

THE SENATORIAL CAMPAIGN.

Candidates are Stumping the State for Earle's Place.

A SUMMARY OF THE SPEECHES.

Irby Says He Made Evans Governor—McLaurin Not Present on Account of Illness—Evans on McLaurin.

The following is a brief summary of the Senatorial campaign speeches from day to day.

The Williamsburg Meeting. The meeting today, after that of yesterday, was like a calm after a storm.

Col. J. L. M. Irby began: "This campaign is unparalleled in the history of the State for taking underhand advantage and for dirty tricks of dirty henchmen."

Col. Irby here vehemently denied the report that he was running as a "loose horse" to elect Evans.

His record as a Democrat and his opposition to both Evans and McLaurin were made the subject of his speech.

Mr. John Gary Evans opened his speech with some pleasant remarks about Col. Irby being his political father.

Mr. Evans concluded with his argument on the tariff. He was applauded.

The Meeting at Manning. With the exception of a declaration by Colonel Irby that he cheated in the March convention of 1890 to secure the nomination of Tillman, the candidates made their usual speeches without variations.

Mr. Evans, at the outset of his speech repeated much that he said yesterday about the dishonorable warfare that was being waged against him.

Mr. Evans, at the outset of his speech repeated much that he said yesterday about the dishonorable warfare that was being waged against him.

Mr. Evans, at the outset of his speech repeated much that he said yesterday about the dishonorable warfare that was being waged against him.

THE RAILROADS TO BE SUED.

A Sensational Act on the Part of the State.

THE "ORIGINALS" MUST STOP.

Gov. Elberbe Talks Very Frankly About the Dispensary Situation, and Gives Some Opinions.

Governor Elberbe, in conversation with a representative of the Columbia Register, on the 24th, had the following to say on the dispensary situation, etc.

"In all purchases or sales of intoxicating liquors made as contemplated in this act, the State Board of control shall cause a certificate to be attached to each and every package containing said liquors which is shipped to the State commissioner for the place of purchase, or by State commissioner to the county dispensary, certified by their official signatures and seal, which certificate shall state that the contents of the package have been purchased by the State board of control for sale and use within the State of South Carolina, under the laws of said State, and shall also be attached to all such liquors that are shipped to the factory of the South Carolina College that samples of the same have been tested as required by this act; and without such certificate any package containing liquors which shall be shipped from place to place within the State, or delivered to the consignee by any railroad, express company, or other common carrier, or be found in the possession of any common carrier, shall be regarded as contraband, and may be seized without warrant for confiscation, and the common carrier or liable to a penalty of \$500 for each offense."

The Florence Meeting. At Florence Col. Irby declared war against Tillman. In the most remarkable speech he has made in this campaign he rebuked Tillman for ingratitude and treachery.

Col. Irby closed with an appeal for the factions to get together and save the democratic party in this State.

CONDITION OF COTTON.

South Carolina Weekly Crop Bulletin.

The following is a brief summary of the Weekly Crop Bulletin, as issued by Section Director Bauer at Columbia:

The condition of crops are less uniform than heretofore, especially of cotton, which remains unimpaired in the western and northern sections of the State, but deteriorated rapidly over the central and eastern sections, owing to an excess of moisture and absence of sunshine, which caused open bolts to sprout, cracked bolts to rot and the plant, generally, to shed young bolts and squares.

The condition of corn has steadily improved as the estimates of yield are increased by correspondents, except on some bottom lands where it is too wet and where it is turning yellow.

Peas were injured in places by the heavy rains, but generally are very promising. Pea-vine hay cutting will begin this week.

Sweet potatoes are looking well and digging has begun with excellent yields. This crop promises to be a large one.

Much grass for hay was destroyed by the late rains, especially in the western counties. Pastures continue in excellent condition. Fall vegetables are being planted in the trucking districts. Late fruit scarce, except pears which are plentiful and of fine quality.

The convention of labor leaders in session at St. Louis, Mo., adopted resolutions denouncing the Supreme Court. Eugene V. Debs delivered a strong speech before the convention, which was heartily cheered.

