

## NEW YORKERS PROTEST

### Meeting Held in Durland's Riding Academy.

## THOUSANDS PRESENT

### Members of Prominent Lift Their Voices in Protest Against the Alleged Fraudulent Election of Mayor McClellan.

New York City.—More than 5000 persons gathered in Durland's Riding Academy to protest against alleged election day frauds and to demand a recount of the vote in behalf of William H. Hearst.

Any thousands more, unable to get in, surged about the building, and counter-marched through the streets, denounced Mayor McClellan and Charles F. Murphy, and demanded that W. H. Hearst be elected Mayor on January 1.

Hearst was not there, but every mention of his name evoked cheers. The speakers and audience referred to him as the next Mayor of New York, and the canes and newspapers were waved into the air at the reading of a resolution from Mr. Hearst declaring that he had been honestly elected Mayor of New York.

William M. Evans, the defeated Republican candidate, had been invited to speak, but he sent a letter of regret, and counseled the utmost coolness and moderation, and reminded the anti-McClellanists that the fullest reliance could be placed in the courts to do justice.

The stage was John Ford, candidate for Controller on Mr. Hearst's ticket, and J. C. Phelps Stokes, candidate for President of the Board of Education, who with his young wife cheered, but neither of the candidates spoke.

James S. Coler, one of the successful candidates on the Hearst ticket, did not, however, Mr. Coler told his audience that within the next few days they would be startled by the exposure of a city official who had spent the money which was used for voting on Election Day.

He declared that the facts were known, and that the money was used for bribes for voters on Election Day. He declared that the American people would rise and crush every bone in the body of the scoundrel.

A meeting was held under the auspices of the Citizens' Protective League, an organization of which but few seemed to be known. Resolutions were adopted providing for the appointment of a committee of citizens by Chairman Holt to evidence and prosecute the same on Election Day.

Thousands of persons took part in the demonstration. Hearst advisers hope that the recount will be on before the end of this week, and declare that if success is denied by the Supreme Court, an appeal will be taken to the court of last resort if necessary.

## DIVORCE AND \$50,000.

### Surprise to Wife of Former Mayor Davidson.

Baltimore, Md.—Mrs. Eliza Davidson, on the thirty-second anniversary of her marriage, obtained a divorce from Robert C. Davidson, former Mayor of Baltimore, known in financial circles. The divorce was granted in full satisfaction of all claims of the defendant for alimony and support, and Davidson, when notified of the divorce, was gratified to know that the amount has been allowed, and that the divorce was not intimate that any such sum.

## BLACK SEA PIRACY.

### Fugitives Thrown Overboard from Steamers.

The Bucharest correspondent of the Daily Mail says that the Russian fleet has captured a number of fugitive families from steamers, leaving behind them. The anti-Balkanists, in Beesbees, were renewed and the same.

## WANTS AUTONOMY.

### All Parties Decide to Send Delegation to the East.

The leaders of all the parties held a meeting, and decided to send a delegation to the East, and to demand a recount of the vote in behalf of William H. Hearst.

## MURDERED HIS FAMILY

### Dr. C. C. Haugh, of Dayton, Ohio, Accused of Awful Crime.

### Said to Have Killed His Father, Mother and Brother—Was a "Drug Fiend."

Dayton, Ohio.—Dr. Oliver C. Haugh, who is in jail here charged with the murder of his mother, father and brother, will probably be called to answer for a series of crimes.

Being in bad health and separated from his wife, Dr. Haugh was living with his parents, eight miles from Dayton. Neighbors saw the Haugh home in flames the other day. When they reached the house they found Dr. Haugh in the yard, having dragged himself out. He said, just in time to save his life. His father, mother and brother were burned to death.

The fire occurred about 1 o'clock in the morning. Dr. Haugh's account of the affair was incoherent, and the coroner, after an investigation, arrested the physician.

Dr. Haugh is a "drug fiend," and has often been under treatment for the morphine habit. It is stated that when unable to procure the drug his cravings have driven him into a frenzy, in which he has been violent, and on recovering from the attack he has retained no memory of his acts.

It is now charged that Dr. Haugh poisoned his relatives and then set fire to the house. His burns are not serious, and it is known that a few days before the fire he had obtained from Cleveland a considerable quantity of a poisonous drug.

