Cabbage and Tomato Plants for sale. 15 cents per hundred. Mrs. M. A. NILES

Death.

Cadet R. L. Thorne, of Abney, died at Clemson College on last Sunday morning of pneumonia. He was sick only about one week. A full account of this sad occurrence is given by our Long Branch correspondent.

Lecture.

Rev. J. R. Smith with lecture at Antioch Baptist Church next Sunday night upon the subject of "Humbly." A collection will be taken, the proceeds of which will be appropriated to the purchase of an organ for the Church. Let everybody attend.

Laundry Work.

Do you find it a difficult matter to get your shirts, cuffs and collars decently done up? This trouble is overcome by having your work done at the Columbia steam laundry. Prices reasonable, prompt attention, and satisfaction guaranteed. See "ad." and send your linen to the Columbia Steam Laundry.

Cutting Affair.

Mr. S. Libman, jeweler, was assaulted in his place of business in the front part of the Messenger office, on last Monday afternoon and very severely stabbed in the back by Charles Goodale. While the wound is quite severe Mr. Libman is doing as well as could be expected under the circumstances.

A Humorous Fact

About Hood's Sarsaparilla—it expels bad humor and creates good humor. A battle for blood is what Hood's Sarsaparilla vigorously fights, and it is always victorious in expelling foul taints and giving the vital fluid the quality and quantity of perfect health. It cures scrofula, salt rheum, boils and other blood diseases.

Hood's Pills act easily, yet promptly and efficiently on the bowels and liver. 25c.

W. I. Said.

The Sumter Watchman says: "Gov. Evans has employed General Edward McCrady to assist in defending the Registration Law. Every time the Reformers get into a tight place they call in some Conservative to help them out." To which the Lancaster Enterprise replies: "This 'Conservative' that Gov. Evans has called in to help the Reformers out of the 'tight place' is the author of the Registration law, which is causing the trouble. The Reformers are not in trouble over some of their own acts in this case, but over a matter originated by this same 'Conservative' above referred to."

Hymenial.

Miss Mamie Young, of Remberts, S. C., was married on the 25th ultimo to Mr. Harlee, a prominent business man of Florence. Mr. C. J. Shannon, Jr., of the firm of Springs, Heath & Shannon of Camden, was married on Tuesday to Miss Emily J. Nesbit of Georgetown. Mr. J. C. Dinking, of Sumter and Miss Minnie Young, eldest daughter of Mr. J. W. Young, of Remberts, were married on last Tuesday, the Rev. T. G. Hurbert, Jr., officiating.

A beautiful wedding was that of Dr. Sias Duffie, of Columbia and Miss Lillie DuBose, daughter of Col. H. K. DuBose, of Camden, which took place at the Presbyterian Church in Camden on last Tuesday afternoon at 7 o'clock. The pulpit was elaborately decorated with flowers, and the Church was filled to its utmost capacity by friends of the young couple. The ceremony was performed by Rev. Mr. Smith, pastor of the First Presbyterian Church of Columbia. The bridal party left immediately on a special train for Columbia.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a kind of constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood-purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHEENEY & Co., Props., Toledo, O. Sold by druggists, price 75c.

A Hairless Rat

Several weeks ago Mr. W. W. Goff killed a rat in his barn that had no hair whatever upon its body. The question arises has the rat been that way all its life, or has it from some cause recently lost its hair? One theory advanced is that the rat might have been scalded by burrowing in a heated pile of cotton seed or compost pile. We suggest that Mr. Goff issue an injunction against the depredation upon his place of any more such animals.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Dr. F. L. Zemp, Druggist, Camden, S. C.

Promiscuous Items.

Read the new advertisement of the Ingleside Mining & Mfg. Co., "Ingleside Mail" and if you are needing disinfectants try their mail. It is an human, ranges on horses, dogs and all stock, cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by Dr. F. L. Zemp, Druggist, Camden, S. C.

REAL MERIT is the characteristic of Hood's Sarsaparilla. It cures even after other preparations fail. Get Hood's and ONLY HOOD'S. Ask your druggist for a sample bottle of T. X. L. It will cure that cold of yours, it also cures rheumatism, neuralgia, toothache, headache, etc. Try it. Have no substitute.

The State constables are paying no attention to Judge Goff's liquor injunction. Several seizures were made by them last week in different parts of the State. Gudge Goff commenced the hearing of the registration law case in Columbia yesterday. The Dispersary cases will also be heard by him. It will be several days before the cases will be completed.

Rev. J. M. Holley, who has been so acceptably filling the pulpit of the Camden Baptist Church for the past few weeks, leaves this week for Darlington where he has accepted a call to the pastorate of a Church there.

