

THE CAMDEN CHRONICLE.

Camden, S. C. NEWS OF THE WEEK IN EPITOMIZED FORM

THE LATEST HAPPENINGS OF IMPORTANCE TERSELY TOLD.

EVENTS THROUGHOUT THE WORLD Shows of Greatest Interest from All Parts of the World Related in Paragraphs.

Southern. Charles H. Markham of Chicago, president of the Illinois Central railway, was elected president of the Central of Georgia and of the Ocean Steamship company, succeeding the late J. F. Hanson.

Senator Terrell was reported much improved and his physicians, one of whom is his brother, Dr. H. W. Terrell of LaGrange, unite in a verdict that the attack was due to a slight cerebral hemorrhage, which caused a partial paralysis of the right side.

Pear and peach trees in Mississippi are in full bloom. Planters report the fruit trees developing fast because of the recent warm weather. It is feared that heavy frost will cause considerable damage.

A resolution granting the use of funds to the Confederate Veterans' reunion to be held in Little Rock, Ark., next May was adopted by the senate.

Representative Edwards of Georgia secured the adoption of an amendment to the agricultural bill appropriating \$32,350 for the inspection of ginning, handling, wrapping, baling and grading cotton.

Advances in freight rates on rice and rice products filed with the interstate commerce commission by the Southern Pacific company and the Merchants Steamship company were ordered suspended by the commission until June 6, 1911.

Terrorizing the citizens and working for more than two hours with explosives while the more venturesome residents were forced to stand in line and watch operations, a small band of robbers destroyed the vault of the Farmers' bank at Duncanville, Texas.

The new parliament, which was the first opened in state by George V. and Queen Mary, will be memorable also as the parliament to decide the status of the house of lords, and probably there make the greatest change of a century in the British constitution.

The Mexican government has promulgated a decree admitting corn free of duty until March 31 next.

Helena Vivien, 13 years old, second daughter of George J. Gould, head of one of the wealthiest and most prominent families in New York, was married to Lord Decies, an English army officer.

Ten thousand dollars will be expended on a banquet to be given to Col. Theodore Roosevelt at the French opera house in New Orleans March 11, at which time he will be the guest of the city.

An snowstorm which struck Chicago filled the streets with huge drifts, delayed railroad transportation and tied up street car and elevated train service.

Hiram C. Gill, elected mayor of Seattle, Wash., a year ago, was ousted from the office by the voters participating in the recall election, and George W. Dilling, Public Welfare League candidate, was chosen by a plurality of 6,000 votes, to serve as mayor during the remainder of the term of Mayor Gill.

The Missouri capitol building at Jefferson City was destroyed by fire. The total loss, including the structure and many records and state papers in the offices of the governor, secretary of state and treasurer, is estimated at \$1,000,000 with no insurance. Lightning, which struck the cupola of the dome, spread the flames to the roof of the house of representatives on the north side of the structure and in less than half an hour, it was apparent that the building was doomed.

The house adopted an amendment to the codification bill, which, if ratified by the senate, and approved by the president, will extend the provisions of the act and abandoned property act of March 12, 1883, and permit claims to be brought for some \$10,000,000 collected under that act which still remains in the Federal treasury. Not only are the provisions of the act of 1883, formerly limited in its operations to two years, made to apply to suits which may hereafter be brought in the court of claims, but the former requirement that the claimant must prove "loyalty" is stricken.

President Taft has decided to call an extra session in the event action is not secured at the present session on the administration measures which he is urging upon congress, chiefly the bill for a permanent tariff board and the Canadian reciprocity pact. The president feels that he has struck a popular chord in the Canadian agreement, and since popular hits have been rare during the present administration, he proposes to make the most of it. Most members oppose an extra session.

After a ten-year struggle, the house passed a bill providing for the purchase and construction of American embassies, legations and consular buildings abroad. The measure was put through under a suspension of the rules by a standing vote of 141 to 39, the announcement of the result by the speaker being greeted with applause. The senate, which on several occasions in the past has adopted similar bills, is expected to ratify action of the house. The bill limits the cost of buildings to \$150,000.

Good roads and more of them—that is the slogan of the new national association to further the cause of highway improvement, which was organized recently in Washington and has been working in a systematic way to correlate and coordinate the efforts of all existing agencies for highway improvement. With the view to giving the widest publicity to the extensive work now being undertaken by various good roads agencies, the national association, recently organized in Washington, has opened permanent headquarters in this city.

Advances in freight rates on rice and rice products filed with the interstate commerce commission by the Southern Pacific company and the Merchants Steamship company were ordered suspended by the commission until June 6, 1911.

