

OUR DEMANDS PRESENTED.

Spain Asked to Cede the Entire Philippine Archipelago.

AN INDEMNITY OF \$20,000,000.

The Ultimatum Also Treats of Religious Freedom of the Caroline Islands, the Taking of Cable, Telegraphic and Naval Stations and the Renewal of Treaties.

PARIS (By Cable).—The Spanish and American peace commissioners met in joint session at 2 o'clock Monday. The Americans declared that the United States must have the entire Philippine archipelago, and for a treaty cession of the islands the Americans tendered to Spain \$20,000,000. It is further declared that it is the purpose of the United States to maintain the Philippine Islands as "an open door to the world's commerce."

It is also declared that the United States desires to treat on the religious freedom of the Caroline Islands, an agreed between the United States and Spain in 1888, and also of the acquisition of one of the Caroline Islands for an American naval station and cable-landing rights at other places in Spanish jurisdiction, and the revival of certain Spanish American treaties as heretofore in force.

Indictments Against Quay.

PHILADELPHIA (Special).—The grand jury has presented to the county court true bills of indictment against United States Senator M. S. Quay, his son, Richard R. Quay, and Benjamin J. Haywood, ex-State Treasurer. The bills charge the defendants with conspiracy with John S. Hopkins, late cashier of the People's Bank, for the unlawful use of the moneys of the bank in the purchase of stock and conspiracy with Hopkins in the misuse of State funds on deposit in the People's Bank. Hopkins committed suicide by shooting in March last. The true bills returned by the grand jury are five in number.

Queen Lili Arrives—Her Mission.

On board the steamer Coptic, which arrived in Honolulu from the Orient, via Honolulu, was ex-Queen Liliuokalani, of Hawaii. The ex-Queen is very reticent regarding her mission to this country, but from the passengers on the Coptic it was learned that the general impression is that she has come to make formal application for the restoration of the Hawaiian crown lands, valued, it is said, at \$6,000,000. It is claimed that the crown lands are private property and are not subject to confiscation.

Gen. Longstreet's Report.

General James Longstreet, the commissioner of railroads, in his annual report, calls attention to the general prosperity in railroad affairs and recommends the government construction and operation of a first class double-track road from Kansas City, Mo., to San Diego, Cal., by air line route. He says that the physical condition of our railroads generally is better than ever before. Many roads which in 1893 were forced to cut 20 per cent, have voluntarily restored the old basis of wages.

A Walk-out of Operatives.

Augusta, Ga. (Special).—After threatening for some days, the local mill trouble has culminated in an individual walk-out. The strike is now confined to the three of the largest mills and two smaller mills being included in the trouble. They are: King Mills, 60,000 spindles, 1,085 hands; Sibley, with 900 hands and 40,250 spindles; Enterprise, 88,000 spindles, 1,050 hands; and 3,438 spindles, 405 hands. The affair is styled an "individual walk-out," while it is in reality a strike.

Advised to Change the Name.

The committee in charge of the Atlanta peace jubilee, for which December 14th and 15th have been set, has received a telegram from the President requesting them to change the name of the celebration from peace jubilee to "a demonstration over our victorious arms." The telegram gives as the reason the "uncertain outcome of the Paris conference and the exigencies which may arise."

Shelled by Spanish Gun Boats.

Passengers who have arrived in Manila by the steamer Adelaide, report that two Spanish gun boats recently visited Sorogon and fired three shells into the town, claiming that the insurgents there refused to lower their flag when ordered to do so. On the insurgents showing fight, it is said, the gun boats left hurriedly. The shells did little damage.

Dewey Wants to Take It All.

President Dewey, of Norwich University, has received a personal letter from Admiral Dewey, under date of October 2, in which the admiral says: "I want the entire Philippine archipelago."

MANY LOSE THEIR LIVES.

Terrible Railroad Accidents in New York and Illinois.

MOWED DOWN LIKE GRASS.

Pana, Ill. in Terror of Negroes—Numerous Encounters Between the Negroes and Miners—To Raise 3 of Dewey's Ships.