J. L. McLaurin for Senator.

He Has a Considerable Majority Over Evans and Irby.

THE LATTER IS BADLY LEFT.

A Light Vote Was Polled—McLaurin's Majority 10,252—Back District Returns Won't Cut Any Figure.

Columbia, S. C., Aug. 31. (Special) From all returns received up to 10 p.m. tonight McLaurin will be nominated for Senator by a considerable majority over Evans and Irby.

A light vote was polled in the senatorial primary, probably not exceeding 60,000. Last year, in the contest between Judge Earle and Governor Evans 88,000 votes were polled.

JOHN L. McLAURIN.

The latest returns, covering all accessible points tonight, give McLaurin 10,252; Evans 6,230; Irby 3,570, a majority for McLaurin of 10,252. This may not be materially increased, but it is too great to be possibly absorbed by any returns from the back districts yet to come.

The convention of labor leaders in session at St. Louis, Mo., adopted resolutions denouncing the Supreme Court. Eugene V. Debs delivered a strong speech before the convention, which was heartily cheered.

ENCHANTING LAND, FAREWELL!

Rabbi David Marx Writes of His Visit To "The Land of the Sky."

It is a relief to leave his hands of men; the cities crowded with burdians, sweltering beneath the burden of toil and the hot mid-summer sun and wind our course to the lofty summit of mountain.

How invigorating are the breezes that tumble through the cloud kissed cañons, exact with the fragrance of fresh-leaved forests. The soil under goes transformation. A new freedom possesses body and mind. The voices of the mountains stir to the quick every latent energy; and nature, unfolding within, breathes new life.

"Land of the sky! Whoever named thee so, spoke no idle word, but truer were the thought: 'Gateway to the earth and heaven.'"

This region is most charming. Pelion is not piled on Ossa, but banked against each other like the huge waves of red-fled sea mountain succeeds mountain, dense with luxuriant foliage, until lost in the haziness of the distant blue, a variable sea of mountains threatens to engulf the verdant valley that nestles below us, quietly resting, securely guarded by its heavy somnifera of thick-voiced cliffs. Here earth looks to heaven with smiling contentment, and heaven rejoices at the gladness of earth. The very clouds, that "rise like exhalations" from the valley, and multiply their soft apartments, wear an air of fellowship. Phantasmic, as a breath they pass and array their battalions of cumuli to glorify the departure of the day's sun.

And when night majestically spreads her star-studded mantle over the bosom of earth, and one by one the many pointed constellations twinkle with rough friendliness, how much more brightly appear these silvery decorations from our mountain retreat than when obscured and dimmed by clouds of valley or smoke of city.

Here the lover of natural scenery finds undying satisfaction. Every step shifts the slides of the marvelous panorama and throws before the eye a dissolving view of blending shades, color, outline and background, an entrancing and ever new business, was a genuine friend. It was agreed that the basis of representation at the Chicago convention should be one delegate to each local labor organization, and two for each congressional district, and every man to be a wage-earner. The chief appointed Eugene V. Debs, Severance, Donnelly and O'Connell a committee to arrange for the Chicago convention, and informed the convention that any money intended as contribution for the striking miners should be sent to the Secretary of the United Mine Workers, at Columbus, O.

Mr. Mahon, of Detroit, introduced a resolution calling upon the miners to work in Missouri, Iowa, Kansas, Kentucky, and other fields to quit work and denouncing those who are enemies of human liberty as long as they continued their present course. Notwithstanding the convention had declined to act on President Roosevelt's resolution requesting President McKinley to deny the authority of judges to issue injunctions, a resolution to that effect, requesting the chairman of the convention to ask President McKinley to act in that direction, introduced by W. D. Hyatt, the miners' organizer, was brought with a whoop.

It was decided to hold another convention Sept. 20th, unless the strike is settled, and the convention adjourned sine die.

Beautiful mountains of North Carolina, so calm and majestic, so lofty and inspiring! Would that mankind might behold ye, noted in the fims of woodland, the hazy blue of atmosphere, the soft shadow of clouds and the benign radiance of heaven! Upon your summits, the king of clay smiles and ever hears the glad music of the wind, the full-faced orb of night sheds her softest beams of silvery brightness. Round you play the storms of heaven, terribly majestic! Amongst you dwell the peace of sunshine and the grace of beauty.