When one is sick he wants something that will give him relief. Nothing will do this so quickly as a bottle of T. X. L. If properly applied it always relieves. For sale by all druggists at 25 cts. Ask for it. Have no substitute.

A child was cured of croup by a dose or two of Ayer's Cherry Pectoral. A neighbor's child died of the same dread disease, while the father was getting ready to call the doctor. This shows the necessity of having Ayer's Cherry Pectoral always at hand.

When fevers and other epidemics are around, safety lies in fortifying the system with Ayer's Sarsaparilla. A person having thin and impure blood, is in the most favorable condition to "catch" whatever disease may be floating in the air. Be wise in time.

English Spavin Liniment removes all hard, Soft or Calloused Lumps and blemishes from horses, Blood Spavins, Curbs Splints, Sweeney, Ring Bone, Sillies, Sprains, all swollen Throats, Coughs, etc. Saver \$50 by use of one bottle. Warranted the most wonderful Blemish Cure ever known. Sold by Dr. F. L. Zemp, Druggist, Camden, S. C.

From Our Correspondents.

Pine Grove.

Mr. Editor:—It seems that the farmers are can't finish planting on account of so much rain. Well, I hope we can eat milk and peaches this summer; the fruit crop seems to be all right. Mr. A. J. Hall paid a flying visit through this vicinity last Saturday; we suppose he was on his way to see his best girl. Mr. Fletcher Bateman appeared once more in our vicinity last Sunday. Messrs. S. S. Howie and Baron Alexander, of Camden, were visiting in our community last Sunday. Mr. John Joy, of Antioch, was visiting relatives here last Sunday. The young men of this neighborhood are getting up a base ball club for amusement on Saturday evenings. We think they might get up something that would not be quite so dangerous. Well, for fear that I may weary the readers of the dear Chronicle with my uninteresting letter I will close with best wishes to The Chronicle. D. Sis.

Sandy Grove.

Mr. Editor:—I will again face the battle after a week's rest. We are having some beautiful weather at the present time and the ge-haw man can be heard in every direction. We will say to Mr. T. L. B. that he was caught on his knees one time, but we can not say whether he was praying or chipping, but if he was praying we think he had better do his praying the next time

before he leaves his home in order that he will have good time.

Mr. C. N. Collins was in our burg last Saturday hauling around the fat cow two at the time.

We would like to know what has become of "Plow Boy?" Mr. D. M. Bethune's mule ran away with him and Mr. W. M. Tompkins recently and threw them out of the buggy, bruising both pretty severely, especially Mr. Bethune.

We will close by saying God bless the editor of the Reform paper which is The Camden Chronicle. S. S.

Bell Branch.

Mr. Editor:—As it has been some time since you heard from me, I now come and claim my space in your valuable paper.

Farmers are going ahead with their work. Mr. B. J. Ratcliff has recently lost a great many lambs. It is supposed that they were killed by dogs.

Mrs. Simeon Stokes has collars that will measure 18 inches across, and cabbage that will measure 12 inches across, and a bunch of rhabarb 3 feet high. As potpourri is so valuable we think we will have to visit Mrs. Stokes.

From the way our young lady friends are raising chickens and vegetables we think they must be going into the matrimonial business.

Miss Maggie Bethune has gone to North Carolina to attend college.

With best wishes to The Chronicle I close. P. B.

Pisgah.

Mr. Editor:—I come again to claim my place in your valuable paper.

We are now having some beautiful weather, which everybody is glad to see.

The farmers are nearly through planting cotton.

Mr. W. F. Hudson, of Providence, was visiting in this section a few days ago.

Mr. and Mrs. C. T. Evans paid their Mayesville friends a visit a few days ago.

The Sunday School at this place will commence Sunday, we hope to have a good attendance as we did last year.

Mr. J. L. G. of this section was visiting in the Mt. Olivet neighborhood last Sunday.

I will close with best wishes to the Chronicle. Votre Ami.

Lynchwood.

Dear Chronicle:—I will again send you the dots from our burg, although, it rains so often that I cannot look up the news, and have to restrict myself to what I can catch floating around.

Mr. Burwell Outlaw departed this life Sunday, April 21st. He had suffered for several months from cancer, and was unable to take any food for several days preceding his decease. He leaves a wife and six children to mourn his death. One daughter, Miss Alice, is a sufferer from rheumatism, being unable to move herself in any manner.

I regret to note that Mr. J. H. Newman is seriously ill of typhoid pneumonia. I trust to be able to report his recovery in my next.