NEW YORK (Special).—While a gang of 20 track hands were at work upon the Pennsylvania Railroad's line over the Hackensack, near Jersey City, they were run down by a local passenger train. Eleven of the workmen were killed outright and five were seriously injured. Only three escaped unhurt. The dead men all lived in Jersey City. Wm. Quirk, the foreman of the gang of workmen, made this statement: "The smoke and fog are to blame. My men were in a cloud of smoke when the calamity came upon us. I had Michael Lawless stationed about 50 yards ahead of the gang, to give us warning. Lawless was struck first and cut to pieces. My men were mowed down like grass."

Engineer Van Nostrand said: "I felt sure that the track was clear, and no idea that in that cloud of smoke and fog, just ahead of me, were twenty laborers who did not know of my coming. I got within 100 yards when my locomotive struck the outpost, Michael Lawless. I put on the brakes at once, but in another second I was upon the main gang, and my locomotive cut them down before I could stop the train."

Other Accidents in the Fog.

WILTON, Ill. (Special).—Twenty-two men were more or less seriously injured in two railroad wrecks near here during a heavy fog. In a head-on freight collision on the Rock Island at Moscow, brakeman John Donahue was fatally hurt and brakeman Mills had a leg broken. Three other men were seriously injured. Donahue did not long survive. Just after the accident a construction train, which left here to clear the track, was struck by the fast mail. The crew of the mail train failed to see the signal displayed at Wilton to stop. The construction train had on board about 20 men, including section men and citizens of Wilton, going to the scene of the Moscow wreck. Of this number 17 were more or less seriously injured but none killed.

Pana in Terror of Negroes.

PANA, Ill. (Special).—Desultory firing in every section of the city continued through Friday night. The terrorized citizens were huddled in groups which were guarded by heads of families left the city and spent the night in the country. C. H. Heath, an ex-railroad man, whose home is in Flatland, a negro district, was fired upon by the blacks, and himself and family were driven to shelter in the country. The blacks claimed shots were fired at their homes from Heath's yard, a statement which he denies. Members of Troop B were kept on the alert all night, but accomplished little. A colored union miner reported to the police that a white man had been killed in the Flatland district. Officers Smith and Lee, accompanied by the negro, started for the scene, but they were met by Captain Butler, the militia commander, who refused to enter the Flatland district. Captain Butler refused to send a guard to accompany the officers. In the Springside, Ed Jones, a white non-union miner, is reported to have been shot in the back and dangerously wounded. A report reached here that 75 negroes with Winchester had lined up in Springfield to clean out the whites in that section. Captain Butler at once sent troops to the scene.

To Raise Three of Dewey's Ships.

The United States navy will soon possess more than a sprinkling of foreign built warships. Admiral Dewey has informed the Navy Department that he has contracted with a Hong Kong firm of workers to raise three of the Spanish war vessels, sunk in the battle of Manila last May. The cost of raising the ships and putting them in through repair will be \$500,000.

On a Comprehensive Scale.

The national quarantine convention at Memphis adopted a resolution for the establishment on a broad and comprehensive scale of a national bureau and public health in the Department of the Treasury of the United States, and that the administration of all the public health functions now exercised by authority of the United States be placed in the charge of this bureau.

Dreyfus Heard of It.

The Governor of French Guiana has sent a dispatch to the Colonial Office in Paris, saying that Alfred Dreyfus, the former French officer undergoing imprisonment for life on Devil's Island, has been informed of the revision proceedings in his case.

The Keely Motor Man Dead.

John W. Keely, inventor of the Keely motor, died at his home in Philadelphia, with pneumonia. Mr. Keely was 51 years of age and leaves a widow.

Lieutenant Young, of the Hist, Reported to Be Dead.

Lieutenant Young, of the Hist, reported to be dead at the Marine Corps Hospital in Manila. He was struck by the opening fire of the insurgents, and is in good condition.

Must Order for Vessels of the Navy Yard.

Such orders for the several war vessels now being repaired at the Charleston navy yard in Boston, Mass., has been received. These vessels are the USS Amphitrite, the USS Detroit and the USS Albatross.

Experiment in Dakota.

