

PRINTING

TO give the best there is in printed products is the chief desire of The Chronicle plant, and we fully believe the increasing popularity of our printing can be attributed to this one feature. This assertion is strengthened by the many satisfied patrons who are today using our products and assuring us that they are pleased by placing new orders. :-

OUR patrons are not alone confined to this city, we are constantly receiving out-of-town customers. They recognize that the best results can only be obtained by the use of up-to-date machinery and type faces. To this end we have worked until we now have one of the best equipped printing plants in this section of Carolina. :-

OUR equipment consists of a Mergenthaler Junior Linotype, Cottrell power press, two up-to-date Chandler & Price Job Presses and Paper Cutter, Stapling Machine—pulled by an I. H. C. Gasoline Engine, besides a complete stock of printers stationery and inks. :-

We are here to serve you with anything in the line of Printed Stationery for your business and personal use.

THE value of well printed neat appearing stationery as a means of getting and holding desirable business has been amply demonstrated. Consult us before going elsewhere. :-