Mr. Lovick Outlaw is very ill at this writing. He suffers from dropsy of the heart.

Mrs. Adeline King is quite ill at the residence of her son-in-law, Mr. G. B. King.

Mr. Robt. Johnson, of Catarrh, is visiting Dr. L. McKinnon.

I have a new innovation in the matter of courting to report. A young gent, of Boykins, called on one of our young ladies yesterday evening, bringing a basket of fish with him. Of course, there is nothing wrong about that, fish are nice and no one will grudge the fair one the honor conferred. But I would like to say to our sporting boys: get your hooks and lines if you wish to "get there" with "W. R. G."

I made a mistake in my last article, in regard to services at Bethel M. E. Church. I should have been the 1st and 3rd, instead of the 2nd and 4th Sundays.

Mr. J. A. Outlaw, of Camden, is visiting his father's family. L. L. C.

Lucknow.

Dear Chronicle:—It seems like the same thing comes over and over but if the same rock did not turn round and round some one would be looking for meal. So that is the way the world goes; we are having lots of rain now.

Messrs. W. A. Gardner and J. S. Tishale have opened a store at this place. We think they will meet with success.

R. V. P. D. Stokes informs us that some one has been shooting his dwelling house, two balls taking effect in the front wall. He does not know the exact time it was done. We think it a cowardly act to shoot a man's house in his absence.

With best wishes I close. H. A. J.

Black River.

Dear Chronicle:—I will endeavor to give a few dots from this section though news is very scarce. We are having a good deal of rain which I guess will make the grass grow very rapidly. We were pained to learn of the death of Mrs. Mary Outlaw, wife of Mr. Henry Outlaw, which occurred on the 21st inst. It was a very sud-

den death. She leaves a husband, 9 children and a host of friends to mourn her death. The funeral services were conducted by Rev. Mr. Smith.

One of Lynchwood's sports was sporting in this community last Sunday. I think that he was stuck on a pair of brown eyes.

Mr. Malcolm Kennedy, of Kenilshaw, has been visiting friends and relatives near Lucknow.

Mrs. Louisa Hall is very low, very little hopes of her recovery.

Mr. Willie Johnson, who has been in Georgia for several years, is here on a visit.

Miss N. P. Franklin, a charming young lady near this place who has been on a visit to friends near De Kalb, has returned home.

For fear that this will find its way to the waste basket, I will close. Sarge Plankton.

Turkey Creek.

Dear Chronicle:—After a few weeks rest I will come again claiming my space in your valuable paper, although news is almost as scarce as hen's teeth.

Mr. Apton Galloway, who has been very ill, is improving.

Rev. R. A. Reynolds preached an excellent sermon at High Hills Church on Sunday the 14th.

Capt. C. N. Collins, of the N. & S. C. R. R., was sporting in the Sandy Grove country recently. We think a pair of blue eyes is the attraction.

Messrs. John Ellison and M. J. Stokes passed through our burg recently. They were on the lookout for a negro who had garried off a yoke of oxen and had not returned at the proper time. W. J. W.

Gate's Hill.

Mr. Editor:—Will you please allow me space in your valuable paper to give the readers of it a few dots from this place?

We are having some very rainy weather now; farm work is at a standstill, farmers only about half through planting. There will be about two thirds as much cotton planted in this section as was planted last year.

Mr. W. S. Smith has erected a large tobacco barn; he is going to plant about ten acres of tobacco. Several others have also gone into the tobacco farming.

There was a very heavy rain and hail storm in this section last week.

Our community was shocked on last Monday morning to learn of the death of Mr. Burwell Outlaw. He was a good farmer and a kind neighbor. Great will be the loss to his friends. He leaves a wife and four children.

There is a great deal of sickness near here at this writing. Mrs. Mary McDonald is very ill with typhoid fever. We hope she will be up soon. Mr. Jake Newman is also very ill with pneumonia.

Miss Mary McCaskill, of Lynchwood, has returned home from a visit among relatives and friends at Abney.

Miss Victoria McCaskill and Master Kenneth McCaskill, of Abney, are visiting relatives at this place.

Mr. Walter Friedell, of Kershaw, was sporting in our burg last Saturday night and Sunday.

Mr. W. R. Gaskin, a charming slim, bow-legged gentleman, of Boykins, was sporting in our burg last Saturday and Sunday. We think a pair of black eyes is the attraction.

J. E. McCaskill extends thanks to "Locus Hall" for complimenting him; says he would ask Locus to divide legs with him if he would have anything left but a piece of a pair.

With best wishes to The Chronicle, Rambler.

