THE STATE QUILL PUSHERS

Regular Yearly Meeting of the South Carolina Press Association at Glenn Springs.

Mr. August Kohn, of Columbia, President of the State Press Association has issued the following circular which will be read with interest by all press workers:

As a result of conferences I beg to submit to you the following detailed information concerning the meeting of the South Carolina Press Association.

The first session will be held at the Glenn Springs Hotel, Monday evening, June 14th, at 8:30 o'clock.

The afternoon trains into Spartanburg make connection for Glenn Springs. Therefore be sure and come Monday.

Train leaves Spartanburg for Glenn Springs daily at 3:55 p. m.

Arrangements have been made with the Glenn Springs Hotel, under the management of Mr. Green, at \$1.00 per day. This rate applies to members of the Association who may wish to arrive at Glenn Springs a few days before the 13th to remain after the adjournment. Mr. Green assures us of excellent treatment and service. The press party will remain at Glenn Springs until Wednesday evening and then leave for Spartanburg.

Wednesday evening, June 15th, will be spent in Spartanburg (program later).

Thursday morning we start on our pleasure trip over the Blue and Great Smoky Mountains for Dante, traveling on a special train over the new and wonderfully built Clinchfield road.

The itinerary of the trip as planned after conference with Mr. DeHon, of the Clinchfield is as follows:

Leave Alta Pass, N. C., 4 p. m.

Arrive Spartanburg 7 p. m.

This will be in time to make connection with outgoing train.

The outlook is for a thoroughly delightful trip.

To provide the utmost comfort and keep our pleasant party together arrangements have been made for each passenger to occupy a double berth at the nominal rate of about \$1.50 per day, or \$4.00 for the three days. Sleepers are to be taken at Spartanburg.

The purpose is to have two regular dining cars attached to the train. This will be a luxury, and if all take their meals on the dining car the rate will be 50 cents per meal, or \$4.50 for the nine meals. To avoid confusion and insure two diners tickets for the diners will be sold in advance for \$4.50.

The Clinchfield road does not operate tourist sleeping cars or diners on its present schedules and it will be necessary to file definite orders for the sleeping cars and diners so that they can be brought to Spartanburg, and I must therefore beg that you will promptly send me check for these items of expense.

Railroad ticket Spartanburg to Dante and return \$3.25.

Nine meal tickets on diner \$4.50.

Berth tourist car (three nights, 15th, 16th, 17th) \$4.00.

Trip to tunnel (V. and S. W. R. R.) 25c. Total, \$12.00.

Children between 5 and 12 years of age half railroad fare. Meals as above for children.

If you wish an upper berth the rate will be \$1.00 less than above or \$11.00 should be sent for railroad ticket, meal tickets, with reservation and side trip to tunnel. A section, an upper and lower berth can be had for three days.

The rule shall be "first come first served," and the cars will be filled as the reservations are made, first the lower berths will be reserved, then the uppers. There is no reason to delay sending your check; if you do not get check will be returned. The excursion rates are based on not less than 200 of our members and their loved ones going on this delightful trip. If fewer should go the cost will not be over \$1.00 additional, but we want every newspaper worker and his family to go on this ONE trip.

If you are not now a member of the South Carolina Press Association you ought to be and you are cordially invited to join. The Press Association is intended for newspaper folks and if every other profession can have its organization, why not newspaper workers?

It is important, very important, that you let us hear from you at once. Please do not delay.

If you wish transportation to Glenn Springs through the President, or Mr. R. L. Freeman, Secretary, at Benningville, it will be our pleasure to serve you, but please do not wait until the last minute and indicate the exact transportation desired. The railroads will as heretofore issue transportation to members of the Association and one female member of their immediate family.

Let me know if there is any further information you want. Set a watch aside for the Press meeting.

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female trouble and fearful pains in my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them of Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. EMMA LMAN, 638 First St., Milwaukee, Wis.