South Dakota is the first State in the Union to adopt the system of direct legislation by the people. Although the official returns have not been received, the election will make it certain that the people have voted in favor of the initiative and referendum.

SPAIN'S NOTE TRANSLATED.

Wants an Arbitrator to Interpret Some Parts of the Protocol.

THREE CHILDREN CREMATED.

It Was the Work of Fiends—A Perdition Tree Falls Victim to Negro Soldiers Vengeance—Anti-Annexationists Meet.

WASHINGTON (Special).—The last paragraphs of the long translation of the Spanish note, which was presented to the American peace commissioners, were deciphered at the State Department Saturday evening. It appeared that in addition to the long argument which was intended to show that the word "disposition," used in relation to the Philippines, meant something else, the Spanish note did include a proposition to submit the Philippine question to an arbitrator. There are several matters of real importance, though not ranking with the Philippine question, to be treated by the commissioners, but the instructions to the Americans are not to call upon the Spaniards until the main pending issue relative to the Philippines has been settled, in order to avoid complicating the proceedings. One of these subjects concerns the restoration of trade relations between the United States and Spain. At the beginning of the war, Spain terminated all of her treaties with the United States, and if the two countries are to get along amicably, even after the declaration of peace, there must be working arrangements for the protection of trade interests, equalization of tariff charges, the regulation of extradition and such subjects as are usually included in treaties of trade and commerce and amity.

With a view to bringing matters to a speedy conclusion our commissioners, by direction of the President, will lay before the Spaniards the final and irrevocable demands of this country, allowing a specified time in which our conditions may be either accepted or rejected. This ultimatum, it is understood, involves all that has thus far been contended for, including the surrender to the United States of the entire Philippine group, and also names the amount of cash which the government will pay Spain in consideration of her expenditures on account of specific improvements and betterments in the island of Luzon. The amount of cash payment is not known, but there is a basis for the belief that it is approximately \$40,000,000.

Rioting in Macon.

Macon, Ga., had an incipient riot caused by negro soldiers. Some one pointed out to the negroes a persimmon tree on which a negro was hanged nine years ago, and this excited the negroes to such an extent that they fired a thousand shots into the tree, and then cut it down. At this stage of the proceedings Mr. Dave Riley, the owner of the land on which the tree stood, came along and the negroes started at him, yelling, "Burn him." Mr. Riley was in a buggy and got away. The negroes then went to Crump's Park, a suburban resort, for the purpose of destroying it. Henry Berker, the watchman, attempted to drive them away, but he was assaulted and his pistol taken away from him. At night a negro sentinel shot and fatally wounded another negro.

A Change of Dynasty.

A curious report in regard to Spain's future government is current in diplomatic circles in London, which from its source, is entitled to weight, that there will be change of dynasty, but a peaceful change. The Queen Regent is said to be convinced of the hopelessness of her son ever reigning and has, upon the advice of her ministers, Austria, decided, soon after the peace treaty is signed in Paris, to quit Spain with her family, and Don Carlos will be proclaimed King. Everything is reported to be ready, and the army and clergy are alleged to be eager for the change. According to the programme, Don Carlos, as soon as things are running smoothly, will abdicate in favor of his son, Don Jaime.

A Shocking Crime.

A special from River Junction, Fla., says: Three unknown white men went to the house of Andra Shackelford, a farmer living about five miles above here, in DeCATUR county, Georgia, and demanded food from his wife. She was alone with her three little children, and offered bread, saying it was all she had. With an oath they demanded meat. She became frightened and fled to the woods. The tramps caught the three little children and set fire to the house roasting the little ones to death.

A Fight in Manila.

A special from Manila says three Filipino natives hired a carriage and afterward became engaged in a dispute with the driver regarding the fare. Some members of the American military police attempted to arrest the natives, but the latter resisted and Sergeant Price, of the Minnesota regiment, was stabbed and killed, and three other American soldiers, Maher, Montgomery and Hoyt, were wounded. Maher shot one native dead. The others were arrested.

Dr. Hoge is Now a Mason.

