**Fish Dynamiter Killed By Blast.**

Columbia, Nov. 11.—Alfred A. Rich-  
ardson, chief game warden, said yester-  
day:

"P. H. Grumble, game warden from  
Clarendon county, has been in to see  
me relative to some dynamite cases in  
his county. According to Mr. Grum-  
ble's statement, three negroes named  
Dickson and another negro named Tom  
Brown went to Cuddo lake, near Davis  
station, November 1 and were dynamit-  
ing the lake for the purpose of taking  
fish. It seems that one of the negroes,  
Frazier Dickson, was handling the  
dynamite and either cut his fuse too  
short or the fuse was defective. At  
any rate the dynamite exploded pre-  
maturely, killing Frazier. None of the  
other negroes was injured. Game War-  
den Grumble immediately got on the  
job, with the result that Tom Brown  
and the other two Dicksons have been  
placed in jail, charged with violating  
section 757 of the criminal code of  
1912, which section imposes a penalty  
of \$500 for dynamiting any of the  
streams, lakes or waters of the state  
for the purpose of taking fish."

**WILSON REINSTATES MAN.**

Assistant Postmaster in Illinois Town  
Had Criticized the President.

Washington, Nov. 15.—President Wil-  
son this afternoon instructed Postmas-  
ter General Burleson to reinstate  
George Burkitt, assistant postmaster  
at Winnetka, Ill., regardless of the  
alleged demerits. The reinstatement  
is without reservation.

It appears that some days ago Burk-  
itt had remarked, in discussing the  
approaching marriage of the presi-  
dent, that it looked like a man should  
wait a year after the death of his wife  
before re-marrying. The postmaster  
charged him with disloyalty to the  
president and calling attention to de-  
merits placed against his record for  
"unsatisfactory service" asked for his  
resignation. He appealed to the post-  
office department, but Mr. Roper af-  
firmed the decision of the postmaster.  
Then the whole matter came to light  
through the press.

The White House announced that it  
knew nothing regarding the incident  
until the published facts were read.  
Mr. Burleson stated the same.

"This is a free country," said Sec-  
retary Tamm, in announcing the ac-  
tion of the president, meaning that  
the actions of the president are open  
to criticism of the people. Owing to  
the publicity already given the case  
it is not believed that the case of the  
alleged demerits will be taken up. It  
is understood the president thinks he  
should have been consulted before  
Burkitt was dismissed.

Postmaster Kloefer's letters in-  
dicated that Assistant Postmaster  
General Roper approved of the dismissal.  
Mr. Roper states that the dismissal  
was ordered on other grounds than the  
criticism of the president.

**Pupil Wins Medal.**

The Prophylactic tooth brush com-  
pany last week offered to the pupils  
of the sixth grade, of the Camden  
schools, taught by Miss Josie Sullivan,  
a medal for best composition entitled  
"A Clean Tooth Never Decays." The  
compositions below were considered  
best and Herman Baum, was the win-  
ner of the medal. Thornwell Hay re-  
ceived honorable mention, and his com-  
position will be found below:

**A Clean Tooth Never Decays.**  
Nothing mars ones appearance more  
than a yellow decayed tooth. The  
teeth also have a great deal to do with  
digestion. Unclean teeth causes Indi-  
gestion.

We should not think of eating de-  
cayed meat, but when we have not the  
right kind of tooth-brush and do not  
clean our teeth properly, the particles  
become decayed and form acids on the  
teeth. These acids eat into the ena-  
mel and if we do not have the teeth  
treated, it causes tooth-ache.

With a Prophylactic tooth-brush we  
can keep our teeth in good condition.  
This tooth brush is made so as to  
reach between the teeth and get out  
all the little particles that would oth-  
erwise decay the teeth.

We should brush our teeth up and  
down, not across. By brushing the  
teeth across the particles are just  
moved from one tooth to the other.  
By brushing the teeth up and down  
with a Prophylactic tooth-brush, our  
teeth will not decay because "a clean  
tooth never decays."

