

The largest head of cabbage we have seen this year was presented to us on Monday last by Judge L. P. Holland. It weighed fourteen and a half pounds and we venture the assertion that a larger one has not been raised in the county this year.

**A Mammoth Office.**  
Messrs. Hirsch Bros. & Co have just had put in their store a very large and handsome office. It was brought up from the S. A. L. depot one day this week and while going up street had the appearance of a good sized house being in the center of the street.

**The Camden Steam Laundry**  
is in its new quarters at the O. & C. depot. All parties in Camden or Kirkwood having laundry will please step to the nearest telephone and ring 95 for the laundry wagon. All of my patrons who have been leaving laundry at the town of sea will kindly advise me where I can call for same. Packages will be called for and delivered anywhere in Camden and as far north as Goodie Castle. First class laundryman. You are invited to visit the laundry. Respectfully,  
Chas. P. Kossigul.

**To Re-open Bicycle Shop.**  
Mr. W. O. Hay who has been in Charlotte for some time has returned to Camden and will re-open his bicycle shop at the same stand formerly used by him on lower Main street. This will be good news for Mr. Hay's many friends here who are glad to have him back. He will be better prepared for the execution of bicycle and all machine work than ever before. Work will be called for and delivered again after being completed, thereby saving his customers this trouble.

**Advertised Letters.**  
The following is a list of letters remaining unclaimed for the Camden post office for week ending June 15, 1901:  
Male—W. A. Thompson, Willis Grayham, W. H. Crayham, W. H. Hancock, C. W. Peltam, Samuel Lewis, B. L. Bidley, R. H. Allan, Louis F. Emlin.  
Female—Hattie Harrid, Mary Floyd, Mary Harris, Laura Simons, Mrs. E. C. Stokes, Josephine Harriet, 2 Nellie Jenkins, Miss Ackerman, Mrs. J. H. O'Lephant, Miss M. A. Askimwall.  
Parties calling for these letters will please state what week they were advertised.  
G. G. ALEXANDER, P. M.

**Trinity Choir Boys at White Pond**  
The choir boys of Trinity church, under the chaperonage of the rector, Rev. Churchill Satterlee, Mr. A. P. Brown, Mr. and Mrs. W. McB. Sloan and Miss Jennie G. Gibbs enjoyed a most delightful outing of four days duration, from Tuesday morning until Friday night of last week.

Although Jupiter Plavus surpassed himself in honor of the occasion he failed to dampen the ardor of the campers, especially the younger male members of the party. White Pond on the Camden road was the seat of war against the finny tribe, and it is reported that the catfish and sun perch sustained heavy losses.—Columbia State, 16th inst.

**Original Tombstone of Baron de Kalb Found.**  
We take the following very valuable piece of local information from the Camden correspondence of the Columbia State of the 20th: "Mr. Robert Kennedy, the head of the Camden graded school, has lately made a very interesting historical find which is nothing less than the original tombstone of the revolutionary hero Baron de Kalb. Baron de Kalb was mortally wounded at the battle of Camden in 1780 and died three days later in the hands of the British. The gallant soldier was buried in the Presbyterian church yard near the First Presbyterian church.

In the beginning of the last century the church was rebuilt at its present site on 2nd Kalb street, and on the 14th April, 1825, in the presence of Lafayette, the remains of the hero were removed and placed in the present resting place in the Presbyterian church yard ornamented by a massive shaft. For decades all the first stone was lost, a few old people vaguely and of having heard of the 50 or 60 years ago. The search for Mr. Kennedy to try the collar of the stone church at a last seen the stone was discovered and the tombstone was found.

**In Memoriam.**  
On Wednesday night, June 12th, the death angel hovered over the home of Mr. W. G. Nance, and while the loved ones gazed with tear-dimmed eyes on the face of "Minnie," beloved wife of C. A. Huggins and only daughter of Mr. and Mrs. W. G. Nance, with a sweet smile her spirit winged its flight to the mansions of the blessed to inherit "an house not made with hands; eternal in the Heavens." The deceased was born near Shelby, N. C., Jan. 1st, 1877, converted in early life, she joined the Zion Baptist Church near that place, has resided in Camden one year, where she died. She leaves a husband, two small children, father, mother, three brothers and grand mother to mourn her loss. Death seems sad to us, but our Heavenly father holds the keys of life and death, and happy is the soul whose trust is in Jesus when our father bids them come home. Thus it was with "Minnie." After months of intense suffering, how sweet the summons, "child come home." As she thought of her Heavenly home, she exclaimed: "I have two dear little ones waiting for me there."

Sozily her soul in Jesus is trusting. Her head she has laid on his dear loving breast. While heaven's bright portals are opened before her she smiles, in heaven, forever to rest. A Friend  
Camden, S. C.

**Personal.**  
Mr. Samuel Boykin and family will occupy Mr. P. T. Villepigue's residence during the summer.  
Miss Corrie Mathis who has been attending school at the Greenville Female College has returned home. Miss Ada Trantham, of Winthrop, is also at home now.

**Mill Washed Away.**  
We learn that Mr. John Reeves' grist mill was washed away by Sunday night's freshet, also the mill of Mr. H. H. Horton of Heath Spring. Quite a number have lost a quantity of small grain from their low lands, and much damage has been done in many ways.—Kershaw Era.