The above is only one of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which prove beyond a doubt that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, actually does cure these obstinate diseases of women after all other means have failed, and that every such suffering woman owes it to herself to at least give Lydia E. Pinkham's Vegetable Compound a trial before submitting to an operation, or giving up hope of recovery.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health and her advice is free.

The Nation's Sweet Tooth.

The country has grown accustomed to international apple shows and corn congresses and other exploitations of the products of the farm and the factory, but Philadelphia proposes to set the mouths of her citizens and the visiting public watering with a candy exhibition.

As candy-making is one of her leading industries she is doubtless warranted in showing. She has seventy-six candy manufacturers under the government system, the estimated value of the output last year being \$7,000,000.

Fifty years ago the candy of the country was almost invariably hard and coarse, and much of it unwholesome. Now the making of it has become a fine art, and the wizard of concoction and favoring has a fortune at his command. Pure candy in moderate quantities is no longer regarded as a menace to the healthy stomach.

It has been sent to American soldiers at Manila and to British soldiers in the Transvaal, while we have a recent unconfirmed tradition that the lure of the gumdrop will enlist an Eskimo in almost any service. As candy takes its place among the articles that go to make up high living, we may assume that its consumption, even per capita, is steadily on the increase.—Boston Transcript.

HARD ON CHILDREN

When Teacher Has Coffee Habit.

"Best is best, and best will ever live." When a person feels this way about Postum they are glad to give testimony for the benefit of others.

A school teacher down in Miss. says: "I had been a coffee drinker since my childhood, and the last few years it had injured me seriously.

"One cup of coffee taken at breakfast would cause me to become so nervous that I could scarcely go through with the day's duties, and I was often accompanied by depression of spirits and heart palpitation.

"I am a teacher by profession, and when under the influence of coffee had to struggle against crossness when in the school room.

"When talking this over with my physician, he suggested that I try Postum, so I purchased a package and made it carefully according to directions; found it excellent of flavour, and nourishing.

"In a short time I noticed very gratifying effects. My nervousness disappeared, I was not irritated by my pupils, life seemed full of sunshine, and my heart troubled me no longer.

"I attribute my change in health to Postum alone.

Read the little book, "The Road to Wellville," in plain. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

A Golf Expert.

A story is told of two old antagonists who met on a Scotch golf-course every Saturday afternoon.

On one occasion, when they were all "square" at the seventeenth, and the loser of the previous week had just played his third in the shape of a nice approach to the green, last week's winner came up to his ball with grim purpose. He had an easy pitch to the green, but a number of young sheep were unconcernedly browsing along the edge.

"Run forward, laddie," said last week's winner to his caddie, "and drive awa' the lambs!"

"Na, na!" vigorously protested his opponent. "Bide where ye be, laddie! Ye canna move any growin' thing! That's the rule o' gowd!"—Lippincott's.

Getting Around a Difficulty.

A friend of mine, who was once County Clerk of Des Moines, Iowa, told me of an experience he had while holding the office, with a woman who made numerous calls upon him, in company with a man who was always in a state of intoxication. The purpose of their visit was to secure a marriage license. As a matter of course, the clerk each time refused the request.

The last time the woman appeared, as usual leading in her drunken friend, the clerk, in a most impatient mood, exclaimed:

"My dear woman, why do you always bring this man here to get a license when he is drunk?"

"Because," said she naively, "I can never get him to come along when he is sober."—Lippincott's.

Progressive South Carolina Daily.

One of the mightiest factors in the steady progress and great development of South Carolina—a magic force fighting for higher ideals of government, and eloquently and persistently pleading, by precept and example, for a truer conception of the responsible duties of the citizen to his State and country—is The Columbia Daily State. Beginning nineteen years ago with the brilliant and lamented N. G. Gonzales as its chief, The State has ever wrought with bitter odds against it when young with but one noble ambition in mind—South Carolina. No power nor influence could ever crush it. Today it is a part of the life and assets of proud old Carolina. In its daily and Sunday editions of from eight to thirty-two pages is reflected the thought and effort and acts of those on the great stage of life.