If the necessary appropriations were available, I would establish postal savings banks in 500 additional cities and towns of the United States. This statement was made by Postmaster General Hitchcock, in view of reports thus far received concerning the first month's operation of the postal savings banks. The total deposits in the 48 existing postal banks for the month of January will amount to approximately \$69,000. This is an average of about \$1,200.

During the months of July, August and September last the total number of casualties of all kinds on steam-operated railroads in the United States was 2,328, 2,348 killed and 19,330 injured. The accident statistics of those electric lines on which interstate traffic is carried show 119 persons killed and 1,079 injured.

The explanation of the action of the American naval forces in landing at Puerto Cortez in Honduras, and in undertaking to intervene between the government forces and the insurgents with a view to bringing about a settlement of the difficult situation in that country without further bloodshed, was given when he state department made public the text of telegrams exchanged between President Taft and President Davila of Honduras, within the last few days.

President Taft commuted the sentence of Fred R. Warren, the Socialist editor of Kansas, who was recently sentenced to six months' imprisonment and a \$1,000 fine, by striking out the imprisonment, and reducing the fine to \$100.

FROM THE CAPITAL OF SOUTH CAROLINA

NEWS AND GOSSIP OF INTEREST TO READERS AS REPORTED BY OUR SPECIAL REPRESENTATIVE.

Columbia.—Mr. Rumbert says that he will at once press the bill to provide for a systematic campaign of advertising the resources of the state. This bill provides that if the railroads will give \$15,000 for that purpose, the state will give \$10,000.

The Missouri capitol building at Jefferson City was destroyed by fire. The total loss, including the structure and many records and state papers in the offices of the governor, secretary of state and treasurer, is estimated at \$1,000,000 with no insurance.

The house of representatives last week approved 116 claims aggregating several thousand dollars. Some of these claims are also accounted for in the appropriation bill, for instance that of the state board of health.

Of the claims ordered paid are 15 for services of special judges, aggregating \$3,930.54. There were many claims also for animals slaughtered to prevent spread of infectious diseases.

The house has passed a bill to provide for a state board of engineers and an architect. Dr. League's bill to amend the pension law so that inmates of Confederate infirmary shall not draw regular pensions but shall have \$25 a year only, passed third reading.

The first proposition in the appropriation bill to which there was any objection was the item with reference to the office of game warden. This had three items: (1) salary of chief game warden, \$1,900; traveling expenses, \$1,000; deficit payable to A. R. Heyward, treasurer, \$1,500. Making a total of \$4,400.

Mr. Stanley of Horry opposed the entire section 10. The house by a vote of 77 to 33 rejected his amendment, the object of which would have been to do away with the chief game warden's office. Mr. Browning explained that the state of South Carolina has created this office.

Mr. Dixon wished to reduce the wages of the state electrician. This was voted down without discussion. This job pays \$1,075. Mr. Browning merely asked for the amendment to be voted down.

Mr. Ashley made an attack on the state geologist's office. The state is in debt and every dollar we can drop in on that debt should be, he urged. He had never heard of one cent of good this geologist had done for the state.

The house overruled Mr. Ashley's objection to the section was adopted. Under the head of the department of agriculture Mr. Gasque asked for information on the item of \$10,000 for farm demonstration work.

An item of \$1,062 to be refunded to Richland county for the expenses of the merger suit. Mr. Scott of Anderson moved to strike out this item. Mr. Kirkland of Kershaw favored the item. The ways and means committee considered it carefully.

The supreme court of South Carolina signed an order upholding the action of Gov. Blease in annulling the election on the proposition ordered by Gov. Ansel. The appeal to the supreme court was the last resort of the promoters of the new county.

In a letter to a legislative commission appointed to investigate charges that State officials are violating the constitutional provision against holding two offices, Governor Blease cited the case of Senator Tillman.

COTTON EXPOSITION.

Will be Held in Columbia This Fall—Good Results Expected. An exposition to encourage the farmers of South Carolina to grow a better staple of cotton will be held in Columbia during the fall under the direction of Ira W. Williams, the State agent of the United States farm demonstration work.

For the past year Mr. Williams has conducted a campaign in the State, with most effective results, to interest the farmers in the growth of a longer staple cotton. This campaign has been conducted in conjunction with the South Carolina Manufacturers' Association.

The cotton manufacturing plants of South Carolina are gradually changing from the manufacture of coarse to a finer grade of goods and a better staple of cotton is needed. The long staple cotton required brings a much higher price.