It has been discovered since his arrest that while practicing in Lima, Ohio, last year Dr. Haugh was attending to Mrs. Mary Tooley, who died mysteriously last April. Her brother is said to have accused Haugh of retaining unlawful possession of some of the woman's jewelry.

It is asserted that a woman with whom Dr. Haugh was living in Toledo died suddenly and mysteriously, and that afterward a prominent citizen, who he married, a woman named Patterson, who died under circumstances that suggested poisoning.

Dr. Haugh contracted the morphine habit while a clerk in a drug store here fifteen years ago. He graduated from Louisville Medical College in 1892.

Dr. Haugh married Anna Eckley, of this city, daughter of a prominent citizen. She entered suit for divorce some time ago, alleging neglect, cruelty and threats of violence toward herself and her parents.

Dr. Haugh has been in a seemingly dazed condition since his arrest, indifferent to the death of his relatives or the charges pending against him. His only desire is for the daily dose of morphine allowed him.

## FEVER DEATH IN CUBA.

### Mosquitoes From New Orleans Escaped From Packing Cases.

Havana, Cuba.—The case of H. V. Olivers, the New Orleans electrician who was taken to Animas fever hospital, was diagnosed as yellow fever. The Spaniard who was stricken and isolated in the Clerks' Hospital, died there.

There are now two cases of yellow fever in the Las Animas Hospital, and one suspect, a Spanish woman, who was placed under observation at night. Permission has been received from the health authorities at New York City to ship the body of A. Outwater, who died of yellow fever, to his former home at Passaic, N. J. The slight development of the so-called secondary cases has encouraged the belief of the yellow fever experts that there will not be much of a spread of the infection.

It has been reported that the opening of some cases of electrical apparatus from New Orleans, La., which were consigned to a firm in the Payret Theatre building, liberated many mosquitoes. The first person to be attacked by yellow fever was a member of an electric company working at the Payret Theatre; subsequently the disease attacked an electrician employed in the same building. All of the other cases have originated in this vicinity, and this gives color to the theory that the mosquitoes from New Orleans carried the infection.

## A QUEBEC WAGER.

### French Election Better Will Sojourn in Insane Asylum.

Cleveland, Ohio.—M. W. Hissey, of Zanesville, formerly a preacher and now a Republican politician who, during Senator Hanna's regime, was a party leader in Central Ohio, will be committed to an insane asylum. He was re-elected that he offered to spend a week with the insane in the event of Patton's election. He will pay the bet.

## GERMANS LEAVE KIAO-SHOW.

### Chinese Government Gets an Agreement Regarding the Leased Port.

## News of the Week

### WASHINGTON.

### The report of the Chief of Engineers of the Army gives \$705,785.55 as the estimated amount necessary for completing the East River Improvement.

President Roosevelt signed an order providing for filling all consular offices above the \$1000 grade by promotion or examination.

The report on coast defenses estimated that \$10,000,000 would be required to finish the work planned by the Endicott Board.

Admiral Prince Louis of Battenberg was the guest of honor at an informal luncheon and a dinner.

Chairman Shonts has bought a large number of Bibles and playing cards for the use of the men who will construct the Panama Canal and will distribute them with great liberality among the employees.

Paul Morton, President of the Equitable Life Insurance Company, called at the White House and spent an hour with the President. The object of the call was not made public, although it was surmised that the President desired information bearing on the insurance situation.

### OUR ADOPTED ISLANDS.

United States District Attorney Breckons has filed a suit against the alleged Beef Trust in Honolulu. It is charged that an unlawful combination is controlling the business there and charging oppressive and exorbitant prices for beef.

### DOMESTIC.

Senator Burton, of Kansas, was indicted for the third time on a charge of receiving money from a broker's concern under investigation by the Postoffice Department.

President Roosevelt's railway rate regulation plan was endorsed by the Association of Hardware Manufacturers of New York City.

Senator W. A. Clark's reduction works at Butte, Mont., will be closed at once because of a demand of the miners for higher wages.

Two hundred armed foreign laborers were arrested in Chicago, Ill., by twenty policemen while trying to intimidate other workmen into going on strike.

One man was killed and two were badly hurt at Ennis, Texas, by the derailing of a Texas Central train through an explosion of the locomotive.

The explosion of a saw mill at Petersburg, Va., killed William Casey, the proprietor, and Jacob Dedman, an employe, besides injuring two men.

