F. O. B. YOUNG'S ISLAND, S. C. My Special Express Rate on Plants is Very Low.

Guarantee I guarantee Plants to give purchaser satisfaction, or will refund the purchase price to any customer who is dissatisfied at end of season. These plants are grown in the open field, on Seacoast of South Carolina, in a climate that is just suited to growing the hardiest plants that can be grown in the United States. These plants can be reset in the interior of the Southern States during the months of January, February, and March. They will stand severe cold without being injured, and will mature a head of Cabbage Two to Three weeks sooner than if you grew your own plants in hot beds and cold frames.

My Largest Customers are the Market Gardeners near the interior towns and cities of the South. Their profit depends upon them having Early Cabbage; for that reason they purchase my plants for their crops.

I also grow a full line of other Plants and Fruit Trees, such as Strawberry, Sweet Potato, Tomato, Egg Plant and Pepper Plants; Apple, Peach, Pear, Plum, Cherry and Apricot Trees, Fig Bushes, and Grape Vines.