**Baptist Union.**  
The Kershaw County Baptist Union will meet with the Bethany Baptist Church, at Westville on Saturday before the fifth Sunday in June, at 11 o'clock a. m. It is hoped that all the Baptist churches in Kershaw County will be represented.  
L. L. Clyburn, Mod.,  
L. W. Copeland, Clerk.

**Band Entertainment.**  
The Camden Brass and Reed Band assisted by some of the best talent of the city will give a first class up-to-date concert and novelty entertainment about the 14th of July. The boys and their friends are hard at work getting up some best selections, both instrumental and vocal. They will conclude their entertainment with a laughable farce. The band expects to have a large audience greet them and they will receive the worth of their money. Refreshments will be served. We have seen the program and it is full and varied.

**A Costly Fight.**  
One day this week Estley Long, J. B. Chick and Tress V. Robinson got into a fight in which Robinson received some severe cuts about the head. Soon after the fight Long left town but was later arrested in Rock Hill. Sheriff Trantham took the first train for Rock Hill and returned with Long on Wednesday night. The case was compromised and all charges settled up by Long's father before the Sheriff arrived, and consequently Long was set at liberty immediately upon his arrival here. The costs in the case were: City fine \$25; Magistrate's cost \$1.40; Doctors bill \$5; Sheriff's cost \$17; Robinson, (the injured man) \$69, amounting in all to \$104.10.

**Gold In The Catawba.**  
The Charlotte Observer says that the gold miners who have made the discovery that the black sand in the bed of the river is rich with gold. An assay of a quantity of this sand recently made, shows a yield of \$250 per ton. This is an extraordinarily rich yield, and if all the sand in the company's workings holds up to it, the result will be a veritable bonanza. Inasmuch as the bed of the Catawba has been washed out in many places by the recent flood, the hot tons along the river must be rich in gold dust and a resort to the primitive system of panning might prove profitable.—Rock Hill Herald.

**Washed Away.**  
The old house on the old ferry road which was at one time the ferryman's house washed away and lodged down the river several hundred yards during the high freshet of two weeks ago.

One of the old rock piers upon which the bridge rested and which was burnt during the war also washed away. Just at this place there is a considerable bend in the river and the water crossing at such a terrific force, caused a canal about one hundred yards long and 100 feet wide to be washed across this bend. It is said that it would have taken about six months to dig this canal with the ordinary process of railroad building, and it is thought that if a few more high freshets come the river will quit its present course and take to its self-made canal.

**Killed by Lightning.**  
Mr. R. H. Bell, of Westville, had a male killed by lightning last Friday. It was killed to a telegraph pole at the time it was struck.

**A Card of Thanks.**  
To The Chronicle:—The family and husband of the late Mrs. M. G. Huggins wish to express their heartfelt thanks to all the friends who so kindly assisted and showed their neighborly spirit during the sickness of the departed one.

**Killed In Summer.**  
Frank K. Winn was killed and Charles Smith who was acting as peacekeeper was dangerously wounded by E. A. Edwards in a fight last Friday. Winn and Edwards had a lawsuit over a debt of \$8 and the killing resulted from that.

**Deaths.**  
Mrs. E. J. Watts, mother-in-law of Capt. J. J. Bell, died at her home in West Waterce yesterday morning at 9 o'clock, in the 81st year of her age. The burial will take place at Smyrna church this morning at 11 o'clock.

The infant child of Mr. and Mrs. H. C. Brackman died at their home on Lyttleton street Wednesday afternoon about 5 o'clock. The little one was about three months old and was carried to Charleston for interment.

**An Old Indian Burying Ground.**  
While inspecting the damage done in his father's bottoms by the recent big freshets in the Catawba River on Wednesday of last week, Mr. Wm. M. Gooch observed in a washed out place the points of the teeth of a man sticking up. He began digging with his pocket knife and soon dug out the skull bones. Under the skeleton head was a large, very smooth Indian tomahawk. In digging up the rest of the skeleton, he found a number of beads, from one-eighth of an inch to an inch long, apparently made of bone of some kind. He also found arrow heads, some Indian pots, etc. The workmanship on the tomahawk was excellent—superior to any we have ever seen. Mr. Gooch says that that portion of his father's bottoms has long been known to be an old Indian burying ground.—Lancaster Ledger.

## The Fishing Season is Now in Full Blast,

And having secured the bait the most important matter, and one that confronts every judicious angler is "where to get the best results with the smallest quantity of bait, and with the least worry."

Take our advice, if fishers galore;  
Come to The Gilt Edge Store;  
For all the lakes from mountain to shore;  
We try, for the bait to give even more.

There is a bait sometimes called the little brownie, which some do not like very much, but as it stands well in Uncle Sam's estimation, we allow it to play an important part in our lake, and would surprise you to see what tremendous hauls can be made with that alone. Then, there is another known as the "Silver Bait" and is in general use, especially throughout our Southland. For this, we give in return larger game, and by using a few together, there is nothing in our lake that cannot be captured. The "Green Back Bait," the old reliable. How it strips our lake from center to circumference, and what gratifying results are realized.