There will be 18 cents of prize, aggregating several hundred dollars in value, to be given at the cotton exposition for the best results obtained by South Carolina farmers during the year. The date of the exposition has not been decided upon.

Revelation of Freight Tariff.

Columbia.—The railroad commission in the near future will resume the hearing with reference to the standard freight tariff which provides for a general reduction in freight rates in South Carolina. The commission has inspected the Northwestern railway of South Carolina and found it in good condition.

That a handsome monument be erected on the state house grounds to the memory of Gen. Martin Witherston Gary, was the recommendation made to the general assembly by Governor Blease, in a special message. On Gen. Gary's services to the state in Reconstruction Days, rather than his career in the Confederate army, was the Governor's plea.

On motion of Mr. Davis, of Barnwell, the message was referred to a select committee of five to be appointed by the speaker. C. R. Koester Buys Newspaper. C. R. Koester, who founded and conducted the Daily Record, the Columbia afternoon paper until two years ago when he sold it to James A. Hoyt, has purchased the Daily Piedmont, the Greenville afternoon paper.

He will move his family to Greenville and take charge of the paper as soon as receivership proceedings can be adjusted, probably about Feb. 1. Greenville Citizen's Good Job. Milton D. Moore, of Greenville county, has been appointed a scientific assistant in the department of agriculture at Washington.

Cokesbury.—Dr. G. L. Connor planted a portion of his crop in long staple cotton last year. He sent a sample to Lewis W. Parker, who replied that if the cotton came up to the sample that it was worth 23 cents a pound.

Manning.—Eight small tracts of land belonging to the estate of S. M. Nexson, deceased, aggregating 220 1/2 acres, were sold at public outcry here, bringing \$7,220. One large tract of 140 1/2 acres was bid in for the estate and is being held for something like \$30,000. This land is near other land that recently sold for a higher price. Clarendon county land is in demand.

New Fish Commissioner. Governor Blease has appointed L. C. A. Roessler, of Charleston, as a member of the fish commission of the state. He takes the place of L. M. Gasque, a member of the general assembly.

Constable Appointed for Greenville. Governor Blease announced the appointment of J. W. Head, as constable for Greenville county. The appointment was made on recommendation of Mayor Marshall of Greenville and three members.

Judge Watts on Richland Bench. Columbia.—Circuit Judge R. C. Watts designated by the supreme court to preside over the February term of Richland court, will convene the court Tuesday, having failed to arrive Monday. Judge Watts must open a court at Abbeville within three weeks, although the term here is of four weeks. It is not known why the supreme court did not assign to this Richland term another disengaged circuit judge. R. W. Memminger, who has no court of his own until March 7th.

Mayor Assesses \$950 in Fines. Spartanburg.—Mayor Lee fined the Flemings and the Lees, who engaged in a pistol battle in the streets here \$500. Roland Lee was charged with shooting in the city limits, disorderly conduct and carrying concealed weapons. In the first case he was fined \$400 or 120 days or \$100 a shot. Mayor Lee made a separate offense out of each time he shot. For disorderly conduct he was fined \$100 or 30 days and for carrying concealed weapons he was fined \$50 or 30 days.

IN PALMETTO REALMS

NEWS OF GREAT INTEREST TO BUSINESS MEN, FARMERS, AND ALL CLASSES.

INCREASED APPROPRIATIONS.

Figures Showing Amounts for Government Departments. While the total appropriations for the year is in excess of last year, the house of representatives has made few increases of moment. The item for public buildings is not buildings being erected or to be erected, but merely paying for buildings already erected.

Governor's office, \$675 for furniture. Secretary of state, \$300, increase of salary of low clerks. Comptroller general's office, book-keeper's salary raised \$100 and \$4,000 added for inspection of county auditors and treasurers' books.

Insurance commissioner's office, \$300 for clerical work; \$200 for stationery and printing; \$500 for contingent fund and \$300 for rent. Superintendent of education; assistant's salary raised \$150; stationery \$150; printing \$500; rent \$450.

State department of agriculture: \$5,000 additional for farm demonstration work; \$200 additional for expenses of inspectors (less \$1,500 for corn breedings); making a net income of \$3,700.

Health department: Total \$12,605.27, as follows: increase in fund for protection against contagious diseases, \$5,990; salary of clerk to State health officer raised \$120; deficit for 1910, \$6,985.27; State board medical examiners raised \$1,400.

Educational institutions published elsewhere. Tax department: \$500 additional for State board of equalization. Hospital for Insane: Maintenance, increase \$25,000; improvements, reduced from \$50,000 to \$35,000; deficit, \$30,225 for 1910 against \$3,662 for 1909; insurance \$6,000; dentist, pathologist, dietician, etc., \$2,500, total net increase \$38,800.

