## Use of Boiler Tube on Cruiser Scalds Ten Others.

### Boiling Steam Pours Into Boiler and Engine Rooms, Penning in Victims—Crew to the Rescue.

LOS ANGELES, Oct. 1.—Four men were killed and ten injured on board the armored cruiser Tennessee at sea at 11 o'clock a. m. when a boiler tube broke, hurling fragments of iron about the engine room and filling it with scalding steam. The accident happened an hour after the cruiser left Santa Barbara on her way with six other vessels of the Pacific fleet, to Los Angeles port. Later two of the injured died.

### The Dead.

Diggs, E. C., second-class fireman, Woodland, Ala.  
Mason, J. P., second-class fireman, Portland, Ore.  
Parker, J. W., first-class fireman, Portland, Ore.  
Reynolds, A., machinist's mate, second-class, Corvallis, Ore.  
Thomas, J. M., fireman, Woodland, Ala.

### Seriously Injured.

E. J. Burns, coal passer, New York; Walter S. Burns, coal passer, Boston; N. Y. J. P. Carroll, second-class fireman, Hartford, Conn.

### Slightly Injured.

G. M. Conner, fireman, second class, Trenton, N. J.; R. J. Fitzgerald, fireman, first class, Brooklyn, N. Y.; A. H. Brown, water tender, Brooklyn, N. Y.; R. P. Rutledge, coal passer, Athens, Ga.; R. W. Watson, fireman, second class, East St. Louis, Ill.

Thousand and a half were scalded and about 100 were injured. Burns and Carroll crawled into an adjacent fire room, No. 11, and died almost immediately. The surviving seven, all of whom suffered serious injuries, acted with a heroic courage in adding their untimely names to the list of the dead.

### Revival of Military Feud at Zola's Funeral in Paris.

PARIS, France.—Incidentally the funeral of Emilio Zola had the effect of reviving a military feud in the Pantheon an order was made to bury Major Alfred Dreyfus as the son-in-law of the late general's widow. Louis Groussier, a writer for a military publication, fired two shots at Dreyfus' grave in the Pantheon. The army minister and the president of the Chamber of Deputies were informed of the shooting and the latter ordered the army minister to take Dreyfus' remains and bury them in the Pantheon. The shooting was a political act, and the military authorities were ordered to take Dreyfus' remains and bury them in the Pantheon.

### CHICAGO'S MAYOR MARRIED.

Mr. Russell kept the fact secret even from his mother.

#### Right Food Gives Strength and Brain Power.

The natural elements of wheat and barley, including the phosphate of potash, are found in Grape-Nuts, and that is why persons who are run down by improper food pick up rapidly on Grape-Nuts.

### American Meat Shipped Back.

It was stated in London, England, that 20,000 pounds of American meat that has been stored in London and Liverpool, was reshipped by fast steamer to New York to meet the continued shortage of meat in America.

### Georgia Cotton Crop Splendid.

Cotton at all points in Georgia and South Carolina is in splendid condition. Big improvement is observed in the past ten days.

### Newsy Gleanings.

Experts predict that the mosquito pest will be worse than ever this year.

### Good Condition of Cotton.

The Government cotton report showed an increase of one-tenth of one per cent. in area, and an average condition of 79.7 per cent., compared with 79.5 per cent. last year, 84.6 per cent. two years ago, and a ten-year average of 82.3 per cent.

### Morgan is Optimistic.

Of prime importance among thinking men is the cable quotation of Mr. J. Pierpont Morgan's belief that the re-establishment of national preparedness is close at hand.

### SIGNS OF PROSPERITY.

Men Needed For the Fields and the Factories—The Country Awaking.

New York City.—The country is waking up. Mills and factories that have been closed for months again hum and whir with action. Trade is improving, says the American. New York merchants are reinstating employees they were forced to dispense with last fall because of the flurry in Wall Street. The same is true in other cities. In Chicago commercial men are preparing for a prosperous season. South wheat fields will turn brown. It will take an army of men to harvest the crop in the Northwest and in the West and South thousands of acres of new land this year have felt the first touch of the plow. The timber country is resounding with the noise of the axe.

In the great manufacturing centers of the East far has fled from owners of plants. Many chimneys that were long ago cold are now smoking up their former volumes of smoke. Orders call in. The human family must be supplied. There is money in the banks, and the spectre of distress is dimmer.

