

DO YOU READ?

If so, this is intended for you.

We have made special arrangements with the Weekly Constitution.

THE GREAT SOUTHERN WEEKLY, Published at Atlanta, by which we are enabled to offer it with our paper for ONE YEAR for only \$1.50.

Every clubbing subscription at this rate is entitled to a change at THE CONSTITUTION'S \$10,000 FREE DISTRIBUTION FOR 1892, details of which will be found elsewhere.

This is the MOST REMARKABLE COMBINATION OFFER ever made. Every home should receive its LOCAL PAPER first, and after that, it should have THE BEST GENERAL NEWSPAPER bringing every week the news of the world, and overflowing with the choicest special features, such as the WEEKLY CONSTITUTION, published at Atlanta, Ga., and having a circulation of 156,000.

\$1.50 GETS BOTH PAPERS YOUNG-McDOWALL.

The Marriage of one of Camden's Former Popular Boys in the Land of Flowers.

Gainesville, Fla., Feb. 11.—By seven o'clock on Friday night the streets of Gainesville were alive with crowds of her citizens, all wending their way toward the Presbyterian Church, where was to be celebrated at 8 o'clock the marriage of Miss Rosa Young of Ar...

Released on Bond. W. D. Trantham Esq., Attorney for Durcan Albert, Jim Denton and L. G. Dobson, made application for bail for them before Judge Izlar at Columbia on Monday. Bond was granted in the sum of \$1,000 for Albert, and \$250 each for Denton and Dobson, and were accordingly released Monday evening.

Will Plant No Cotton. A prominent planter of the lower part of the county told us the other day that he did not intend to plant a stalk of cotton this year, saying that he had just learned how to raise 8 cents cotton at a profit, but since it has gone down to 7 and 6, that he would not be in it. He will plant all his land in corn, oats and wheat, and experiment with tobacco. He is a sensible man, and his example is well worthy of following.

Further Steps Towards a Primary. Another meeting of citizens was held at the Opera House yesterday for the purpose of hearing the reports of the committees for enrolling Democratic voters into ward clubs. The committees reported that they had completed their work, and further business will be transacted at the time stated in the following call for meeting of Democratic voters:

PERSONAL MENTION. Dr. J. W. Corbett has been in Columbia this week attending the convention of the Knights of Pythias. Mr. P. T. Villepigue left yesterday evening on a trip to Alachua, Fla., where he will remain a fortnight, and bring back with him Mrs. V. who is there at present. Capt. J. V. Welsh, of Kershaw, is in the city today. Mrs. S. J. Barnes and family have removed to Greenville, where they will reside in future.

Plant plenty of oats this year. The flagstones will soon all be down. There will be no services in the Episcopal Church Sunday, owing to the absence of the pastor. Eight of the most extensive farmers of Sumter are preparing to plant heavily in tobacco this year. Tomorrow is the last day in which taxes can be paid without the penalty. The Auditor's books close tomorrow, and 50 per cent penalty will be added to all returns that have not been made by that time. Read the advertisement of Dr. Moore's in this week's Chronicle, and profit thereby. Clean Spring water is an invaluable remedy, and you can get it also from his drug store.

What the worst thing we have to contend with is the great moneyed men, and I don't see how we can stand it much longer. We will be obliged to have relief before long. We have suffered a great deal from the grip, but are all doing better now. We have all come to the conclusion to migrate from this place to some other more fertile spot, if we thought we could find it, but I don't think we will ever find a place where money grows on trees, or where we don't have to work; but I know of a good many places where money is more easily made than it is on these old red, rocky hills. One man that made over four hundred dollars last year, with just himself and wife to support, did not pay out, and had to return a road cart which he had bought and could not pay for. How can we pay out when we have to go on a farm and pay the highest prices for what we buy, and then get almost nothing for our cotton? Cotton at the present price does not pay for the making, picking and ginning, leaving out the price of the fertilizer.

WHAT THEY SAY.

