## PRESIDENT ISSUES SOUTHERN INDUSTRIAL HIS PROCLAMATION

Appointing a Day of National Thanksgiving.

## NOVEMBER 27TH IS THE DAY SE

The President Calls Upon All the People to Return Thanks for the Bounty of the Year.

Washington, Special. - President Roosevelt has issued his proclamation designating Thursday, November 27, as a day of thanksgiving. The proclamation is as follows:

"According to the yearly custom of our people, it falls upon the President at this season to appoint a day of festivity and thanksgiving to God. Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had, on the whole, more to be thankful for than has fallen to the lot of any other people. Generation after generation has grown to manbood and passed away. Each has had to beer its peculiar burden, each to face its special crisis, and each has known years of grim trial, when the [knitting mill, and incorpofated the country wes menaced by malice domestic or foreign levy, when the hand of the Lord was heavy upon it in drouth or pestilence, when in bodily distress

and anguish of soul it paid the penalty of folly and a froward heart. "Nevertheless, decade by decade we have struggled onward and upward; we now abundantly enjoy material wellbeing, and under the favor of the Most High we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. For this we render heartfelt and solemn thanks to the Giver of Good and we seek to praise Him not by words only, but by deeds, by the way in

which we do our duty to ourselves and to our fellow men. "Now therefore, I, Theodore Roose-velt, President of the United States, do

hereby designate as a day of general thanksgiving, Thursday, the 27th of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations and in their several homes and places of worship render thanks unto Al-mighty God for the manifold blessings

THE STATE FAIR A SUCCESS

CAMDEN

The South Carolina State Fair, held under the auspices of the Fair Assoclation, was the feature of general interest last week. Columbia was crowded with visitors all the week. It was the most largely attended fair in the history of the Association. The at-

tractions were numerous, the racing good and the display of agricultural products, poultry and stock up to the average. Many prizes were awarded to the successful exhibitors. The admissions were far morê numerous than usual, and financially the fair was a datest returns obtainable indicate that great success.

The subject of this sketch was born in the town of Barnwell on the 9th day of January, 1868. Though he has seen but 34 summers, he has filled severat places of trust and honor, worthily and to the entire satisfaction of the public-every position he has occupied has been adorned by reason of his incumbency. Mr. Townsend read law

under that distinguished jurist, Hon. James Aldrich of Alken. In May, 1889, he was admitted to the bar. During the fall of the same year he went to Beaufort to practice his profession. The firm of Elliott & Townsend was the result, Congressman William Elliott being the senior member of the firm. This copartnership continued plurality was approximately until Mr. Townsend's removal to Barn-well in 1894, when he formed a copartnership with Hon, G. Duncan Bellinger, which still continues. In 1899 he was appointed solicitor by Governor McSweeney to succeed Col. C. E. Sawyer, who resigned to go to the front in the Spanish-American war. In January, 1901, he was elected code commissioner of the State by the legislature over several worthy popponents. "Townsend's code,' as it has been characterized, stands as a legal monument

"Mr. Townsend will enter upon the discharge of his duty as assistant attorney general with an experience which covers every branch of the law eminently fitting him to be the associate of the brilliant, peerless Gunter.