In Richmond, Va., members of Dove Lodge, A. F. & A. M., visited the room of Rev. Dr. M. D. Hoge, where he is confined as the result of a severe accident, and the famous Presbyterian divine was made a Mason by the grand master of Masonry of Virginia, Colonel B. T. W. Duke. This incident is said to be without precedent in this Masonic jurisdiction.

Experiment in Dakota.

South Dakota is the first State in the Union to adopt the system of direct legislation by the people. Although the official returns have not been received, the election will make it certain that the people have voted in favor of the initiative and referendum.

GENTLEMAN JIM NOT IN IT.

The Sharkey-Corbett Fight Ended in a Disgraceful Fiasco.

DEWEY'S PROMOTION COMING.

President Iglesias Arrived in New York—Heavy Postoffice Robbery—A Schomner Seized in New Orleans.

NEW YORK (Special).—The Sharkey-Corbett fight, which was witnessed by the largest and most representative gathering of sporting men that ever congregated to see a ring contest, ended in a most disgraceful fiasco, at the Lenox Athletic Club. Corbett had all the worst of the encounter, when one of his seconds, "Connie" McVey, jumped into the ring, appealing to the referees, thus violating the rules, and the referee, "Honest John" Kelly, had no alternative but to disqualify Corbett and award the bout to Sharkey. McVey's interference was absolutely inexcusable and the referee, believing that there was a "job" in McVey's action, took it upon himself to declare all bets off.

Dewey's Promotion Coming.

Rear Admiral John Miller, recently detached from the command of the Pacific station has been placed on the retired list on account of age. The vacancy thus created in the highest grade of the navy will be filled by the promotion of Commodore H. L. Howison, now commanding the Boston navy yard. The naval orders contain an announcement of the retirement of Rear Admiral Francis M. Bunce, on the 25th. Admiral Bunce is commander of the New York navy yard, generally regarded as the most important shore command in the navy. Rear Admiral George Dewey will be the ranking admiral in the navy, upon the retirement of Admiral Bunce, next month. It is understood that the President will recommend to Congress the re-creation of the office of admiral, and the appointment of Admiral Dewey to the special benefit of Admiral Dewey, and there is not much doubt that Congress will enact the necessary legislation.

President Iglesias Arrived.

NEW YORK (Special).—Hafael Iglesias, president of Costa Rica, has arrived here on board the Atlas liner Altal, from Port Limon and Kingston. With President Iglesias were Ricardo Yglesias, minister of the interior, and an aide camp; Dr. Antonio Bonilla and Gen. John S. Caseman, of the Costa Rican Railroad. The party stopped at the Waldorf for a few days before proceeding to Washington. Shortly after the Altal left, a telegram for the president was received from Colonel Wm. Carter, of the War Department, representing President McKinley, to welcome President Iglesias. President Iglesias said that as he is traveling practically incognito, he would not be boarded by Colonel Carter. He had simply come here for pleasure and for the benefit of his health, and expects to take a trip to England and France. On his way home he will spend several months in the United States.

The Santiago Campaign.

Complete returns have been received of the casualties of the Santiago campaign. The Adjutant General's office has divided the campaign into different dates and periods. The statement shows: La Guisima, June 24.—Killed, 1 officer and 15 men; wounded, 6 officers and 44 men. San Juan, July 1st, to 3d.—Killed, 87 officers and 134 men; wounded, 69 officers and 938 men. El Caney, July 1st.—Killed, 4 officers and 34 men; wounded, 24 officers and 332 men. Aguinaldo, July 1st and 2d.—Wounded, 2 officers and 19 men. Around Santiago, July 10th and 12th.—Killed, 1 officer and 1 man; wounded, 1 officer and 13 men.

Heavy Postoffice Robbery.

One of the boldest robberies committed in Cleveland in years was perpetrated when the postoffice was robbed of 11 packages containing \$100 or \$1,100 in all. The money was in a pigeon-hole in a room on the second floor, and was guarded by Miss Mary Berry. She left the window for a few seconds and during that brief period the money was taken. Four women were seen acting in a suspicious manner in the corridor of the postoffice just before the robbery, and the police believe one of them to be the thief. No arrests have been made as yet.

Inquiry Begun Into the Loss of the Teresa.