St. Louis already has re-employed the thousands of men who have remained idle since October. In the Kansas city district 55,000 miners who have not used a pick in many a day have returned to work. The South cries for more men to work in her cotton fields. Shipbuilding has been given a healthy impetus on the Pacific coast. When we build ships we are prosperous.

### Rice in Demand.

Business continues quite active in the market for rice, the inquiry covering all grades. Assortments are still quite broken, with fancy styles scarce and in demand at advanced figures. Screenings are also scarce.

### Four-Dollars-Ton Cut in Steel.

A cut of \$4 a ton in base steel went into effect in Cleveland. The new price will affect only manufacturers' stock. The cut is made upon the Pittsburgh price of \$1.60 per 100 pounds. The new price is \$1.10 per 100.

### Deficit of Nearly \$12,000,000.

The monthly statement of the Government's receipts and expenditures shows a deficit for May, 1908, of \$11,925,000, as against a surplus for May, 1907, of \$8,775,217.

### When Run Down.

After using Grape-Nuts I noticed improvements at once in strength and nerve and brain power.

### When Run Down.

"This food seemed to lift me up and stay with me for better exertion, with less fatigue. My weight increased 20 lbs. with vigor and comfort in proportion."

### When Run Down.

"When traveling I always carry the food with me to insure having it."

### THE DUCK HOUSE.

At a considerable distance from the chicken brooders is a duck house, where the little ducklings are sheltered and cared for from the time they are hatched to the time when they are dressed and sent to market. This house is 500 feet long and 45 feet wide. There are partitions every 100 feet to prevent drafts of air. The ducks are graded according to age, the little fellows getting what is called "baby food," a little later No. 2 feed, and as they get considerable size and strength, No. 3 feed. There is an alley running through lengthwise of the house. Through this alley a car, on which there is a box twelve feet long containing feed, is pushed along, and the ducks in pens on either side are fed as systematically as the large dairymen feed their herds of cows.

It requires a thorough knowledge of the habits of the duck to handle them successfully. Although a water fowl, they must be kept comfortable and dry while young. Water is furnished running along in a trough where they can reach their bills in and drink, but they cannot get into it. A strange characteristic is a love for light, and lanterns are kept burning to light their pens all night, as they would injure themselves by running against the partitions.—Tribune Farmer.

# TORTURED FOR SIX MONTHS

## By Terrible Itching Eczema—Baby's Suffering was Terrible—Soon Entirely Cured by Cuticura.

"Eczema appeared on my son's face. We went to a doctor who treated him for six months. Then he was so bad that his face and head were nothing but one sore and his ears looked as if they were going to fall off, so we tried another doctor for four months, the baby never getting any better. His hand and legs had big sores on them and the poor little fellow suffered terribly that he could not sleep. After he had suffered six months we tried a set of the Cuticura Remedies and the first treatment let him sleep and rest well; in one week the sores were gone and in two months he had a clear face. Now he is two years and has never had eczema again. Mrs. Louis Beck, R. F. D. 2, San Antonio, Tex., Apr. 15, 1907."

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

"I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst form of female complaint, continually doctoring and paying out lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and it has restored me to perfect health. I had not been for you. I wish every woman in my grave to-day. I wish every suffering woman would try it."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ailments and has positively cured thousands of women who have been troubled with displacements, inflammation, ulcerations, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

### Refused the Queen's Invitation.

Madame Antoinette Sterling, the American singer, once unconsciously committed a breach of etiquette, which is recorded in the son's recent memoir of his mother. Queen Victoria commended Madame Sterling to sing before her. Without any thought of offending, the singer replied simply that she was sorry, but on the evening designated she was engaged to sing for a charity; she would be pleased to sing for her majesty the next week.

The consternation among court officials was great. What would have happened if the singer had not been prevailed upon to break her engagement and comply with the queen's request, only a Lord Chamberlain knows.

Even a Lord Chamberlain could not prevail on her to break her rigid resolution against wearing a low dress at a concert, and court custom had to yield to her.

The queen took unconscionable revenge on the American by presenting her with a tea service, for Madame Sterling kept at her life a childish resolution never to drink tea because the spilling of the tea in Boston harbor was the symbol of American defiance of England.
