INSTALLMENT PLAN.

Don't let the price of cotton keep you away. Respectfully, W. GEISENHEIMER, Proprietor.

To My Friends & Patrons:

This is the beginning of another season with cotton at 4 and 5 cents per pound. This means cheap goods or no sale. I have got the goods and they have got to be sold and as I have always said I never allow any one to undersell me, the money is what I want and that I am going to have if you come in my store. I have a big stock as usual, fresh and nice; never have my old stale stock.

FRESH GOODS

coming in every day. I went in business in 1891 when cotton was about the same price it is now and I am still here doing my share; some predicted that I would not pull through that season. Low priced cotton don't frighten me. I have gone through a hotter battle than this. I sold my goods for such small profits, I find that it pays to make small profits and quick sales. I have kept it up and don't want to change it. I will say to those who have stores in the country to come in and I will divide the profits with you as I have always done. Some business houses may tell you they carry a larger stock than I do, you can say to them, you get more for a dollar.

AT HINSON'S

than you get from them, it makes but little difference to you how much stock they carry. What you want is all you can get for your money. I am satisfied with the past and I know I will be with the future for I am working just as hard for your trade as I ever did. Come on you will find me at the same place. Yours Respectfully,

D. E. HINSON.
