35,000 Gallons Per Day.

A test was made last Friday and it was ascertained that the artesian well just finished at the cotton mills affords a supply of 25 gallons of water per minute, something over 35,000 gallons per day. This well is 394 feet deep. They are placing the machinery now for the boring of well No. 2, which will be just in rear of the new mill—110 yards distant from well No. 1. The water obtained is said to contain mineral properties that would make it valuable for drinking purposes.—Lancaster Ledger.

Stock Sold to Mr. Wolfe.

H. W. Finlayson, once the foremost merchant of Cheraw, running a vast wholesale and retail business, well known as the Finlayson Four Store, after gradually reducing down his stock for the past few months sold out to the Baltimore Bargain House. The latter then after buying, closed out the same to Wolfe Bros., of Camden, S. C. These gentlemen are selling out the stock of goods like hot cakes, and it is hoped that they will continue business here, as they will, no doubt, be of great benefit to our town.—Cheraw cor. to Lancaster Ledger.

Marriage.

Our highly esteemed friend Mr. Amos Hough, of Bethune, and Miss Nannie Newman were married yesterday morning at about half past seven o'clock at the residence of the bride's father, Mr. S. N. Newman, Rev. Isaac Gay, officiating.

Mr. and Mrs. West came down with the picnic excursion yesterday and spent the day in Camden, and yesterday afternoon went down to his brother's, Mr. J. F. West. They expect to return to Bethune tonight.

Mr. B. Hatfield and Miss Kate Outlaw, both of Bethune, were married on Wednesday night last, Magistrate L. L. Copeland, officiating.

Thursday night about 11 o'clock a noise was heard in the yard of Mr. Andrew Mobley, who lives about two miles west of Heath Spring, and his sister went to the door to see what it was; when she opened the door she saw a negro standing there. She screamed and Mr. Mobley ran out and ordered the negro, who proved to be Sam Dixon, off, but he would not go. As the negro was so much larger than Mr. Mobley, the latter went to Mr. Sam Adams, who lives near by, and borrowed a gun to drive him away with. When he came back, the negro still being there, he ordered Sam away again, and as the negro still refused he shot him twice. After being shot the second time the negro got up and started for Mr. Mobley and stopped only upon being threatened with another load of shot. He then went off but fell soon afterwards. It is believed he will die of his wounds.

Lee County.

The Lee County lines are being run by the surveyors employed by the Lee County committee, but none of the permanent boundaries have been decided upon as yet. It is stated that the southern line will be much further below Lynchburg than it was when the last election was held on the Lee County question.—Sumter Watchman.

A Handsome Front.

A new front recently put in Mr. Burns' hardware store is one of the best in the city. Goods displayed in it can be seen from any point in the street. The windows were made after Mr. Burns' own plans and are different to any he ever saw. Mr. Burns certainly has a correct idea of how show windows should be made.

Picnic From Bethune.

A picnic excursion composed of the Sunday School from Pleasant Hill Baptist and Bethel Methodist churches of Bethune, spent the day in Camden yesterday. There were about one hundred and fifty in the party which gave our town a lively appearance all day. Camden was glad to have such pleasant visitors. All were well behaved and nothing occurred to mar the pleasures of the day. We hope our friends will come again.
