

The Pope's Secretary.
Secretary of State, who entered upon his forty-fifth year the other day, is by far the most interesting personality in the Pope's immediate entourage. It is not generally known that he is by birth a Londoner, for he was born in Gloucester Place, Portman Square, at the time when his father was Secretary to the Spanish Embassy in London. He was educated at St. Paul's and at Durham, and at an early age made up his mind to enter the Church. Going to Rome, he became a great favorite with Pope Leo XIII, who appointed him to his present position. He was the first to introduce shorthand, typewriters and the telephone into the Vatican.—Tit-Bits.

Men, my brothers, men the workers, ever reaping something new.—Tennyson. So. 4-10.

'Tis always more somewhere in the world.—Richard Hengist Horne.

'Tis expectation makes a blessing dear.—Sir John Suckling.

Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c. a bottle.

What is no sin is no shame.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such a bearing-down sensation as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good, and has also relieved the bearing-down. I recommended it to some friends and two of them have been greatly benefited by it.—Mrs. M. A. McKenney, Oronogo, Mo.

Another Grateful Woman.
St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing-down pains and pain in lower part. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way.—Mrs. A. H. Harzo, 5723 Prescott Ave., St. Louis, Mo.

Because your cure is a different one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacement, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

Wonderful Praise Accorded Peruna the Household Remedy

Mrs. Maria Goertz, Oriola, Oklahoma, writes:

"My husband, children and myself have used your medicine, and we always keep them in the house in case of necessity. I was restored to health by this medicine, and Dr. Hartman's invaluable advice and looks. People ask about me from different places, and are surprised that I can do all of my household work alone, and that I was cured by the doctor of chronic catarrh. My husband was cured of asthma, my daughter of catarrh and catarrh of the stomach, and my son of catarrh of the throat. When I was sick I weighed 100 pounds; now I weigh 140.

"I have regained my health again, and I cannot thank you enough for your advice. May God give you a long life and bless your work."

To be weak is miserable, doing or suffering.—Milton.

Epidemic of Itch in Welsh Village.

"In Downlais, South Wales, about fifteen years ago, families were stricken wholesale by a disease known as the Itch. Believe me, it is the most terrible disease of its kind that I know of, as it itches all through your body and makes your life an inferno. Sleep is out of the question and you feel as if a million mosquitoes were attacking you at the same time. I knew a dozen families that were so affected.

"The doctors did their best, but their remedies were of no avail whatever. Then the families tried a druggist who was noted far and wide for his remarkable cures. People came to him from all parts of the country for treatment, but his medicine made matters still worse; as a last resort they were advised by a friend to use the Cuticura Remedies. Ointment and Resolvent, the effect was wonderful and the result was a perfect cure in all cases.

"I may add that my three brothers, three sisters, myself and all our families have been users of the Cuticura Remedies for fifteen years. Thomas Hugh, 1659 West Huron St., Chicago, Ill., June 29, 1909."

When one goes drunk, all his drink is equal for all purposes does not exist.

Rev. H. B. Sheldon, Pacific Grove, Cal., says he likes the berries served in any and every way.

W. T. Davis, Enon, Va., says it is true to description in every way, and fruits in three months from seed.

Judge Morrow, of U. S. Circuit Court, says the Wonderberry is simply delicious raw or cooked.

Mr. Childs exhibited one plant five months old bearing 10,375 berries which weighed about eight quarts.

Mrs. Hattie Winslow, Hayden, New Mexico, says it stands long, hard droughts of that climate and fruits abundantly all summer.

It is certainly the most satisfactory garden fruit and the greatest novelty ever introduced.

GIRLS LEAP TO DEATH, IGNORING FIRE ESCAPES

Five Persons Perish in a Philadelphia Factory.

Shirt Waist Makers Trapped

Many Lives Saved by Men Holding Wagon Covers Into Which the Workers Dropped—Speakers Filled With Horror at the Scene.

Philadelphia, Pa.—Scores of working girls on the top floor of a four-story factory building at Chancery and South American streets were thrown into a wild panic when fire broke out there. It was the shirt waist factory of Joseph Chachkin.

Although the building had a fire escape, the rush of the flames through thin wooden partitions made the girls forget this in a crazy dash for the street. The men among them lost their heads amid the shrieks and cries for help.

Wire netting at windows were torn away and girls and men threw themselves four stories to the street. Others joined in a crush on the wooden stairway. In ten minutes four girls and a man perished.

John Morris Pessan, fractured skull; Clara Swartz, crushed by fall; died on way to hospital; Ida Greenberg, burned and crushed; died in hospital; Rebecca Kaufman, fractured skull; died in hospital; Elizabeth Chachkin, burned; died in hospital.

The injured; Rebecca Chachkin, fractured skull, internal injuries and burns; expected to die; Hyman Ballston, burned, leg fractured; condition serious; Isaac Goldberg, slightly burned; Samuel Ullman, slightly burned; Joseph Chachkin, slightly burned; Reuben Leiberger, slightly burned; Samuel Shaw, slightly burned; Joseph Silverberg, slightly burned; Leo Pollin, slightly burned; Simon Mervitz, slightly burned; Sarah Cohen, seriously burned and probably internally injured; Phillip Pelkos, one arm and both legs fractured; unidentified colored woman, overcome by smoke and flames.

The scene of the fire was just across the narrow street that borders the rear wall of the churchyard of St. Paul's.

Men on the street below got rubber wagon covers, and held them taut at the edges, and undoubtedly saved several lives thereby, girls and men leaping into them. The large of the fall being thus broken.

Some of the girls were rope from an upper window, and five or six girls slid down this, dropping from a height of a story or so.

Daphar Howell appears to have been the first man on the street to note and bring out of the fourth story windows.

"I think the whole thing was over in three minutes," he says. "I had hardly reached a fire alarm box when I jumped from a fourth-story window, and turning over in the fall, struck the pavement on his head. It was such an awful sight that I nearly fainted. Then came the rush from the one stairway into Chancery street, and the girls and men in wild-eyed terror poured out of the narrow hallway. Men tried to climb over the heads of the girls and fought each other to get out first.

Above were shrieking women in the fire, and the girls and men in wild-eyed terror poured out of the narrow hallway. Men tried to climb over the heads of the girls and fought each other to get out first.

SKELETONS PLOWED-UP.

Lexington, Special.—A large number of skeletons were found a few days ago near Colliertown, and great interest has been excited by the gruesome find. While John M. Knick was plowing in his field, he uncovered a bone, and on investigation he unearthed at least ten skeletons. Later three other skeletons were found. It is the general belief that the bones are the skeletons of Indians and that their burying ground was at the place where the bones were found.
