

Miss M. Cartledge gives some helpful advice to young girls. Her letter is but one of thousands which prove that nothing is so helpful to young girls who are just arriving at the period of womanhood as Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM :-- I cannot praise Lydia E. Pinkham's Vegetable Compound too highly, for is the only medicine I ever tried which cured me. I suffered much from my first menstrual period, I felt so weak and dizzy at times I could not nursue my studies with the usual interest. My thoughts became sluggish. I had headaches, backaches and sinking spells, also pains in the back and lower limbs. In fact, I was sick all over.

" Finally, after many other remedies had been tried, we were advised to get Lydia E. Pinkham's Vegetable ompound, and I am pleased to say that after taking it only two weeks, a wonderful change for the better tools and in a short time I was in perfect health I felt buoyant, full of life, and found all works pastime. I am indeed glad to tell my experienca with Lydia E. Pinkham's Vegetable Compound, for it made a dif-ferent girl of me. Yours very truly, MISS M. tend to check attempts at revolution. DOCTORS FALL IN LINE.

Practicing Physicians recognize the unfailing reliability of Doau's Kidney Pills by prescribing them for Backache, Kidney, Bladder and Urinary Disorders ... a tribute won by no other Proprietary Medicine. Four cases cited from "Notes of His Practice," by Dr. Leland Williamson, of Yorktown, Ark.

FOSTER-MILBURN CO., Buffalo, N. Y.

Gentlemen;-I have been engaged in the practice of medicine in this section for ten years. This is a very sickly climate, on the Bayou Bartholomew, near the Arkansas River. It is particularly malarious and miasmatic; we meet with many and various abnormal conditions of the human family; prominent among the cases in which I have been called upon to prescribe is kidney disease. Many of these disorders manifest themselves by pains in the back, often extending to other parts of the body; sometimes headache is was damaged. It will necessitate, perpresent, caused by macmic or chronic uric acid poisoning, soreness in region haps, rebuilding of the entire struc-

of kidneys, cloudy, thickened and foulssmelling urine, discharges of pus or ture and the loss will be heavy. corruption; inflammation of the kldneys, extending to the bladder, is caused by excess of urle acid and decomposition of the urine. Hemorrhage is sometimes met with, caused by high states of inflammation or congestion.

There is no class of diseases a doctor is called oftener to treat than the variety of kidney diseases, in many of which the patient will have chills or rigors, followed by fever, a result of the kidneys failing to elin.mafe the uric acid polson from the system. Such cases require the kidneys restored to their natural functions, then the poison and foreign substances are removedshock to the nervous system averted and natural health restored.

I have, for some time, been using Doan's Kidney Pills in these many manifestations and with uniform success, curing most cases. I can further say that even in hopeless cases where they have waited too long, Doan's Kidney Pills afford much relief and prolong life. I can recommend the pills in conditions of excessive or deficient secretion of urine, as also in convalescence from swamp-fever and malarial attacks, as verified by the following cases in my practice

## CASE 1.

THOS. ORELL, Bear, Ark., age 60, Pain in back for several weeks, Pain in back for several weeks, then chills, irregular sometimes, severe rigors followed by fever. Gave good purgative of calomel and padoph, and Doan's Kidney Pills. After taking four boxes of the pills, patient up and enjoying good health for one of his age.

## CASE 2.

MRS. SMITH, Tarry, Ark., age 29. mother of four children. Had female complaint and kidney trouble, manifest by pain in back and urine irregular; sometimes very clear, changing to cloudy, and with much sediment on standing in chamber. Gave local treatment for hamber. Gave local deather bed lemale complaint and prescribed Doan's Pills; after using six boxes she regards herself as cured.

These are a few of the typical cases in which I have used Doan's Kidney Pills. In a great many instances I use them alone with curative results, while with some others indicated remedies are associated.

I believe that by the judicious use of Doan's Pills many serious complications are arrested and many hopeless and incurable cases of Bright's disease prevented.

I have often found that one box of the pills is all that is required to effect a cure, but in some cases I continue their uso entil all symptoms are entirely absent and the cure effectual and permanent. Yours truly.