—Herman Baum,  
Age 11 yrs, grade 6.

**A Clean Tooth Never Decays.**  
To have clean teeth is the ambition  
of everyone. It helps your appear-  
ance, makes you happy and strong, and  
preserves your health.

The decay does not start on the in-  
side but starts on the enamel. It does  
not give you any alarm at the begin-  
ning, but it works straight into the  
tooth. You should go to the dentist at  
least twice a year. Children can not  
study while they have a throbbing  
tooth-ache.

The teeth should be cleaned twice a  
day with a soft tooth brush. If you  
cannot get powder, you can use soft  
castile soap.

The teeth should be brushed up and  
down and not crosswise. The straight  
bristled tooth brush cannot get all the  
food particles out of the teeth. You  
should use Prophylactic, which is curv-  
ed and has bristles at the end. Use it  
and you will find that a "clean tooth  
never decays."

—Thornwell Hay,  
Grade 6.

**Was a Creature of Fancy.**

Atlanta, Ga., Nov. 13.—"Dr. Alleyne  
Hensley," announced in formal wed-  
ding invitations and in society columns  
of local newspapers as the fiance of  
Miss Julia Choate Crumley, a music  
teacher, of this city, existed only in  
her imagination. It became definitely  
known today. Not until Miss Crumley  
had come to Chicago, "identified" the  
body of an unknown, killed in a rail-  
road accident and shipped it here as  
that of "Dr. Hensley," did her family  
and friends suspect anything unusual.  
She is being attended by nerve special-  
ists today at the home of her father,  
the Rev. Edward Lee Crumley, well-  
known former Methodist minister.

Controversial statements made by  
Miss Crumley after she arrived with  
the body led close friends of the fam-  
ily to call a physician who had known  
her for years to observe her. It is said  
that she stated to him that Dr. Hens-  
ley was a creature of her mind, and  
that the identity of the body at the  
undertaking establishment here was  
unknown to her.

It is understood that the battleships  
South Carolina, Utah, Michigan, Kan-  
sas, Florida, Virginia, New Jersey and  
Rhode Island will be at Charleston  
during the meeting of the Southern  
Commercial congress in that city, De-  
cember 15th to 17th.

Felix Walker is in jail in Green-  
wood, charged with killing Ben Welker  
by striking him in the neck with a  
rock after a dispute over 5 cents.

A. M. Haddon, cashier of the First  
National Bank of Cornelia, Ga., was  
found dead in his bedroom Wednesday.  
Friends indicated their belief that he  
had shot himself, but assigned no mo-  
tive for such an act. Haddon, who  
was about 30 years old, came here  
several years ago from Rock Hill, S. C.  
It was not known whether an in-  
quest would be held.

**LATEST WAR SUMMARY.**

Chief Interest Centers in What Greece  
Intends Doing.

The Near East still is the center  
of greatest interest in the world war  
with the future status of Greece as  
regards the Entente Powers the chief  
point at issue.

With the object of bringing to a  
head the situation created by the Greek  
Government's seeming indecision in  
matters which may eventually affect  
the Allies, and possibly also with re-  
gard to the entry or non-entry of the  
Hellenic Kingdom into the war on the  
side of Serbia and the Entente Pow-  
ers, conferences are in progress in Ath-  
ens between Denys Cochin, a member  
of the French Cabinet, and the Minis-  
ters of Great Britain and France and  
the Greek officials.

In addition Earl Kitchener, the Brit-  
ish Secretary of War is close at hand  
on one of the Islands in the Aegean  
Sea and it is thought probable he also  
will join in the conversations, which  
are expected to determine finally what  
will be the stand of Greece toward the  
Entente Allies or of the Entente Allies  
toward Greece.

Russia and Italy also are said to  
be watching closely the trend of af-  
fairs in Athens, at which Capital rum-  
ors have been current that the Greek  
Government may request the Allied  
troops to leave Greek territory. Simul-  
taneously comes the report that anti-  
dynamic demonstrations have occurred  
at Petras, a stronghold of ex-Premier  
Venizelos, who held a majority in the  
last Chamber.