A little less than \$4000 cash and \$25,000 were taken by the robbers who opened the safe in the bank at Sandhome, Ind.

Clarence von Bokelen, a student of the Santa Clara (Cal.) High School, died of a skull fracture sustained during a football game between the Santa Clara and the San Jose High Schools.

The Common Pleas Court at Toledo, Ohio, has refused to overrule a motion by the Typographical Union to modify the injunction against picketing offices where printers are on strike.

Nine persons were hurt at Knoxville, Tenn., by a car loaded with paving stones colliding with a suburban electric car.

## OPPOSITION TO RATE BILL

### Representatives of 40 Leading Coal Mines in the Knoxville Section Draw Up Petition Declaring Elkins Anti-Rebate Law Sufficient—Final Action Delayed Until Meeting at Louisville.

Knoxville, Tenn., Special.—A meeting of coal operators of Tennessee and Kentucky was held here at which forty leading mines of this section were represented. Their meetings were secret and definite action was delayed on the Esch-Townsend bill, for which purpose the meeting was called, until after a meeting at Louisville, Ky., which will be held there by the coal men of the northern end of the district. It is the plan to secure a representative committee from the two sectional meetings and send the same to Washington to appear before the Senate committee and set before them their objections to the Esch-Townsend bill. A petition drawn up recites the belief of the coal operators that the demand for new rate legislation is the outcome of failure of some of the common carriers to impartially apply the published tariff to all shippers, by the granting of rebates, concessions from tariff rates either directly or indirectly. The petition further recites that the President is right in demanding the stoppage of all rebates, expresses the belief that the Elkins law effectively remedies the rebate question when properly enforced, and urges the passage of legislation necessary to provide the proper machinery for the effective stoppage of rebates of whatever character arising from the failure to observe impartially the published rates of railroads. "Any legislation," recites the petition, "that will radically disturb the prevailing conditions will inure to our injury by destroying the elasticity of present rate-making methods, and as far as coal rates are interfered with at all, local monopolies will be created by law, which present methods of rate-making make impossible." The petition recognizes that there are evils to remedy, expresses the belief that the Esch-Townsend bill will not furnish relief and prays for a hearing.

### Killed by a Train.

Reidsville, Special.—Richard C. Hall, employed with the double-tracking force of the Southern Railway, was struck by fast train No. 53 Sunday afternoon near Stokesland. He was standing on the main line signaling the crew of the work train and did not notice the approach of the passenger train, and was struck by the engine and knocked a distance of fifteen or twenty feet. When picked up a few minutes later by a fellow workman he was dead, a large hole being cut in the back of his head and an arm broken. Deceased was 26 years old and was a resident of Danville.

### Confessed Large Robberies.

New York, Special.—Confession to the robbery of \$100,000 worth of gems from fashionable New York homes in the last two years was made by Harold Prescott a painter. His profit on pawing the jewelry, Prescott said, was but little over \$5,000. Almost by accident the painter was arrested in connection with a recent small robbery and the police were ignorant of the value of their arrest until at his arraignment, when Prescott said that his thefts could not be concealed much longer and then confessed.

### \$25,000 Fire at Gate City, Va.

Gate City, Va.—Special.—The Myrtle Hotel, the law offices of Richmond & Bond and McConnell Carter, J. M. Lane & Sons' grocery store and Jayne & Williams' barber shop were destroyed by fire. The fire started from kitchen stove in the hotel about 5:16 o'clock when no one was up except Billy Michael, the colored porter. The loss will be \$25,000.

### The Hardware Manufacturers.

Washington, Special.—The American Hardware Manufacturers Association endorsed President Roosevelt's plan for railroad legislation. The convention also agreed to a resolution approving "a plan to reorganize the American consular service on a strictly business basis." The Association elected F. S. Kretzinger, of Cleveland, president and decided to meet at Hot Springs, Va., six months hence. The National Hardware Association elected W. S. Wright, of Omaha, president.

### To Build Nicaragua Canal.

Mexico City, Special.—The Mexican Herald has been informed that the governments of Great Britain and Japan have practically decided to construct a ship canal of their own across Nicaragua, practically on the lines rejected by the American government. Great Britain will furnish the capital and Japan the labor. British and Japanese engineers regard the Nicaragua route as the only one really practicable.