The court of inquiry appointed by the Secretary of the Navy to ascertain why the Spanish cruiser Maria Teresa was abandoned and to fix the responsibility, has begun its labors in Norfolk, Va. Several of the crew of the vessel, of the Merrimack Docking Company and the Leonidas were heard, but members of the court were mum, and would not give out anything for publication.

Dr. Hoge is Now a Mason.

In Richmond, Va., members of Dove Lodge, A. F. & A. M., visited the room of Rev. Dr. M. D. Hoge, where he is confined as the result of a severe accident, and the famous Presbyterian divine was made a Mason by the grand master of Masonry of Virginia, Colonel B. T. W. Duke. This incident is said to be without precedent in this Masonic jurisdiction.

Experiment in Dakota.

South Dakota is the first State in the Union to adopt the system of direct legislation by the people. Although the official returns have not been received, the election will make it certain that the people have voted in favor of the initiative and referendum.

ITEMS OF INTEREST FROM ALL PARTS OF THE STATE.

Abbeville.—The Abbeville cotton mills were visited by a party of capitalists, some of whom were stockholders and directors. The party consisted of Mr. M. S. Milliken, of Deering, Milliken & Co., of New York; J. W. Danielson, of Lockwood mills, Water-ville, Mo.; Col. Frederick Mason, president and Mr. William H. Bond, treasurer, of Mason Machine works, Taunton, Mass.; Mr. Albert W. Cron, retired merchant, Orange, N. J.; President John H. Montgomery and two sons of the Paoli and Spartan mills; President John B. Cleveland, of the Whitney mills, Trenton, N. J.; Cleveland, of the Luenguan mills; President William E. Lucas, of the Laurens mills; Dr. Ligon and Rev. Dr. Dorri-oux, of Spartanburg. President R. F. Bailey of the Abbeville cotton mills accompanied the party from Spartanburg to Abbeville. The Abbeville mill is one of the best equipped mills in the State, the party was naturally pleased. President Bailey was complimented upon his showing.

Columbia.—Bright sunshine and almost an entire absence of wind favored the first day's racing. The program was richly towards evening, but not un-comfortably so, and the racing was of such a nature that it kept the blood of the crowd, if the small attendance can be so designated, at a fever heat, especially during the third and fourth races, when a boy, owned by M. S. Lawton, of Hampton county, made his bow to a Columbia audience and rewarded the faith of those who had picked him for a good thing by lauding a winner in both races. His performance was most creditable, not so much for fast time as the unusual feat of winning two running races in succession, and both of them in mighty fast company. The many admirers of Gen. Wade Hampton were pleased to see him on the race track from the judges' stand. Governor Ellerbe watched the races from the quarter stretch, and, like all lovers of his horses, took keen pleasure in the sport.

Columbia.—The State Agricultural and Mechanical Society held its annual session in the president's office of the Carolina National bank. The discussion which took place showed that the members were keenly alive to the fact that unless something were not done and done quickly the society would die a natural death. President Cunningham said he had no remarks to make to the society. He had intended to make some recommendations in regard to changes in premium lists and also in the grounds and buildings, but the bad weather had cut off the receipts of the society to such an extent that he did not feel warranted in suggesting anything that would incur any additional expense. He was gratified, however, to see the connections of the society, to be able to announce that despite the bad weather the fair would be held on the 25th and 26th. He then announced that the receipts for the present fair amounted to \$3,500.

Marion.—The case of T. A. Lamb has excited a greater share of interest than any other that has been tried at the present session of our court. The case was a sensational one and highly reputable and who is himself a man of more than ordinary intelligence, is charged with attempting to compass the death of his mother-in-law, Mrs. Campbell, by putting poison in her coffee. Some of the evidence bearing upon the motive and the commission of the imputed crime have a decidedly sensational flavor.

Charleston.—The fifth annual meeting of Camp Moultrie, United Sons of Confederate Veterans, was held at the hall of the South Carolina Soldiers' Confederate Aid, and was one of the most interesting in the history of the organization. The camp, which was one of the first formed, is in a flourishing condition and numbers on its roll about two hundred and twenty-five members.
