I know of numerous cases in which this preparation has proved very beneficial in families of young children, so that the medicine is well known among them as 'the cougher of the afflicted.'"—Jas. Rudel, Saucro, W. Va.

"Having thoroughly tested the preparation of Ayer's Cherry Pectoral as a remedy for bronchitis and throat affections, I am glad to testify to the merits of this preparation."—T. J. Magurnay, Author and Lecturer, Ripley, O.

"I have been a lifelong sufferer from weak lungs, and till I used Ayer's Cherry Pectoral, was scarcely ever free from a cough. This medicine always relieved my cough and strengthened my lungs, as no other medicine ever did. I have induced many to use it in throat and lung troubles, and it has always proved beneficial, particularly so in the case of my son-in-law, Mr. Z. A. Snow, of this place, who was cured of a severe cough by its use."—Mrs. L. I. Good, Boston, Ark.

"In the winter of 1851 I took a severe cold, which, in spite of every known remedy, grew worse, so that the family physician concluded me incurable, supposing me to be in consumption. As a last resort, I tried Ayer's Cherry Pectoral, and, in a short time, the cure was complete. Since then I have never been troubled with the disease. I am fifty years of age, weigh over 150 pounds, and attribute my good health to Ayer's Cherry Pectoral."—G. W. Yeaker, Salem, N. J.

Ayer's Cherry Pectoral, Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price 61c. Six bottles \$3.
