EMBARRASSED THE CLERGYMAN

Binister's Makeshirt All Right Until the Maid Appeared.

A distinguished Episcopal clergyman was once called on to officiate at a fashionable summer resort church, and, finding only a short surplice and no cassock in the vestry, was very ers to be worrying about the coming much disturbed at the thought of having to appear in a vesture that to the frivolous would look like a white shirt and trousers. But a happy inspiration came to him. Why not wear one of his wife's black petticoats? The portion that would show below the ourplice would look exactly like the regulation cassock, and no one would ever be the wiser. So he hurriedly sent one of the ushers with an explanatory note to his wife in the hotel, and in the nick of time the petticoat arrived. The makeshift turned out to be a perfect success, and no one at a distance could tell that he was not wearing a cassock. After the close of the service he decided to go out to the body of the church without taking off his robes, in order to greet some friends. And he was soon the center of a group of fashionable women, when a treen Irish maid from the hotel came yer Riverence, the missus sint me afther her petticoat that ye do be wearin', an' I wuz to wait till ye take it off."-New York Tribune.
