

THE CAMDEN CHRONICLE.

Volume XXI. No. 52.

Camden, S. C., February 17, 1911.

W. L. McDowell, Prop.

From the Field, to your Kitchen

As you bake your bread and pies does it ever occur to you where all that flour comes from—and how it comes.

THINK first of a waving wheat field in the yellow fall time, of the whirr of the reaper, the sultry heat of the Autumn sun and the frenzied work of the harvesters to gather the grain at its best; trace it through the hands of the white coated millers, through the big sweet-clean warehouses, till it finally comes from this store—a clean wholesome product of nature. That is flour—OUR flour.

WHITE VELVET

The flour we sell you is all that nature made it—properly milled. It is the best—makes that sweet, sound bread and light flaky pastry you see so much in neighbor's houses. A simple sack will make you a constant user—send or phone for one today.

A Treat in Store To-Night.

A great treat is in store for all who go to the Opera House to-night to hear Mrs. Gary-Ler, the teacher, missionary, traveler and lecturer. She is a woman of rare culture and refinement, and is spoken of as "the Stateswoman of the Far East." Her entertainment will consist of oriental songs and stories, and no one should miss the opportunity to hear her. Let all other engagements be broken tonight to go to the Opera House. The ladies of the Methodist Church who have charge of the entertainment are desirous that a large audience be present, and our word for it—you will be glad you went.

Notice to Church Clerks.

Westville, S. C., Feb 15th. A Bank account is a Declaration of Independence

If Adam, 4,004 B. C., had lived and earned \$10 a day until now, he would have earned less than 22 million dollars. If he had found ONE dollar and put it out at ONE per cent compound interest that one dollar would now amount to \$664,597,604,385,947,648. Money grows if you will let it.