Industrial school at Florence: Maintenance \$2,500; building with heating plant, \$15,000; cooking range, cow, sewerage, tailor shop, plumbing, etc., \$1,872. Senate, for new carpet and screens, \$1,500.

House, for pay of one extra clerk, \$120; extra pay of the clerk in buying furniture, \$35; extra pay sergeant at arms purchasing furniture and disposing of furniture, \$125.50; extra pay, E. M. Rucker, buying furniture, \$35.

Charlotte.—Speaking before the Charleston chamber of commerce at a smoker given in honor of the establishment of through service between Charleston and Cincinnati, W. W. Finley, president of the Southern railway, declared that if the people of the South are to get the benefit they should from the opening of the Panama canal, they should at once begin cultivating closer trade relations with the ports to be brought closer by the canal.

Charlotte.—Capt. James King, who for so many years was a conductor on the Southern railway, died at his home in Columbia. Capt. King had retired from active service on the road and was perhaps the oldest conductor on the Southern system. He was a conductor on the C. C. & A. before it became a part of the Richmond & Danville. He was about 80 years of age.

Sinking Fund Commission's Report. Columbia.—The annual meeting of the South Carolina sinking fund commission was held at the state house, D. H. Means was re-elected chief clerk of the commission and D. W. McLaurin, as field agent. The financial report of the commission has been sent to the general assembly.

The following were appointed as members of the loan committee: Governor Blease, Attorney General Lyon and State Treasurer Jennings. Over \$50,000 has been loaned to the asylum commission.

State Farm Work Commended. Columbia.—The work done on the State farms is highly commended in the annual report of the committee on penal and charitable institutions, which has been sent to the general assembly. The report refers especially to the Reid and DeSaurau farms. The committee made report on the penitentiary, and highly praised the business manner in which the institution has been managed by D. J. Griffith, the superintendent. The institution turned over to the state treasurer the sum of \$70,000.

Progress in Soil Survey. Columbia.—H. H. Bennett, general agent of the United States soil survey, and C. L. Martatt, acting chief of the United States bureau of entomology, were in Columbia for a conference with E. J. Watson, commissioner of agriculture, relative to the soil survey work in South Carolina. The opinion was expressed by the officials that much progress had been made in the work during the year. The assurance was given that the work will be extended in this State during the year.

IMMEDIATE EFFECT OF GREAT KIDNEY REMEDY IS SOON REALIZED

According to my experience I do not consider there is anything to equal Dr. Kilmer's Swamp-Root for kidney ailments. Twice it relieved me when I was completely helpless.

The last time I was traveling in Texas, when my kidneys became affected, and for ten days I suffered excruciating pain, accompanied with severe chills. Several years previous, having been relieved of a similar attack, I naturally sought relief as before, from Swamp-Root.

After using four of the large size bottles, I was completely restored and went on my way rejoicing and praising Dr. Kilmer's Swamp-Root. This was three years ago, and I have had no indication of the return of the affliction.

Yours very truly, J. C. SMITH, Jr., Jackson, Tenn. State of Tennessee County of Madison Subscribed and sworn to before me this 15th day of July, 1909.

Notary Public. Prove What Swamp-Root Will Do For You Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder.

No Need to Be Good. A little Shaker Heights girl surprised her parents last week by refusing to be secured into being good. "It's no use telling me Santa Claus won't come, or that the angels will write it down in their book if I'm naughty, mamma," she said.

His Labor-Saving Device. "I have discovered a great labor-saving device." "What is it?" "I'm going to marry Miss Bullion, the heiress."

Reforms come slowly because we all would rather wield the axe than bear the knife. FILES CURED IN 6 TO 14 DAYS. Constipation will return unless you get PAIN EXPELLER. Relief falls to cure any case of itching, Blind Bleeding or Protruding Piles in 6 to 14 days. See.

Happiness grows at our own fire-side and is not to be picked in strangers' gardens.—Douglas Jerrold. Mrs. Winslow's Soothing Syrup for Children teething, softens the gums, reduces inflammation, allays pain, cures wind, colic, etc. a bottle.

Let us make the best of our friends while we have them, for how long we shall keep them is uncertain.—Seneca. Garfield Tea has brought good health to thousands. Unequalled for constipation.

An undertaker knows a lot of "dead ones" that he is unable to bury. Some tombstone inscriptions are too good to be true. Take Garfield Tea! Made of Herbs, it is pure, pleasant and health-giving.