Various Opinions on the Political Situation. In January the Greenville News sent out list of questions to ten farmers in nearly all the counties in the state, asking for an expression of opinion on the political situation, and how Gov. Tillman stood with the people. The replies were published Saturday. Below are the letters from men of this county:

J. P. Richards, M. D., upper part.—Can't say there is any change; club votes 20; thinks it would go for another strong farmer's movement man against the governor; has no personal knowledge of change of office; "I am, and always have been, such a bitter anti-Tillmanite that what I say I am afraid will be of no importance, but I firmly believe that the best interests of the democracy in this State demand a man thoroughly identified with the farmers' movement, but at the same time one who has not associated politically with either wing; that is, one who has not been an extremist, one way or another—Coit or Donaldson."

Tillman man, southern part.—Finds a change against the governor; cause "failure to keep his promises and taking a free rail road pass; club votes 75; difficult to say how it would go under question 8; knows personally of several changes each way, about balancing each other; "rather mixed or unsettled, awaiting developments. Most of the ill feelings engendered during the last campaign have passed away."

J. W. Floyd, northwestern section, Liberty Hill, Tillman man.—Notes considerable discussion but feeling to change materially the vote of the last election; the slight change is against the governor, his most ardent adherents being considerably "tamed"; cause, "Lack of tolerance and charity towards those who object to his vigorous method. Lack of conservatism and prudence in settling matters of serious import to the State. Lack of dignity, gravity and courtesy becoming the first officer of the State." Club votes 40.

In answer to question 6; "A strong man from the people, like Stackhouse, Donaldson, Stokes or perhaps Stokes or Verner, could carry our precinct against Governor Tillman." Has no personal knowledge of changes either way. "Whoever lives and moves among the masses can plainly see that the efforts of the Alliance to arouse the farmers to a non-partisan standpoint, has had its effect. So much so that the attempt of men (though they be leaders from their rank, or even officers of the present regime) to handle them as the potter would his clay, and by coercive and dictatorial demeanor force submission to their political whims and caprices will prove abortive and not pan out at the ballot box. In a word, while the farmers are steadfast and unyielding in their demands for retrenchment and reform, they are in no sense narrow or niggardly in the application of means to the end, but are for practical methods and broad principles to govern the party and the government, and believe that cool, conservative men of broad minds are alone equal to the task."

Anti in upper part.—Change very slight, if any; the governor may have weakened with some of his followers but has probably gained as much as he has lost; precinct votes 160 to 200; under question 6. "Think Tillman would be hard to beat. Have heard Mr. Donaldson's name mentioned as a very strong man."

B. M. Pearce, Tillman man, Swift Creek township.—Very little change, if any against the governor; precinct votes 160; another strong man would divide the vote with the governor; "We have got to have more men to think as the governor does or had better have some one else. Tillman may be right, but he can not get enough to think so."

Allen McCaskill, anti, near the center.—Club vote 37; believes Tillman as strong as in 1890; "I believe that if Colonel Haskell had not been brought out in the last election Tillman might be beat this time. That movement (the Haskell) interested Tillman's followers to the extent that I believe they will vote for him under any circumstances."

L. L. Clyburn, anti, Westville.—People for Tillman first, last and all the time; club votes 150; nearly unanimous for Tillman; no changes. S. Logan Lang, anti, 7 miles south-west of Camden.—Finds a change, against the governor; cause, "blowing" which he has not acted up to; thinks the other fellow, under question 6, would beat the governor; many who were for him say they are disappointed but will not declare against him, no changes the other way; "the unknown party spoken of in question No. 6 must be aggressive, educated, brainy and untiring. If he is that and 'divides time' with Tillman throughout the campaign he can beat him as sure as Tillman rode on a free pass and bought those dish pans and a comb with State money."

LETTERS FROM THE PEOPLE. Shaylor's Hill. Editors Chronicle:—Some time ago I promised to give you the news from this section, but there has been so little that I thought you would scarcely care for it. The farmers around this neighborhood have been, and are still so gloomy over the outlook that we scarcely know what to do. We are all broke up—no hog and hominy, no money to buy any with—we are in a desperate condition. We get the balance of it all ourselves, and of course to a great extent we are to blame, for we rush our produce to market before there is a demand for it, and that causes the price to go down.

