**Bought an Interest in the Camden Drug Co's. Business.**

Dr. W. R. Clyburn and Dr. C. P. DuBose have bought an interest in the business of the Camden Drug Company. These two gentlemen are well known and held the highest esteem by the entire community, and this connection with the Camden Drug Company adds much strength to this already strong firm.

**Mr. Heyman Gets an Order From Massachusetts.**

Mr. M. H. Heyman received an order one day this week from Massachusetts for a gold medal. When Rev. J. J. Wicker was here he was in at Mr. Heyman's store one day and seeing some gold medals which Mr. Heyman had for sale, admired them very much. Since Mr. Wicker returned to his home in Northfield, Mass., one of his sons have graduated and Mr. Wicker bought the medal for a gift to his son.

### Suggestions for Trustees.

Mr. Editor:—Seven weeks from today we are to elect Trustees to manage the schools of this District and it is now time for us to be considering about for the proper men, we therefore take pleasure in suggesting Mr. David Witherspoon and Dr. S. C. Zemp.  
Very Respectfully,  
Patron and Taxpayer.  
May 13, 1909.

### Mr. Witherspoon Endorsed.

Mr. Editor:—I wish to endorse the suggestion of Mr. David Witherspoon for one of the School Trustees for this district. It has been many years since the citizens of Ward 1 have had a representative on the Board who was a resident of that Ward and we think that as their tax money is paid out to assist in running the schools, justice and fairness demands that they should have a voice in saying how and to whom their money should be paid. "Taxation without representation" is hard to submit to year after year.  
Justice.

### Mr. Hough Suggested.

Mr. Editor:—I hereby suggest Mr. W. R. Hough as a suitable man for one of the trustees for this school district to be elected in July.  
A Well-Wisher of the School.

### Mr. West Suggested.

Mr. Editor:—We notice that Mr. Robinson has declined to run for School Trustee. Feeling that it is eminently proper that we people of the Mill district and Malven Hill should have a resident from this section on the Board we suggest Mr. Will West as a suitable man and insist upon his running.  
Taxpayer from Factory Hill.

**Prohibition Sermon.**  
The prohibition sermon preached by Dr. John A. Brunson in the Baptist Church last Sunday night is said to be one of the best ever delivered here on that subject. There was a large congregation present and we trust that much good was done.

**Missionary Rally.**  
The missionary rally at the Baptist Church yesterday was well attended. There were delegates from Kershaw, Black River and Santee associations. The welcome address was made by Miss Louise Nettles. The session last night was open to the public. As we are going to press earlier this week than usual in order to attend the prohibition picnic today, we are unable to give a full account of this very interesting meeting but we hope to do so next week.

**Something New for Camden.**

Dr. I. H. Alexander has at his office a unique machine called an individual cup vendor, put up by the American Water Supply Co., 115 Broadway, N. Y. His son, Mr. D. M. Alexander, is now associated in business with this company. One of these machines ought to be placed in all public places where any one can get a clean and absolutely aseptic cup in taking a drink of water or soft drink of any kind thereby helping out the fight going on against the "white plague."

### Macfie—Asho.

The State, June 30.  
The marriage in Yorkville on last Wednesday evening of Miss Mary Clawson Macfie to Mr. Spencer Morgan Asho was an event in which Columbia has a marked interest by reason of several ties. The bride is well known and very popular here, having been a student at the College for Women no longer than a year ago and having counted among her most intimate friends several Columbia girls who attended her wedding and were numbered among her sixteen charming bridesmaids. They were Misses Sue Piinn, Freda Ansel and Eugenia Childs of Columbia.

An additional interest for Columbia is found in the fact that the groom's grandfather, Mr. James Macfie, an uncle of the McMaster family, is one of the early Columbians who were closely identified with the life and development of the town before the war, a well known merchant whom the older generations of Columbians remember. The groom's father was a graduate of the University of South Carolina in the class of 1854, and after serving in the war as one of Hampton's cavalry, moved to Fairfield and became one of her most prominent and prosperous citizens.