On the various fronts the fighting  
has been confined to artillery duels,  
except in Serbia, along the Austro-  
Italian frontier and at the crossing  
of the Stry River in Russia. The  
Austro-Germans and Bulgarians in the  
North have again bent Southward and  
Westward the lines of the Serbians  
and taken from them additional posi-  
tions and captured men and guns, while  
a late dispatch says that the Serbians  
have been compelled to retreat from the  
Babuna Pass, in the South, owing to  
the danger of their position being turned.

The French and Bulgarians have  
been fighting fiercely along the Cerna  
River, and the French commander,  
General Sarrail, is authority for the  
statement that 30,000 Bulgarians were  
repulsed along the whole line with very  
heavy casualties, not one French gun  
being taken.

A report from Berne, Switzerland,  
says that Field Marshal von Hinden-  
burg, who has been engaged for weeks  
past, in an attempt to drive back the  
Russian line in the Dvinsk sector, has  
left the Eastern for the Western front.

Fighting day and night is in pro-  
gress in the Dobro sector of the Aus-  
tro-Italian line. The Italians on Monte  
San Michele several times have enter-  
ed the Austro-Hungarian positions,  
according to Vienna, but have been al-  
most completely ejected from them.

The American Government has re-  
quested from Austria a detailed state-  
ment of the torpedoing of the Italian  
liner Ancona in the Mediterranean last  
week, which resulted in the loss of  
American lives.

**Interest in Live Stock.**

When the 1915 fair is past and gone,  
those who will undertake to recount  
some of its achievements will be com-  
pelled to emphasize the fact that it  
was chiefly notable by reason of the  
wonderful excellence of the livestock  
exhibit. The display of fine cattle has  
seldom been equalled in the history  
of the state and it has never been ex-  
celled. Reference to this feature has  
been made more than once and it is  
the one thing for which the present  
fair is remarkable. Indeed, the sight  
of the fine Herefords, Angus and other  
varieties of stock is enough to com-  
pensate anyone for the toil and trouble  
of a trip to the Charlotte fair. In  
addition to the fine exhibits by Messrs.  
W. B. and J. A. Newell and H. W.  
Davis, all of the county, and of the  
fine Herefords brought here for pub-  
lic sale from Kentucky, there are  
many fine animals from South Caro-  
lina as well. Mr. Louis I. Gulon, pro-  
prietor of the Camden Beef Cattle  
Farms of Lugoff, S. C., has a score  
of the finest Herefords seen here in a  
long time. He has all sizes, grades,  
varieties and all are registered pure  
bred. Mr. S. D. Cross, of Chester, S.  
C., also has a most excellent display  
and one that vies with Mr. Gulon for  
the premier merit of the exhibition.  
Messrs. R. F. Beal & Co., of Lincolnton,  
have some splendid Aberdeen Angus  
cattle which are attracting much  
comment. Messrs. W. F. Watt, H. G.  
Ashcraft and others also have splendid  
exhibits. The sale of the fine Here-  
fords is moving steadily along and it  
is believed that by the time the fair  
is over, there will be thousands of  
dollars worth of fine registered stock  
in the county.—Thursday's Charlotte  
Observer.

Hon. Joshua W. Ashley, of Honea  
Path, member of the legislature from  
Anderson county, and known all over  
the state as "Citizen Josh," is criti-  
cally ill at his home.

John, alias Monk Stevenson, confess-  
ed that he was with the four Chester  
county negroes recently electrocuted  
at the state penitentiary, when they  
killed John Q. Lewis, an aged Ches-  
ter county man, in the court of general  
sessions for Chester this week, and  
was sentenced to spend the balance  
of his life in prison. Stevenson con-  
tended that he had nothing to do with  
the killing and only went with the  
others because he was led to believe  
that they were going off to gamble.

Two children of George Brown, col-  
ored, were burned to death in a fire  
which destroyed his home in Edge-  
field county last Monday night.