## NEW YORK LIFE BARRED

### The State of Missouri Issues Ultimatum Against Company.

## NO UNDUE HASTE IN THE MATTER

### State Superintendent of Insurance Closes the Business of the Company as Long as John A. McCall is Its President and Until Certain Money is Restored to Policyholders.

Jefferson City, Mo.—Acting on the ultimatum issued following the revelations a few weeks ago relative to the New York Life Insurance Company, W. D. Vandiver, State Superintendent of Insurance, revoked the certificate of authority permitting that corporation to do business in this State. "This at one stroke removes the New York Life from the active soliciting of new policies, and its business within the confines of Missouri becomes restricted to the details of the policies already in effect.

Prominent life insurance men of the country over predicted that the State Superintendent would not take this final, drastic action. After the first shock of the Vandiver ultimatum it was thought that no further steps would be taken, but it is manifest now that the company will be barred from this State until such time as it accedes to the demand for the removal of John A. McCall from its Presidency, and the payment by him into the treasury of the company of the total sum diverted from New York Life funds to political channels.

### Acted With Deliberation.

"I want to make it clear that I have not acted on newspaper accounts of the testimony taken by the Legislative Investigating Committee in New York," said Mr. Vandiver. "The truth is, I have a complete and certified copy of the evidence as officially reported for the committee, and its 1890 pages are now being indexed for ready reference.

"The utmost deliberation has been taken in moving against the New York Life. Thirty days' notice was given to the company, and when it declined to oust Mr. McCall from office, or cause him to restore to the company the money he took from that company and paid to political parties, the way was clear for the present order. There will be no compromise with the situation. Missouri will not have the New York Life unless it purges itself of the evils that are shown in the evidence of the investigating committee to exist."

There is no knowledge here of the probable action of the New York Life, but it is understood that it will not submit quietly to the State Superintendent's order, but will contest his authority in the courts. It is said that Superintendent Vandiver is prepared for a legal battle, feeling safe in his position.

## SAYS FUNDS ARE IMPAIRED.

### Following is the order issued by the Superintendent, in full:

"Notice is hereby given that, whereas information in my possession and verified by examination of the official stenographic report of the recent examination of the officers of the New York Life Insurance Company, New York, by the Legislative Investigating Committee of the State of New York, gives me reasonable cause to suspect, and I do suspect and believe, that the funds of the said company have been impaired by the diversion of large sums of money for illegal and wrongful purposes, and that the further continuance of the said New York Life Insurance Company in the writing of life insurance in this State, under its present management, is hazardous to the public and to those who hold its policies; therefore, I, W. D. Vandiver, Superintendent of the Insurance Department of the State of Missouri, have this day suspended the certificate of authority heretofore granted to said company to do the business of writing life insurance in this State.

"It is further ordered that a copy of this action and notice be published once a week for four weeks consecutively in the St. Louis Republic, a newspaper published in the city of St. Louis, Missouri, and that the same be read under the laws of this State. Witness my hand and seal of the Insurance Department of the State of Missouri this eighth day of November, A. D. 1905. (Signed) W. D. VANDIVER, Superintendent of the Insurance Department of the State of Missouri."

## PRESIDENT ON STATEHOOD.

### Wants Oklahoma and Indian Territories Admitted as One State.

Washington, D. C.—President Roosevelt informed a delegation of residents of Oklahoma that he would recommend in his message to Congress single Statehood for Oklahoma and Indian Territories.

The delegation said they hoped Congress would pass such a measure.

## UNEMPLOYED TURN OUT.

### 6000 Women Take Part in Big Demonstration in London.

London, Eng.—Six thousand women escorted deputations of the wives and daughters of unemployed men in London's East End to an interview with Premier Balfour, at his official residence in Downing street. Fifty thousand unemployed men lined the route of their march.

## Activity in the Mills.

Taking the industrial situation as a whole, it is probable that there is more activity at the mills and factories of the nation than at any previous time in its history. Statistics of movement do not depict the conditions faithfully because shippers are frequently unable to secure rolling stock.

## Packer's Busy.

Leading branches of manufacturing have been busy for some time past.

