To My Friends & Patrons:

This is the beginning of another season with cotton at 4 and 5 cents per pound. This means cheap goods or no sale. I have got the goods and they have got to be sold and as I have always said I never allow any one to undersell me, the money is what I want and that I am going to have if you come in my store. I have a big stock as usual, fresh and nice; never have any old stale stock.

FRESH GOODS

coming in every day. I went in business in 1894 when cotton was about the same price it is now and I am still here doing my share; some predicted that I would not pull through that season. Low priced cotton don't frighten me. I have gone through a hotter battle than this. I sold my goods for such small profits, I find that it pays to make small profits and quick sales. I have kept it up and don't want to change it. I will say to those who have stores in the country to come in and I will divide the profits with you as I have always done. Some business houses may tell you they carry a larger stock than I do, you can say to them you get more for a dollar

AT HINSON'S

than you get from them, it makes but little difference to you how much stock they carry. What you want is all you can get for your money. I am satisfied with the past and I know I will be with the future for I am working just as hard for your trade as I ever did. Come on you will find me at the same place. Yours Respectfully,

D. E. HINSON.

I take great pleasure in saying, that having had years of experience in F. B. business, I have an idea at least of what the people need, and it shall ever be my desire to furnish such goods as will be satisfactory to every particular and at prices as low as could be asked. I will guarantee sixteen ounces to every pound and for every dollar you will get one hundred cents worth of goods. I further propose to Deliver Promptly all goods, from a barrel of flour to a package of chewing gum. All orders will receive my personal attention. My store is fourth below the Farmers and Merchants Bank and just opposite the market, where I will be pleased to see you at any time, and trusting that I may be favored with a call, if for nothing else but to inspect my stock, I am yours very Respectfully,