With reverent love and hallowing presence and the abode of your hardy souls filling the steep slopes of your stout-ribbed sides. Back to the haunts of men we wander, our vacation ended. Homeward we turn our eyes to the sky, but with a new bounding strength to assume the duties of life; richer in faith; wealthier in activity; nobler in thought.

EUROPE NEEDS OUR HORSES.

All Consular Offices on the List Have Been Promised.

WILL REMAIN IN WASHINGTON.

Better Mail Delivery—Prospectors in Alaska Dependent on Charity—Other Newsy Items.

The decision handed down recently by the Attorney General to the effect that Deputy United States Marshals cannot be considered as covered by the civil service law, by reason of the fact that the Marshals are compelled to give bond not only for themselves, but for their force, has called attention to the fact that deputy collectors of internal revenue are in precisely the same category. When this decision was called to the attention of Acting Commissioner of Internal Revenue, Mr. Acting Commissioner Wilson, "are supposed to be under the civil service. In reality, however, the civil service is a fifth wheel, so to speak. Deputy commissioners of internal revenue are appointed at the commencement of the term of the new collector and hold their office for a period of four years. The collector of internal revenue, as is the case with the United States Marshal, gives an indemnity bond for all the employes of his office, and the department has held them under these conditions as long as they are proper that he should have full authority to select his own assistants. It would scarcely be reasonable for a new collector to be compelled to rely upon employes whom he did not know, and who belong to the opposite party. These offices are very different, from the clerks in the department. The idea, therefore, that the employes in the internal revenue offices are under the civil service seems to be a fallacious one. The civil service acts only a fifth wheel, and is elastic as the collector may desire."

In connection with the coming French exposition, Secretary of Agriculture Wilson hopes to develop a plan by which breeding of horses for use in cavalry of European armies will be encouraged. The demand for horses for army use is very great in Europe. The French government sent an army officer to the States to learn how far horses could be drawn from this country for the French cavalry and artillery. The report was most favorable to American breeding and as to abundant supply. The needs of England in her military operations in Africa and Asia are also being met by the United States. The report was most favorable to American breeding and as to abundant supply. The needs of England in her military operations in Africa and Asia are also being met by the United States.

Several complaints have reached the Treasury Department recently that large numbers of men bound for the Klondike country, but without provisions or money, are now being landed at St. Michaels, Alaska. It is said, will be paid parties for the Klondike who are not provided with a sufficient amount of provisions and money to maintain themselves for a reasonable time without danger of suffering. Some of the tramp lines of steamers, however, are said to carry one who can pay for his passage, without regard to the future. The result is said to be that a considerable crowd is accumulating in the vicinity of St. Michaels, who are becoming dependent upon the charity of others for food. This unexpected situation, it is feared, will lead to trouble before the winter is over, and the Treasury Department has been asked to interpose to prevent vessels from taking to Alaska persons not properly provided with subsistence.

Consular applicants will be interested to learn that every consular office in the gift of the administration has been promised, and the names of the fortunate ones are now on file opposite the names of the applicants. It is said that when the President gets time to make the appointments, this information is vouchsafed by the State Department to a gentleman who called on behalf of the Republican National Committee to have a place fixed for one of Senator Hanna's friends.

The trustees and elders of the First Presbyterian Church are very positive that Dr. A. De Witt Talmage will not accept any call from Plymouth Church, Chicago, or anywhere else. They state that they have received no word from Dr. Talmage expressing any change from his avowed intention of returning to them in September, and that they are determined to inform them if he did have any new plans for his future.

First Assistant Postmaster General Heath has issued special instructions to postmasters throughout the country providing for the speedy collection and mailing of letters, the instructions being intended especially to benefit the commercial travelers and theatrical companies.

The report submitted to the Navy Department upon the condition of work on shipyard buildings and other structures under construction at the Washington Navy Yard, is said to be very satisfactory.
