CAMDEN, S. C. JULY 15th, 1892.

EDITORIAL

Gen. Hampton's Letter.

Gen. Hampton's letter to the State in reference to his "Excellency" the Governor, is the product of a wounded and envenomed spirit. It exceeds in bitterness anything ever published against Tillman, and has only been approached by some of Ex-Con. Butler's utterances.

The only effect of this letter will be to dye the campaign with a deeper shade of animosity.

The inference to be drawn from it, is that the Haskellites of 1890 represented the true Democracy. He plainly says that the members of the March convention, of that year, were independents, who should have been ruled out of the party. How then about the "peace and harmony" convention of 1892? With all due reverence for the grand old man, we think his anger has gotten the advantage of his reason. It is evident that his faculty of logic is impaired by resentment or perhaps by years.

It is a pity that he failed to appreciate the spirit of the men who followed him to redeem the State in '76.

Decidedly Off.

The following curiosities, clipped from the Sumter Freeman, surely indicate that our wayward brother has been conjured. There is no other way to account for it.

"Be it known that The Freeman takes the platform of the people's party, in all matters that affect any other party in America today."

"Sheppard and Orr are the natural and logical allies of Cleveland and Stevenson. Cleveland will not get the electoral vote of South Carolina, if the reformers win."

"Everybody knows that if Cleveland is elected, the patronage of his office will go straight into the hands of his real friends, the 'Anties.' Does anyone suppose for a moment, knowing Tillman and Irbly, that they would assist in bringing about such a result? We regard their pretended support of Cleveland 'till after the September convention,' the most glaring fraud we have ever looked upon, and will expose it to the fullest light."

The riots of the Carnegie workmen have done more to damage the protection theory than anything since the passage of McKinley's famous bill. The slaughter of the Pinkerton men was nothing more than might be expected of citizens determined to spurn coercion from a mercenary force. The sympathy of the country was with these workmen in the reception given this private army hired by a corporation, and the law and the country is against them in their seizure and detention of the mills, to which they have no legal right. To retain public approval they should respect the rights of property.

WEAVER, the third party nominee for president, has left a record white as the snow of a mountain, which he cannot rub out. Here are some specimens of his artistic swearing against the democratic party:

"But, then, what could you expect from the poor, blind, diseased, decrepit, dismal, damned old democratic party?"

Again he said of the democracy: "I am astonished beyond measure that a party with a record so utterly vile and wretched and wicked should be so just to all shame and decency as to make an appearance before the people of Iowa."

ATTENTION is called to a communication in this issue from Mr. Joel Hough, which shows that he is a staunch, consistent Democrat, holding still the views which he has heretofore expressed in the county papers.

Can we not manage to have a reasonable and decent campaign meeting in Camden on the 26th? The side that makes the most disorder will lose the most votes.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the Liver be inactive, you have a Bilious Look, if your stomach be disordered you have a Dyspeptic Look, and if your Kidneys be affected you have a Pinched Look. Secure good health and you will have good looks. Electric Bitters is the great alterative and Tonic, acts directly on these vital organs. Cures Pimples, Blisters, Boils and gives a good complexion. Sold at Dr. F. L. Zemp's Drugstore, 50 cents per bottle.

Itch, Mange and Scratches of every kind, on human or animals, cured in 30 minutes by Wolford's Sanitary Lotion. This never fails. Sold by Dr. F. L. Zemp, Camden, S. C.

SHERIFF'S SALE.

SOUTH CAROLINA—KERSHAW COUNTY

Under and by virtue of a tax execution, to me directed by J. C. Rollins, county Treasurer for Kershaw county, for the year 1890-91, I have levied upon and will offer for sale to the highest bidder, in front of the court house, in Camden, S. C., within the legal hours of sale, on the first Monday in August, being the first day of the month, the following described real estate, to wit:

Ten (10) acres of land, in school district No. 8, levied upon as the property of W. H. Patterson, bounded North by Spring Branch, East and West by streets of Samuel West and South by Mill street of the town of Westville.

