SOUTHERN EXPANSION.

Increased Exports of Manufactures, as Well as Raw Materials. Disinterested observation of condi-

tions in the South serves to confirm the conclusions reached as to the remarkable economic transformation going on in that section. Everything goes to show the wonderful development that has come to the people of the South. It was as inevitable that aeroplane were the principal happenthe new beliefs and aspirations should find expression through the Southern Senators and Representatives in Congress as that day should accompany the rising progress of the sun. The South has been almost wholly an agricultural region, and its farming industries in the past The new South sees not only the extension of agriculture through still greater production of cotton, tobacco, rice and sugar, but an almost endcolonel, and Commander William F., to the profits of the growers. To this is to be added the gain of manufacturing, constantly going forward to more extraordinary attainments and wonderfully helped by the abundance and cheapness of materials like iron ore, coal, and lumber in close prox-

Expansion of production in the manner indicated must result in expausion of markets for the things produced. The South is supplying its home needs to an extent never known before, and by domestic interchange contributing to the general welfare much more directly than when, in the olden times, the chief beneficiaries were a comparatively few planters. It is now seeking other markets. Its exports are no longer to be wholly raw materials for the manufactures of other lands. It has manufactures of its own and will seek customers therefor .- Troy Times.

There is little to sew where tailors are true.-Danish.

> AN OLD TIMER Has Had Experiences.

A woman who has used Postum since it came upon the market knows from experience the wisdom of using Postum in place of coffee if one values health and a clear brain. She

"At the time Postum was first put on the market I was suffering from nervous dyspepsia, and my physician had repeatedly told me not to use ten or coffee. Finally I decided to take his advice and try Postum. I got a package and had it carefully prepared, finding it delicious to the taste. So I continued its use and very soon its beneficial effects convinced me of its value, for I got well of my nervousness and dyspepsia.

"My husband had been drinking coffee all his life until it had affected his nerves terribly, and I persuaded him to shift to Postum. It was easy to get him to make the change, for the Postum is so delicious. It certainly worked wonders for him.

"We soon learned that Postum does not exhilarate or depress and does not stimulate, but steadily and honestly strengthens the nerves and the stompch.

"To make a long story short, our ontire family continued to use Postum with satisfying results, as shown in gur fine condition of health, and we have noticed a rather unexpected improvement in brain and nerve pow-

Increased brain and nerve power always follows the use of Postum in place of coffee, sometimes in a very marked manner. "There's a Rea-

Look in pags, for the famous lit-tle book, "The Road to Wellville." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human futerests China Sh

************ **NEWS FROM WASHINGTON**

***************** After defeating Senator Tillman's amendment for a tax of 10 cents a pound on tea by a vote of 18 to 55, thus concluding the schedules of the tariff bill, the Senate took up the ncome and corporation tax questions. Senator Aldrich said he would support the corporation tax amendment as a means of defeating the income tax, expressing the opinion that the tax would be repealed after two years or the rate materially lowered. The Democrats held that this position was a subterfage on Mr. Aldrich's part to destroy the income tax. Senator Flint, who will have charge of the corporation tax amendment, spoke in favor of it. Senator Cummins in favor of the income tax; and Senator Dixon in favor of an inheritance tax, although the latter said he would vote for the corporation tax Senator Flint said the corporation tax would yield, in his opinion, a revenue of \$40,000,000 to \$50,000,000 a year.

Secretary of the Treasury Mac-Veagh made a call on national bank depositories for a return to Treasury of government funds approximating \$25,000,000.

Income and corporation tax quesions were discussed Thursday in the Senate. Among those who spoke were Senator Root, of New York, who advocated the corporation and opposed the income tax; Senator Porah, of Idaho, who took opposite sides with Mr. Root; and Senators Owen and Clapp, who favored the ncome tax.

But for the objection of one Sena-tor, Mr. Bulkeley, of Connecticut, next Tuesday would have been fixed as the date for a vote by the Senate on the income tax amendment to the tariff bill.

Orville Wright made three successful flights in his new aeroplane at Fort Myer late Thursday afternoon, remaining in the air about 22 minutes all told and raising to a height of 40 For the fiscal year ended Wednes-

day, government disbursements exceeded government receipts by \$89,-811,156, according to the Treasury Rear Admiral Potter became chief

of the buenru of navigation succeeding Rear Admiral Pillsbury, retired. A five-hour flight of oratory in the United States Senate by Senator Cummins, of Iowa, and a thirty-seeends flight of the Wright brothers

ings of interest in the national capital Wednesday. A mishap to Orville Wright's machine put an end to his flights for the day less than a minute after he started for his first flight. The damage to the aeroplane, however, was

Petitions for rehearing on the charge against them for contempt of the United States Supreme Court were received by the clerk of the court from Sheriff Joseph F. Shipp, Jailer Jeremiah Gibson and Luther Williams, three Tennesseeans accused of having failed in their duty to

Protest against the effort to prevent the use of coupons to stimulate the tobacco trade was made by represenctatives of the so-called "tobacco trust'' before a sub-committee of the Senate finance committee.

The Senate Saturday adopted the maximum and minimum provisions of the tariff Lill by a vote of 36 to 16. The provisions of the measure go into effect March 31, 1910, and 20 days must clapse before the President's proclamation applying the maximum duty of 25 per cent ad valorem, in addition to other duties, provided in the Lill, will be operative. The Senate agreed on the submission of an income tax amendment to the constitution to the several States for ratifi-

President and Mrs. Taft left Washington Saturday afternoon for Beverly, Mass.,, where Mrs. Taft and children will spend the summer. The President, after speaking at the celebration of the 250th anniversary of the founding of Norwich, Conn., on Monday, and participating in the ter-centenary celebration of the discovery of Lake Champlain, will return to Washington to await the adjournment of Congress,

Orville Wright left Saturday for Dayton, O., to get cloth for repairing the lower plane of his machine, which was badly ripped in striking a tree Friday while the aviator was gliding to carth.

President Taft Saturday was the principal speaker at the unveiling of of granite monument erected in this city, as a memorial to the funder of the Grand Army of the Republic. Major Benjamin Franklin Stephenson, of Iillinois. The monument is the first of its kind.

Notwithstanding the fact that Monday was a legal holiday the Senate put in a full day's time, and business proceeded from 10 o'clock in the morning until 5:35 o'clock in the afternoon with punctilious regularity and exceptional celerity. The result was marvelous. Not since the tariff bill has come into the Senate has so much been accomplished within a day. Indeed, when the sitting came to an end a summary of the proceedings showed that there was very little left to be done. The principal item still to be considered was the tobacco tax, the figures on which had not been completed by the committee when the Senate adjourned.

There was only a small part of the members present when the House met. Chaplain Couden offered a prayer expressing patriotism appropriate to the day.

A message from the President rec mmending an appropriation to pay the claim of a subject of Montenegro for the loss of certain property in Texas in 1865 was read and referred to the committee on appropriations.
