than she does. STOP!

ALL-IMPORTANT FACT That in addressing Mrs. Pinkham you are confiding your private ills to a woman -a woman whose experience with woman's diseases covers a great many years. You can talk freely to a woman when it is revolting to relate your private troubles

to a man-besides a man does not understand-simply because he is a man. Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman

whose knowledge from actual experience is great. Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weak. ness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks noth-ing in return except your good-will, and her advice has relieved thousands. Sarely auy woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance. — Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accep-