Shamrock.

Dear Chronicle:—It seems that suggesting candidates for the Constitutional Convention is now the order of the day, and I have seen so many suggestions that I really have begun to get a little interested in it myself; so let me suggest the names of the following candidates: Robert L. Langley, Bill Francis and George G. Alexander. I think Kershaw County will be fairly represented with those gentlemen, provided that they will declare on the stump that they voted for the calling of the Constitutional Convention, and if they or any other candidate cannot show sufficient evidence that they voted for the calling of said convention, then there is no danger of his ever getting there. Then if these candidates are not acceptable to the people, let me propose the names of Gen. J. D. Kennedy, Hon. William D. Trantham and Mr. Joel Hough. I am not in favor of all lawyers, but I think the lawyers I have just mentioned will do to count on to frame a constitution for white folks, niggers and mulattos.

With kind regards I conclude. H. T. J.

Longtown.

On the night of Apr. 28th, the store of Wilds Brothers' was broken into. The thief made his entrance by boring with an auger through a plank. Five bolts of calico, two pairs of women's shoes and a bag containing 52 cents in coppers and two dimes. The track of the thief was followed by Trial Justice Mather, Mr. Wilds, the writer and several others about 2 miles down the Camden road, where he left the road and took through the woods. A short distance from the road we found the five bolts of calico covered up with some pine tops in a gully. His tracks were still followed through the swamps and bottoms for

or miles where he was trailed to his home. There he was found with 2 pairs of shoes, one knife and the money that was assessed. His name is George Perry. He has served one term in the State penitentiary. He is now on his way to the County Jail where he will be kept until he can be sent to court.

The daughter of Mr. R. V. Stewart, who was so badly burnt at the 20th of April's doing very well. She is being attended by Dr. F. H. Harrison.

A great many of the boys and girls are attending a nice time at the Fall's on a few days. He has been taking a special course in the John Hopkins Marine Hospital, Baltimore.

We have had a great deal of trouble with crops that are up and looking well.

Long Branch.

Mr. Editor:—Our community was shocked by the death of Mr. R. L. Thorne, son of Mr. J. S. Thorne, who had recent occasion at Clens on College on last Sunday morning April 28th. He was sick only 7 days. His father was unable to get to him. His youngest brother was telegraphed for and reached him in a few days. He was very low, but conscious enough to recognize his brother. Deceased was a most excellent young man and had many friends. He was a member of the Baptist Church. The funeral took place at Hackory Head Church, near Westville. The services were conducted by Rev. F. A. Dabney. This a bright and promising life has been brought suddenly to a close. To his bereaved parents and other relatives we tender our deepest sympathies.

The farmers are very much behind with their work on account of so much rain.

Mr. Alex Brown has been quite sick for the past week, but we managed to say that he is able to be at his work again.

Probate Court Notice

The Act of the Legislature passed Dec. 24th, 1889, to wit, an act and severals against Executors and Administrators, may be unknown to them, therefore this notice is given. The Act provides—1st. That they shall make their annual returns in January and February. 2nd. If they neglect to make such returns in that time the Judge of Probate "forthwith" shall cite them to do so. 3rd. If they neglect to do so, twenty days after notice of the citation they shall be "adjured in contempt," and the Probate Judge is "required" to attach them for contempt of Court, until such return is made. 4th. Defaulters shall be fined twenty dollars for each and every day during which the default may continue. The reason of the Act includes Guardians and Trustees. C. C. HALE, Probate Judge.

INGLESID MARI

AS A DISINFECTANT. Every Dairyman, Liverman and keeper of domestic animals in stables should provide for their health by a daily use of Iodine. STALLS, GUTTERS AND BEDDING. It will more than pay for its cost in this one thing alone. Every one who has Iodine, sinks and drains, has noted its remarkable disinfecting powers. NO SMELL LIKE IT. To destroy all obnoxious gases and thoroughly disinfect the premises. AS AN ABSORBENT. It is unquestionable. It has a strong chemical affinity for ammonia. Where manure yards and piles are sprinkled with it, once or twice a week, all of the ammonia is retained. Otherwise it is evaporated, or leached out by the rains. The best agricultural authorities agree that it is worth more than its cost as a manure agent. BOTH OF THESE CONSIDERATIONS. Who wants to keep their premises healthy, and add to the VALUE OF THE MANURE should use the Ingleside Calcined Marl. If not for sale by your local dealers, order of us. For sale by the barrel, bag or cartload. Ingleside Mining & Mfg. Co., Charleston, S. C. Julius D. Koster, Sec. & Treas.