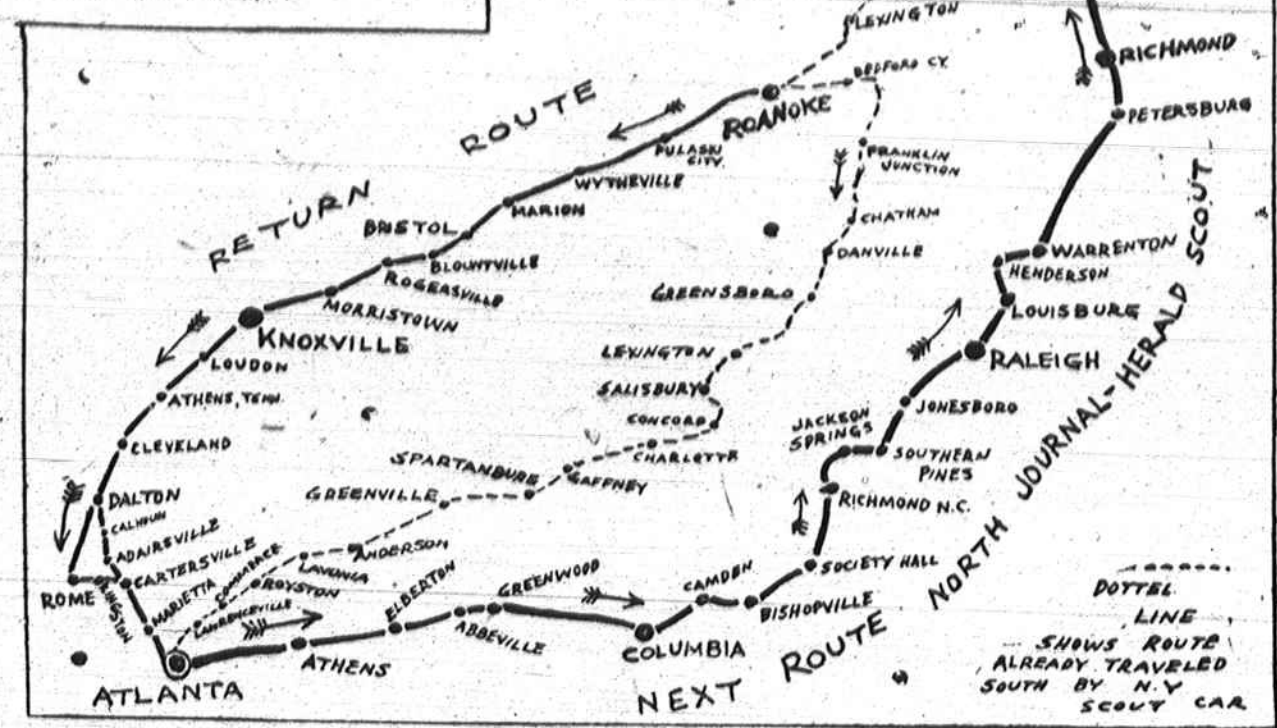

### Rev. E. A. McDowell Injured In Car and Auto Collision in Anderson County Sunday.

On Sunday morning last a party consisting of Mr. J. H. Cobb, superintendent of the Belton cotton mill; Rev. D. D. Richardson, pastor of the Dorchester Baptist Church, his wife and Rev. E. A. McDowell left the town of Anderson in an automobile to attend a rally day service at Dorchester Baptist Church about ten miles in the country. On the way they had to cross the electric car line that runs from Anderson to Belton, and as the automobile got on the car track it was crashed into by the trolley car going, it is said, at a speed of about 20 miles an hour. The automobile was demolished. Mr. Cobb was killed instantly and Rev. Mr. Richardson died from his injuries the next day. Mr. McDowell's arm and shoulder were broken. Mr. Richardson escaped with a sprained ankle.

A card from Mrs. McDowell says: "Mr. McDowell is doing very well. His left shoulder and leg were fractured. He was badly bruised up and was unconscious for hours. The doctors do not apprehend any serious results, though he is suffering a good deal from pain and nervousness. Of course he will be in bed for weeks."

## PROPOSED AUTOMOBILE ROUTES.

The Scout Cars which passed here are now between Washington and New York.

In the above map are shown the three big systems of roads that the Broadway-Whitehall highway has for its choice. On the right is the Capital to Capital route which comes by Camden. In the middle is the route that the scout cars have already toured. On the left, or West, is the Bristol route.

**PERSONAL.**  
Messrs D M Bethune, W F Russell, W S Marshall, W A Clyburn, Allen Ward and Capt A M Brailsford are attending—the Confederate reunion in Chester this week.

**Birthday Picnic.**  
The annual birthday picnic of Mr. and Mrs. T. R. Horton will be held this year on the 16th of July. These gatherings never fail to afford great pleasure to all who attend. The picnic will be held at West's Mill. We acknowledge with thanks an invitation to be present.

### Would Not Be Backed Down.

On Saturday morning last when Mr. S. Stokes of Lucknow had gotten ready to come to Camden his wife expressed a desire to come with him. Mr. Stokes told her he had arranged to bring a load of corn to Camden. "That's alright," said Mrs. Stokes, "I can ride on the corn." So mounting the load of corn she came to Camden, did her trading and returned home none the worse for her trip. Such pluck and independence is commendable, and it is a pleasant sight to see farmers have corn to sell at this season of the year. If every farmer had corn to sell and all the flour he needed these two necessary articles would not now be of such an unreasonable price. It now cost just double to live what it did a few years ago. We congratulate Mr. Stokes upon his full barn and plucky wife.

## Why A National Bank Is Safe.

The United States Government is, in a sense, a silent partner, in the conduct of every National Bank.

In granting a charter to a Bank, it makes special inquiry as to the character and financial standing of the applicants.

Twice a year, or oftener, it sends an examiner, who makes an examination of all records and business methods employed, reporting any irregularities to the Comptroller of the Currency.