Too many "dons't" spoil the boy.

Baby's Scalp All Crusted Over.

"Our little daughter, when three months old, began to break out on the head, and we had the best doctors to treat her, but they did not do her any good. They said she had eczema. Her scalp was a solid scale all over. The burning and itching was so severe that she could not rest, day or night. We had about given up all hopes when we read of the Cuticura Remedies. We at once got a cake of Cuticura Soap, a box of Cuticura Ointment and one bottle of Cuticura Resolvent, and followed directions carefully. After the first dose of the Cuticura Resolvent we used the Cuticura Soap freely and applied the Cuticura Ointment. Then she began to improve rapidly and in two weeks the scale came off her head and new hair began to grow. In a very short time she was well. She is now sixteen years of age and a picture of health. We used the Cuticura Remedies about five weeks, regularly, and then we could not tell she had been affected by the disease. We used no other treatments after we found out what the Cuticura Remedies would do for her. J. Fish and Ella M. Fish, Mt. Vernon, Ky., Oct. 13, 1909."

FARMERS' HINTS.

Don't "break" the colts, teach them; and do it early.

If there is anything worse to have on the farm than a balky horse, it is a team of them.

Don't forget the oyster-shell grit. It beats wasting time pounding up old dishes—that have no lime in them at all.

During the January cold spell many hogs froze to death in the South, where the farmers were not prepared for unusual cold weather.

If you do not get the hens laying early, you won't have early settlers, and no early chick. Special care and feeding are the right prescription.

Hens are early risers. Don't make them wait and quarrel until after eight o'clock, and then start them to roost with corn. Feed early, in a clean place, and make 'em scratch for it.

A "Farmers' Club of Chicago" has been organized by wealthy farmers. The stock farms near that city. Attention will be given to marketing pure milk and creamery products. Monthly talks and dinners are included in the program.

What Ails You?

Do you feel weak, tired, despondent, have frequent headache, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, bad risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal plants. World's Dispensary Medical Association, Props., Buffalo, N. Y.

PLAYING SALOON.

A True Story.

"I hear that Smith has sold out his saloon," said one of a couple of middle-aged men who sat sipping at their beer and eating a bit of cheese in a Smithfield street saloon the other night.

"Yes," responded the other, rather slowly.

"What was the reason? I thought he was just coming money there."

The other nibbled a cracker abstractedly for a moment, and then said: "It's rather a funny story; Smith, you know, lives on Mount Washington, right near me, where he has an excellent wife, a nice home and three as pretty children as ever played outdoors. All boys, you know, the oldest not over nine, and all about the same size.

"Well, Smith went home one afternoon last week, and found his wife out shopping, or something of that sort. He went on through the house into the back yard; and there, under an apple tree, were the little fellows playing. They had a bench and some bottles and tumblers, and were playing 'keep saloon.' He noticed they were drinking something out of a pail, and they acted tipsy. The youngster who was behind the bar had a towel tied around his waist, and was setting up drinks pretty free. Smith walked over and looked into the pail. It was beer, and two of the boys were so drunk they staggered. A neighbor's boy, a couple of years older, lay asleep behind the tree.

"Hold on, boys, you must not drink that," he said, as he lifted the six-year-old from behind the bench.

"We're playing 'loon, papa, an' I was a-selling it just like you," said the little fellow. Smith poured out the beer, carried the drunken boy home, and then took his own boys in and put them to bed. When his wife came back she found him crying like a child. He came back down town that night and sold out his business, and says he will never sell or drink another drop of liquor. His wife told me about it, and she broke down crying while she told it."

This is a true story, but the name is not Smith.—Selected.

A man working for me last year knew so much more about my crops than I did, that I saw I should either have to give him my ranch or fire him. Which did I do? I fired him.