## SOUTH CAROLINA MATTERS

### Occurrences of Interest From All Over South Carolina

Middling, 11-1-1

### Meeting of the Synod.

Pomaria, Special.—The Evangelical Lutheran Synod of South Carolina met in its 51st annual convention at St. Paul's church, near Pomaria, Newberry county, Wednesday at 10 o'clock. The attendance was unusually large and this was a most pleasant and profitable convention. At the morning service the opening liturgy was led by Rev. Jas. D. Kinard, the secretary of the synod. The annual synodical sermon was delivered by the president, Rev. M. O. J. Kreps. The sermon was a strong, practical application of the text to the synod in its present session and in the work before it for the year.

### Election of Officers.

The election of officers for the next year resulted as follows: President, Rev. M. O. J. Kreps, Prosperity; vice president, Rev. W. L. Seabrook, Newberry; secretary, Rev. J. D. Kinard, Cameron. Rev. Dr. R. C. Holland of the North Carolina synod, and president of the mission board of the United synod, Rev. J. P. Stirewalt, missionary elect to Japan, Rev. W. L. Dorr, and Rev. E. L. Lybran of the Tennessee synod were received as advisory members. Rev. E. L. Lybran presented the official greetings of the Tennessee synod which was a strong appeal for unity and cooperation. An appropriate response was made by the vice president of the synod, Rev. W. L. Seabrook.

### True Bills Against Dispensers.

Spartanburg, Special.—The grand jury in sessions court returned true bills as to J. P. Thackston, J. J. Bishop, L. Riedling, H. T. Ferguson and J. W. Husemann, charged with violating the dispensary law. Each of these defendants is a dispenser, four conducting beer dispensaries and one—Ferguson—operating liquor dispensary No. 1. No action has yet been taken as to Chas. Smith, former chairman of the county board of control, J. H. Lanford, member of the board, J. W. Harmon, liquor dispenser, and W. N. Avant of the board of control. Their cases will probably be passed on by the grand jury later.

### A Negro Commits Suicide.

Walhalla, Special.—William Lovingsood, colored, was found dead near his home last Saturday morning. The cause of death was suicide. He left his home about midnight and when found he was dead. He had tied a string to one of his feet and to both triggers of his gun. Only one barrel, however, was discharged and death must have been instantaneous. Lovingsood was a hard working, peaceful negro, but had shown signs of insanity two or more weeks ago.

### Has Arm Amputated.

Spartanburg, Special.—Mr. Ralph Baer of the city while operating a corn shredding machine on the farm of J. H. Gosnell at Campton last week at 25,500,000 barrels, compared with 45,300,000 barrels a year ago, and compared with the small yield of 1901, approximately 27,000,000 barrels, and the largest crop on record in 1895, when it approached 70,000,000 barrels. In the great producing sections of the middle and central States, including New York and Michigan, the crop is placed by this authority somewhat less than 9,000,000 barrels against 20,000,000 barrels one year ago, and figures approaching the last named for two and three years ago. The crop in New England is substantially half that of last year, according to the very latest and most careful estimates of leading and reliable growers. The middle West, including Illinois, Indiana, Michigan, Arkansas, etc., shows a sharp falling off from last year. The Far West, Colorado and the Rock Mountain territory to the Pacific Coast, has harvested a generally good crop of apples. A careful study of various American Agricultural correspondents in the apple belt fails to reveal practically any important sections where there is a good surplus.

### From Anderson to Greenville.

Anderson, Special.—A meeting of the stockholders of the Anderson Traction company has been called for the 5th of December for the purpose of increasing the capital stock to \$250,000. When this is done the company will extend its lines to Belton and from that point to Greenville by way of Williamston, Peizer and Piedmont. The interurban line between this city and Greenville has been quietly working for some time and now definite assurances are given that it will be constructed.

### A Pardon Asked For.

Gov. Heyward has been asked to pardon John Martin, a negro who was convicted of murder in Beaufort county in 1890 and was sent to the penitentiary for life on the jury's recommendation. Martin was accused of killing a man for the purpose of robbery and with having carried the body. The petition for pardon states that the evidence is

Mallard, per pair, 1 00 @ 1 00  
Bluewing teal, per pair, 60 @ 80

## THE SHORT APPLE CROP.

### Smallest in Many Years in the Big Surplus States.

New York City.—The commercial apple crop is the smallest in a number of years. The shortage is most in evidence in the big surplus States, New York, parts of New England, Michigan and a
