World's Greatest Show to Exhibit There on Oat. 16 The People of Kershaw county will have an opportunity on Friday, Oct 16 of visiting Ringling Brog'. World's Greates Shows, the point of

exhibition being Columbia. This season marks the twenty fth anniversary of this great cirus, and the Ringling Brothers are debrating the year by presenting he greatest European program evr offered, a parade that surpasses all those of the past, a new and complete menagerie, another brilant spectacle, and the most astonshing a sensational "thriller" in all metory.

Tas "thriller" is nothing less han a double somereautt in midilr made by a heavy automobile with Mile. La Beile Roche, a young French woman, at the wheel. The ar dashes down a steep incline from the dome of the tent. An abrupt up-curved terminal burls the ar high above the heads of the aulience, where it accomplishes two complete revolutions and then lands with a crash on a narrow speedway xhausting its terrific momentum n the hippodrome track.

This is an not that defies English t cannot be described, and when uce seen, the picture of it will be carried in memory to the end of life. It is the first instance where a single automobile has turned two somersaults in space.

Before making a selection for your new hat, go to Hirsch Bros & Oo, and ask for Miss Arbor—she will show you the newest styles