JAMES L. HALL, Sheriff, July 14th, 1892.

SOUND DOCTRINE.

A Few of the Many Reasons why No Southern Man Should Join the Third Party.

EDITORS CHRONICLE.—Time admonishes me of my promise, by your request, to write for your paper occasionally. In your editorial of last week, you speak in strong terms of the folly of encouraging the formation of a Third party in this county. I agree with you on this line and ask space to call the attention of those who may have Third party proclivities (though I have no idea that any thing of the kind will be inaugurated here in Kershaw county) to one or more grand objectional features, in the designs of the platform of the said Third party.

1st. A resolution which reads about thus:—

"Resolved: That the Union soldiers be paid the difference between the depreciated currency in which they were paid and gold."

Some understand this resolution to apply to those Union soldiers who are now being pensioned by the government. This is erroneous, from the simple fact that there is no difference, in value, between the currency in which they are now paid and gold. So the only logical conclusion to be drawn from the premises is this: That in 1862 (during the war) the banks of the United States suspended specie payment and the general government, in order to pay the soldiers as well as other expenses connected with the war, issued the greenback currency which depreciated in value, from time to time, during the war until in 1864 gold rose to \$2.80, or in other words, it took \$2.80 in greenbacks to purchase one dollar in gold. So the resolution referred to must apply to all the Union soldiers now alive who served in the war, disabled or otherwise. I will not trespass on your valuable space, Mr. Editor, in attempting to make even an approximate estimate of the enormity of the amount of money it would take to carry out the resolution. In conclusion, I ask how can the Third party favor such enormous expenses and at the same time call for a reduction of the tariff?

Lastly, the Third party purposes to obliterate the color line—this needs no comments. In view of all this, I ask, how can a Southern man vote for such a party? Our diffidence of opinion, as to what should be the policy of the Democratic party, should be settled by the result of the primary election, and all nominees, County, State and Federal, should be voted for in the general election solidly. Since the National Democratic party in convention assembled has selected our standard bearers for president and vice-president of the United States, then the difference of opinion among Democrats, as to our choice of the different aspirants for these exalted positions, as well as the sections of this country from which they should come, is now no longer an open question, as it is settled by the action of the said National Democratic convention at Chicago in nominating Cleveland and Stevenson for president and vice-president of the United States. So any opposition to these nominees now, means opposition to the party which nominated them. Therefore, all true Democrats, who like home rule, white supremacy, a reduction of the tariff and, withal, an expansion of the circulating medium, will support the democratic electors of Cleveland and Stevenson.

Our relief from financial oppression as well as high protective tariff lies with the democratic party. And just here, Mr. Editor, I would ask space for the careful consideration of those of us who favor measures instead of men to the financial plank embodied in the National Democratic platform, which reads as follows:—

"We hold to the use of both gold and silver as the standard money of the country and free coinage of both gold and silver without discrimination against either metal or charge for mintage."

Now a careful analysis of the above financial plank is this: A restoration of silver on an equal footing with gold, thereby giving us a bi-metallic or double standard of measure as a basis for the heat by expansion of our circulating medium.

Further, a demand, by said National Democratic convention, for a repeal of the law taxing State banks 10 per cent., as well as a clear and plain denunciation of the Force bill, give room for great encouragement, and shows that a healthy rivalry among Democrats as to measures, prior to nomination, is producing good results.

In conclusion, I will state that it is not only the duty of the white people to vote for the democratic electors, but to work for their election till November, so that we can add the vote of South Carolina to the National Democracy.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." J. A. ARONSON, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MARTYR, D. D., New York City. Late Pastor Bloomingdale Reformed Church.

"For several years I have recommended 'Castoria' and shall always do so as it has invariably produced the best results." EDWARD F. FLEMING, M. D., "The Withrop," 113th Street and 1st Ave., New York City.
