Plant Wheat.

We trust that our farmers will spare no efforts to put in a full crop of wheat this winter, if for no other reason that they may obtain pure flour. The following is from Senator Mason of Illinois, who is chairman of the U. S. investigation committee on manufactures and shows to what an alarming extent adulteration of flour is carried: "The amount of adulteration carried on in this country is simply appalling. It was shown before the committee that the flour of the country has been adulterated with flour, or corn flour, and that thousands of tons of white earth have been used by dishonest millers. I introduced a bill which compels all makers of adulterated flour to get a government license and stamp their product with government stamps. Since the passage of that bill over twelve thousands barrels of flour have been confiscated. But a more important result is that it has increased the reputation of our flour abroad, with a consequent increase of exports of 5,000,000 barrels. We have had considerable trouble in getting witnesses. In many cases the owners of plants where adulterating material are turned out have begged us not to put them on the stand, saying: "If you force me to tell you to whom I sell my flour it will ruin me, as my customers will never buy of me again." Others have skipped out of town and avoided us.

On the other hand, business men have come to us, as the honest millers did, and said they would be glad to stop adulterating food, provided royal concerns in the same business were compelled to do the same.

All through the course of the Philippine middle President McKinley has been careful to keep the country in the dark as much as possible. What were his instructions to General Otis? What directions did he give the Philippine Commission? What were the concessions asked by Aguinaldo before fighting began, and what terms did our army officers offer? What is the arrangement with the Sultan of Sulu? What were the contents of the dispatch sent by Admiral Dewey last December? All have been suppressed. Could an Emperor have kept more from the people than President McKinley has done?—Barnwell Sentinel.

Dewey is given to surprises. He surprised the Spanish one morning and captured Manila, then he surprised the Americans and captured New York, and now he has surprised the world by being captured by a charming society widow of the national capital. We will now conclude, as the fairy stories do, by drawing the curtain and saying that they lived happily ever after. If he keeps out of politics he may live on forever.—Florence Times.

The glass industry has had 100 per cent tariff protection longer than any other industry, yet we now pay more per box for window glass than our fathers paid in 1860. The industry is in the hands of trusts, which make more money from working the people than by working their mills.

Now there is a great lime trust being formed and it is announced that all of the lime concerns in the South, except those in Texas, have been gobbled up. They say the object is not to raise the price of lime but to cheapen it. Just so. That is thoughtful and kind. Bah! for the lime trust!—Gaffney Ledger.

He that can heroically endure adversity will bear prosperity with equal greatness of soul; for the mind that cannot be dejected by the former is not likely to be transported by the latter.—Fielding.

The old Greeks said that a man had two ears and one mouth, that he ought hear twice and speak once.

Dispensary Row.

As a result of the recent dispensary publications a difficulty occurred at Sellers on Tuesday afternoon last in which Messrs. J. D. Haselden, L. M. Haselden and Dr. H. A. Edwards were shot. The extent of the wounds have not been ascertained though none of them have yet proved fatal.

The heaviest words in our language are the two briefest ones. Yes and no. One stands for the surrender of the will, the other for denial; one for gratification, the other for character.—Ex.

A CARD.

Having decided to open business for myself, I take great pleasure in announcing to my friends and the public at large, that within the next few days I will be prepared to furnish them with any and everything in the way of groceries, from the daintiest delicacies to the most substantial articles; and earnestly solicit a share of their patronage. I take great pride in saying that having had 14 years of experience in this business I have no idea at least of what the people need, and it shall ever be my desire to furnish such goods as will be satisfactory in every particular and at prices as low as could be asked. I will guarantee a return ounce to every pound and for every dollar you will get one hundred cents worth of goods.

I further propose to Deliver *Principally* all goods, from a barrel of flour to a package of chewing gum. All orders will receive my personal attention.

My store is fourth below the Farmers and Merchants Bank and just opposite the market, where I will be pleased to see you at any time, and trusting that I may be favored with a call, if for nothing else but to inspect my stock, I am yours very Respectfully,
GERSHOM C. BRUCE.

DAVID WOLFE

To My Friends & Patrons:

This is the beginning of another season with cotton at 4 and 5 cents per pound. This means cheap goods or no sale. I have got the goods and they have got to be sold and as I have always said I never allow any one to undersell me, the money is what I want and that I am going to have if you come in my store. I have a big stock as usual, fresh and nice; never have any old stale stock.

FRESH GOODS

coming in every day. I went in business in 1894 when cotton was about the same prices it is now and I am still here doing my share; some predicted that I would not pull through that season. Low priced cotton don't frighten me, I have gone through a hotter battle than this. I sold my goods for such small profits, I find that it pays to make small profits and quick sales. I have kept it up and don't want to change it. I will say to those who have stores in the country to come in and I will divide the profits with you as have always done. Some business houses may tell you they carry a larger stock than I do, you can say to them you get more for a dollar

AT HINSON'S

than you get from them, it makes but little difference to you how much stock they carry. What you want is all you can get for your money. I am satisfied with the past and I know I will be with the future for I am working just as hard for your trade as I ever did. Come on you will find me at the same place.

D. E. HINSON.