But the worst thing we have to contend with is the great moneyed men, and I don't see how we can stand it much longer. We will be obliged to have relief before long. We have suffered a great deal from the grip, but are all doing better now. We have all come to the conclusion to migrate from this place to some other more fertile spot, if we thought we could find it, but I don't think we will ever find a place where money grows on trees, or where we don't have to work; but I know of a good many places where money is more easily made than it is on these old red, rocky hills. One man that made over four hundred dollars last year, with just himself and wife to support, did not pay out, and had to return a road cart which he had bought and could not pay for. How can we pay out when we have to go on a farm and pay the highest prices for what we buy, and then get almost nothing for our cotton? Cotton at the present price does not pay for the making, picking and ginning, leaving out the price of the fertilizer.

West Water. Messrs Editors:—We of the "Lost Territory" are still in the land of the living, although the scarcity of money and tightness of the purse are bearing heavily upon us, which almost makes us feel like exclaiming with the man of God of old, "The Lord gave and the Lord hath taken away." What we want to do in the future is certainly wrapped in mystery, for it seems a moral impossibility for us to become poorer, it really appears as if we were becoming so daily. We notice that some of the Anti Tillman papers are trying to throw the responsibility upon the Tillman Administration, but we hold the audacious falsehood back into their faces, and do not think they even have the excuse of believing what they assert. We consider they are base fabrications manufactured for political purposes. The bottom of the government had fallen out before Tillman had been nominated for Governor, and cotton at five and six cents per pound could not improve the condition of our people. With street, the "monied gods," and the speculator is the power behind the throne, it is controlling the cotton market and not Gov. Tillman. We noticed in one of the Camden papers that our taxes had been reduced from 144 to 124 mills in the last year. We would like to know if that could speak well for the Tillman administration. "O."

THE SUREST REMEDY

For indigestion, constipation, and sick-headache is Ayer's Pills. The harsh, drastic purgatives, once deemed indispensable to a "thorough cleaning out" of the system, have given place to milder and more skillfully-prepared laxatives. Foremost among these are Ayer's Pills. Being composed of the essential principles of the most effective cathartics, without calomel or any other injurious drug, no ill effects ever follow their use. For this reason, these Pills are everywhere recommended as the best family medicine. Their sugar-coating makes them easy to take, and preserves their medicinal strength in any climate and for an indefinite length of time.

"I was a sufferer, for years, from chronic dyspepsia and liver troubles, and found no permanent relief until I commenced taking Ayer's Pills. They have effected a complete cure."—G. W. Hooper, Walla, W. T.

"I was a sufferer of a stinging neuralgia for seven or eight years. Whenever I have an attack of headache, to which I am very subject, I take a dose of Ayer's Pills and am always promptly relieved. I find them equally beneficial in colds; and, in my family, they are used for various complaints and other disturbances with such good effect that we rarely, if ever, have to call in a physician."—H. Woodland, Hotel Woodland, Saratoga Springs, N. Y.

"In 1888, by the advice of a friend, I began the use of Ayer's Pills as a remedy for biliousness, constipation, high blood, and headache. They proved no better than anything I had previously tried, and I have had them in stock of that sort ever since."—H. W. Smith, Boston, Ark.

"For years I have been subject to constipation and nervous headache, caused by derangement of the liver. After taking various remedies, I have become convinced that Ayer's Pills are the best. They have never failed to relieve me."

Bilious Attacks

"During several months past I have been subject to attacks of biliousness, without being able to remove the trouble by medical means. In looking through Ayer's Almanac I read the statements of persons cured of similar attacks by the use of Ayer's Cathartic Pills, and was induced to give them a trial. They have benefited me so much that I consider it my duty to mention my case to you for the benefit of others."—Mrs. Mary Gaymond, Flint Village, Fall River, Mass.

Ayer's Pills

Prepared by DR. J. C. AYER & CO., Lowell, Mass. Sold by all Druggists and Dealers in Medicine.

Mexican Mustang Liniment

A Cure for the Ailments of Man and Beast. A long-tested pain reliever. Its use is almost universal by the Housewife, the Farmer, the Stock Raiser, and by every one requiring an effective liniment. No other application compares with it in efficacy. This well-known remedy has stood the test of years, almost generations. No medicine chest is complete without a bottle of MUSTANG LINIMENT. Occasions arise for its use almost every day. All druggists and dealers have it.

THE WHOLE WORLD WANTS TO BUY THE BEST.
