The Miners' Strike the Only Hindrance to Better Business.

R. G. DUN & CO'S REPORT

Crops Helped By Abundant Rains Still Large Stocks of Cotton Goods Accumulated.

R. G. Dun & Co's, roport of trade for the week ending July 17th, says; Excepting the great coal miners' strike, which may terminate at any time, there is scarcely a feature of the business outlook which is not encouraging. The crop prospects have been improved by needed rains, and foreign advices continue to promise a large demand. In many home industries, particularly in building, there is more activity than in any year since '92, and the week has brought a better demand in boots and shoes and in woodlns, whille the movement of freight, mostly iron ore through the Salt Ste Marie Canal, is the largest in its history. With the money market unclouded, there is nothing in sight to hinder rapid improvement when uncertainty about legislation has been removed, for the miners' strike could not last long if business and industries should become active. There is now much less appre bension of a failure of fuel supply than there was during the first few days, when prices rapidly advanced. Large quantities of coal from West Virginia have reached Northern markets, but some of the miners in that State have struck. The advance in wheat to 81, cents was not due to Government estimates, which were followed by a deeline, but to foreign advices, and considerable buying for account. Demand s largely felt from Australia, South Africa, Brazil and even Argentina, while the promise for European crops is not considered bright. The disposition of farmers to keep back wheat for higher prices may affect the outward movement, but Atlantic exports during July, flour included, have been 3,115, 413 bushels, against 2,053,817 last year, although in the same weeks 4,659,315 bushels of corn went out against 1,514,-072 last year. Wheat closed four cent higher for the week and corn beent higher. Cotton is a sixteenth higher, the closing or partial stoppage of important New England mills hardly neu tralizing, in the market's estimation

apprehension of injury from drought. The cotton goods market does not yet reduce large accumulated stocks, as the curtailment of production shows, but is growing a little more, healthy without change of prices. Woolens for the oming season have not been generally shown, though in some low-priced goods an advance of 73 per cent, was asked and presumably will be asked on better grades. There is rather more business in re-orders and the tone is more confident. Speculation in the wool market continues with prices at all points shonger, at Boston advancing with signs of a boom among deal ers, in which manufacturers are taking little part, at current prices, and at the West, where holdings are looking for a great advance. Imports at Eos-ton were 28,862 bales in two weeks, and lealers are said to have brought 100,-000 bales more in London. Sales were 10, 420,000 ponneis at the three markets for the week, and 24,572,800 in two weeks, of which 12,607, 200 were domest the strong People's Union at Buffalo,

The output of iron furnaces July A was 164,061 tons weekly, against 164,-380 June 1, but several furnaces have gone into blast since June 1, and the output is large for the season. Presumably an unprecedented share of it is to supply the great steel companies which are even now putting more furnaces into blast, and have heavy orders taken when prices were dropped, while the demand for structural shapes and plates is large, and for bars improving, though steel bars are now at the lowest quota tion ever known in Pittsburg, 871 to 90 cents, with Bessemer pig quoted slight-

v lower. Failures for the week have been 26 in the United States against 269 last year, and 27 in Canada against 39 last

### MADE A DYING STATEMENT.

A Woman Assaulted, Knocked in the

Head and Thrown on a Bed. Major Terrell, a negro, criminally assaulted Mrs. Martin Thomas, a white mit of woman living in the country, five miles from Elba, Ala. She was alone, in her house with her six-month's old boy. During the assault the woman was struck on the head and thrown on the bed beside her sleeping infant. Fagots of pine wood were then piled around ier by the brute and set fire. The flames attracted the attention of some passersby, and they reached the woman in time to get her dying statement. The buby was roasted. Terrell was arrested when a mob broke up the court, took him out and hanged him. him out and hanged him.

STILL ANOTHER CASE, A special to the Advertiser, from Ellie be strictly enforced ag from the United States, found by her children burned to death. On the 19th Consul G She was lying on the floor with all her clothes burned off and her body charred except the head. Cotton was stuffed in her mouth, and some bruises were found on the head. A negro named Terry, who worked on the place, was arrested on suspicion. He admitted staying at cartain P the house until midnight. One report territory, says a mob-took charge of the negro. but another special from Troy says he was not lynched. The location is many miles from the tailread.

### The Inrift Bill Agreed On.

The Republican conferces on the tariff bill, representing the two houses of Congress, have agreed upon all the comment on Spain's finances. items of the bill, and the result of the pertisan conference will be submitted to the Democratic members of the conference at the full meeting. Cotton bagging and ties are taxed, the stamp tax dropped, and the sugar schedule has been changed quite materially. It is thought now that an early adjournment of Congress is in sight.

