Utah and Wyoming, as well as Ne braska, semied to indicate strong Republican gains over 1896. Delaware. Maryland and West Virginia had given decisive Republican pluralities.

The count in several of the far Western States was naturally so delayed as to give little indication of the outcome there, but they had ceased to have a determining effect, and before 10 o'clock the Democratic leaders had given up the contest and it was announced that Mr. Bryan had gone to hed and was sound asleen.

The whole story was easily and briefly told. The Republican ticket would have a larger electoral vote than four years ago, but in the larger States of the East and Middle West the pluralities had been greatly reduced. Massachusetts had fallen from 174,600 (50,000; New-York from 268,coo to 10,000 and Illinois from 142.-000 to 100.000 or less.

A Famous Suit.

The Sellers-Haselden 'Sellers Depot' shooting affair, which made this little country depot famous, it being perfor-ated with builets, is to find its sequel in the courts in a few days. It seems that both sides are to exhibit photographs of the depot in court. It seems that the Haselden and Sellers families, who, by the way, are related, are to be indicted for inciting a riot, the grand fury making the indictment of its own accord. The whole thing will doubtless be gone over together with the "breastplates" and causes. Incidental to the whole affair was the alleged securing of sample liquor by flaselden while a member of the state board of control. The whole story is she fresh in the public mind.
