LICENSING ENGINEERS

The question of licensing engineers is being so agitated in every State in the Union that within a short time, for the protection of human lives, it will be impossible for any one intrusted with steam to hold or secure a situation without passing a rigid examination and obtaining a license. Stevenson's Illustrated Practical Test has been published to aid engineers preparing to pass such examinations and it embraces all the questions asked on the Boiler, Pump, Engine, Dynamo, Corlies Engine, &c., it has already met with such a demand that it is now in its fourth edition. This work, which only costs one dollar, can be obtained of the publisher, Water C. Kraft, 70 La Salle street, Chicago.

Communications

Spring Academy

Miss Lou Hinson spent several days here recently visiting the family of Mr Lake Davis.

The candidates from around here went up to Westville campaign day.

The special meetings which have been going on at Spring Hill, have resulted in much good. Rev. Geo. Poozer, of Columbia, was present and preached several able sermons, a number have united with the church and more expect to come in later on.

The people met at Dr. Britton's school house Saturday, for the purpose of organizing a temperance society. The results are not known to your correspondent, he not being present.

However, we sincerely hope that a fair representation of our people were present. May God speed the day when barrooms and gambling saloons shall be exterminated from the country. Every year there is more money spent for damnable stuff called whiskey than for bread. Three-fourths of the crime of our country can be traced directly to whiskey. Christians, rise up and put it down or you will be held responsible on the day of judgement.

The rain is over and gone and now the cry is for more rain.

Miss Janie Smith, who is spending some time with the family of Mr F. G. Peebles, is sick.

Rev. J. Walter Kenney and Miss Irene Allen were married Wednesday, the 27th inst. The happy couple immediately left on a bridal tour through North Carolina.

Kershaw Items

Mr Editor:—This town had one of the most terrific rain, wind and electric storms that ever passed through this section; houses blown down, large oaks and pines twisted off. Haile Stevenson's new hotel was blown over and other out houses in town. Crops were considerably damaged by wind and freshet.

The political meeting here was in favor of Tillman, though the \$3 mill tax did not take well. Tillman will lose many voters by advocating it. Straut and Hemphill spoke. Hemphill made a forcible argument.

Heath, Springs & McDonald have commenced to build a large brick store house. You can see a new building going up in almost any direction.

A protracted meeting commenced in the Laurel Hill Baptist church Sunday. Rev. M. W. Gordon, from Camden, preached a very able sermon Monday night from the words: "Follow me and I will make you fishers of men."

Laurens only has 14 candidates for county commissioners, and still they come.

Antioch News

The farmers are about done laying by.

The cotton crop will be much lighter this year than last, because peas and potatoes will be numerous. We are glad to see such crops being made, as they make us feel like we are, making something we need. There has been no more interest taken in these crops this year than last. The most of the farmers manured their corn and let the cotton do without. We think that is the very idea and make plenty of cereal crops and we will not have much use for cotton.

There was a big storm past through this section on last Saturday. The wind done some little damage; an old colored man's barn and another chimney blown down. The rain fall was heavy also a great deal of thunder. We have been requested by some of the members of the Antioch debating society to announce that there will be a joint debate and basket picnic at the Antioch school house on Wednesday, August 10th. The public are cordially invited to attend and every one is expected to be represented by a basket, jam full of good notions. They have selected the following subject for debate: "Resolved that the Indian has been treated worse than the Negro." The argument will be decided by three judges, Col H. E. Peebles, C. W. Birchmore and J. E. Stuckey.

Mr Hiram Nettles makes frequent visits to our section, but we are unable to learn the reason. It may be our people, but we are inclined to think that a pair of lovely black eyes bring him. This is a woe, conjecture, but time will reveal all things.

We are glad to learn that our esteemed friend, Mr J. O. Moseley, who has been quite ill with bilious fever, is improving. We hope to see him up again soon.

The protracted meeting will commence on the third Sunday in August, at Antioch.

FOR CLERK OF COURT

TO THE DEMOCRATIC VOTERS OF KERSHAW COUNTY:—Thanking my friends for their generous support at the last election, and having been solicited to stand for re-election for the office of Clerk of the Court, I most respectfully present myself to the Democratic voters of Kershaw county. I am fully acquainted with the duties of the office, and have endeavored to discharge those duties to the best of my ability. My opinions have been different from those of the most of you in matters that every good Democrat should be interested in, but I have been honest in my opinions, and I would not give one cent for a man that did not think for himself and have the courage to express his honest convictions. In dark days and in brighter ones I have tried to be a true man, true to my country and true to you, and I still wish to serve you. My record is before you. I can neither take from nor add to it. Judge me by it; if unworthy or unfaithful, condemn me; if I have been faithful and worthy, give me your support.

Respt.,
W. CLYBURN.

How many people to-day would be better off if they took the above advice. There is certainly no man in having your name on any merchant's book who has been compelled to pay for goods that simply because they ran an account.

We will make up on you what we lose on some one else. We know that this is true, for you old grand daddy was the same way, and so will you be just as long as you are miserable, cursed credit fella.