#### ----Washington Gossip.

A Washington dispatch says that France and England contemplate the completion of the Panama Canal.

Senator Butler, of North Carolina, has introduced a bill to make every post office a savings bank. The President has sent to the Senate the nomination of Terence V. Pow-derly, of Pennsylvania, to be Commis-

sioner General of Immmigration. There is definite talk of accepting the Pacific Railway's Reorganization Com-mittee's offer of \$28,500,090 in settle-ment with the Government.

FIFTY-FIFTH CONGRESS.

Report of the Proceedings from Day to Day.

SENATE.

all was agreed to, restricting the price of armor plate to \$300 per ton, or \$135 less than the amendment reported by the committee and recommended by the Navy department, as the minimum ors. Another amendment inserted in the bill directs the Secretary of the Navy to ir vestigate as to the establish ment of a Government armor factory and to report to the next session of Congress. This was Senator Butler's amendment, of North Carolina. Other prograduents to the bill were made as follows: For improvement of Cumberland Sound, Florida, \$50,000; to pay balance of \$14,485 to claimants under Spanish American claims commission. The deficiency appropriation

bill was then passed.

July 14rn.—The Senate was in leadlock over the question of taking up the resolution directing the President to suspend the agreement to sell the government's interest in the Upion Pacific railroad. majority of two to one in favor of taking up the resolution, but there was no quorum present. The absent Senators were out of the city. A parliamentary device opened the subject to debate, which continued throughout the day. Morgan and Harris speaking for, and Thurston and Geor against the resolution. It finally went over.

JULY 15TH. The Senate spent the cific matter, and the Harris resolution relating to the pending judicial proeedings against the road went over. The joint resolution was passed, accepting the invitation of France to participate in the Paris Exposition of 1900. The effort of the Senate to dispose of some of the nominations on the calen lar, which it was agreed to on the 14th, which should have been made, proved fruitless, and they went into executive session.

JULY 18TH. - The opening session of the Senate was brief and uneventful. The Harris resolution relating to the mion Pacific railroad was discussed. At 1:30 the Senate went into executive ession, remaining behind closed doors intil 6 o'clock, and then adjourned unil the 17th.

JULY 17TH. - Senator Morgan, of Alabanna, occupied most of the time in the Senate in support of the Harris resolution relating to the Union Pacific Railroad. He severely arraigned the executive officials connected with the sale of the government interest in the road. Final action on the resolution was not reached. The Senate soon after meeting went into executive ses-

was principally devoted to a discussion of Harris' resolution relating to the Union Pacific Railroad, Morgan, of Alabama, concluded his remarks in favor of the resolution, and Stewart spoke in opposition to it. Thurston, of Nebraska, was speaking in opposition when, at 5 o'clock, the Scuate went into executivo session, and shortly thereafter adjourned.

HOUSE. JULY 13TH. - The House was in sesion only three minutes, as the deficiency bill would not be ready to act

until the 14th.

JULY 14TH. - When the House re sumed its session after the recess taken on the 13th, Cannon moved non-concurrence in the Senate amendments to the general deficiency bill, which came over from the Senate. Hopburn (Rep.) of lows, asked if he would not permit separate vote on the amendments relating to armor plate. Cannon replied that the House would be given an opportunity to express its opinion on the inbreet, and with this assurance Hep burn withdrew his request. The mo tion prevailed, and Cannon and Savers were appointed conferees. Simpson says the House seems to have but little

need of a set of rules. JULY ISTH. - No business was transacted by the House. Immediately after the journal was approved a recess was taken on Mr. Cannon's motion until the 16th. Mr. Cannon had given assurance to Mr. Bailey that in his opinion a partial or complete conference report on the deficiency bill would be ready

by that time.
JULY 16TH. - The House agreed to the partial conference report on the general deficiency appropriation bill, and then concurred in the Senate amendment, fixing the limit to the cost of armor plate for three battleships, now building, at \$300 per ton. Davis (Dem.), of Florida, made a strong ap-

peal to the House to concur in the \$50,-1000 appropriation for Cumberland Sound, Fla., but Mr. Cannon resisted it. The House finally concurred in the amendment, and at 6:35 adjourned until

July 1974.—The conference report on the tariff bill was adopted by the House shortly after midnight by a vote of 185 to 118. This eclipses all previous records. The result was accomplished after 12 hours of continuous debate. But two speeches were made by the Republicans, one by Governor Dingley in

opening the debate, and one by Mr. Payne, of New York, in closing it. The Democrats were thus forced to put speaker after speaker, but bombardment of the Reforth publican position was unanswered. In all 10 Democrats and one Populist made speeches. The sugar schedule was the main point of attack. Every Republican in the House who was present voted for the report. The Democrats, with five exceptions, voted against the report. The oxceptions were Messrs. Slaydon, of Texas; Broussard, Meyer and Davey, of Louisiana, and Klemser, of Texas. The Populist and silverites did not vote solidly. Messrs. Shafroth, of Colorado; Newlands, of Nevado, and

Hartman, of Montana, a silverite, did not vote. The Populists who voted ngainst the report were Messrs. Baker, Barlow, Bolkin Fowler, Jett, Lewis, Marshall, Martin, Peters, Simpson, Strowd. An applysis of the vote shows that 184 Republicans and 5 Democrats voted for the report, and 100 Democrats and 12 Populists against it.

Epworth League Matters. At Toronto, Ont., the Epworth League met on the 14th and decided that the convention next year will be held at either Seattle, Wash., or Oma-ha, Neb. The report of Grand Secretary Schells showed 17,756 local chapters and 5,890 junior leagues, with a mem-bership 67 1,600,000. The official organ of the League, the Epworth Herald was shown to have 110,000 subroribers,

JULY 13TH. In the Senate an amend-ment to the deficiency appropriation U. S. Senate Without Opposition.

WILL HARDLY PASS THE HOUSE.

General Effect of the Bill is to Carry Out the Provisions of the South Carolina Dispensacy Law.

Senator Tillman has succeeded in passing his dispensary bill through the Senate without objection. The bill provides that all formented, distilled or other liquors transported into any State or Territory for use, consumption, or sale shall be subject to the operation and effect of the laws of such State, and shall not be exempt by reason of being introduced in original packages for private use or otherwise; and such States shall have absolute control of such liquors within their borders, by whomsoever produced and for whatever use imported, provided that nothing herein contained shall be construed as effecting the internal revenue laws of the United States or of liquors in transit through such States The general effect of the bill is to carry out the provisions of the South Carolina dispensary law, not withstand

ing the numerous decisions obnoxious to the enforcement of the said law. The bill passed the Senate without a word of discussion, by ununimous consent. It was reported from the commerce committee more than a month ago. Senator Tillman has been industriously at work upon it ever since. The trouble will come when the attempt is made to pass it through the House. Senator Tillman admits that he hardly expects to get the House to pass on it during the present session, looks for favorable action next winter. The position of the bill is improved by its passage through the although many bills have failed to become laws after being passed by one branch of Congress.

#### TO MAKE WAR ON U.S.

Spain and Japan Leagued Together to Protect Cuba and Hawaii

Paris, July 15, -- (By Cable) -- A dispatch to a news agency in this city says enquiry at the American embassies there has elicited a confirmation of the rumor that the governments of Spain and Japan have arranged an offensive alliance against the United States. The terms of the understanding, which is for the mutual protection of Cuba and Hawaii, provide that in the event of an actively agressive movement on the part of the United States, tending toward interference in Cuban affairs, or persistence in the annexation of the Hawaiian Islands, both Spain and Japan shall declare war simultaneously against the United States and shall make demonstrations along both the Atlantic and Pacific coast lines of the country.

NOT BELIEVED IN WASHINGTON. Washington, July 15.—(Special).— Little credence is placed in official circles here, in the statement that the Spanish and Japanese governments have entered into an offensive alliance against the United States for the mutual protection of Cuba and Hawaii.

WOMEN ON THE ROCK PILE.

Kansas Women Threaten Vengeance If the New Order is Carried Out. The orders of the police commissioners of Kansas City, Kan., that women prisoners must work on the stone pile along with the men, has caused a great commotion, and has not yet been put into effect. Perhaps it may never be. The Current Event Club, an organization of women, has expressed itself as immeasurably shocked and has called an indignation meeting to protest against the threatened disgrace and

degradation of women. The members threaten that enforcement of the order means the retirement of the police commission from office at the first opportunity, and as women vote in municipal elections, the threat is not regarded as altogether an idle one, and may have its desired effect. Their principle objection is to that part of their order compelling the women to work without skirts and to wear overalls instead. The police officials stand by their order and say that the first woman prisoners whose fines are not paid

#### will go to the rock pile. A STUBBORN FIGHT.

House Conferees May Concede Free Cotton Bagging and Tles. Senator Bacon, of Georgia, says the House conferees are making a stubborn fight against free cotton bagging and free cotton ties, and the friends of the Sonato amendment will have a hard fight to keep these articles off the dutiable list. The Senate conferees insist that these articles shall be on the free list, and the question may have to be fought out in open session again, Senator Bacon is of the opinion that the House will finally yield to the Senate on these two items. He says he has eyery reason to believe the duty on raw cotton imposed by the Senate will stand.
